Caughie, 1999 The current academic milieu displays a deep ambivalence about the teaching of Western culture and traditional subject matter This ambivalence the product of a unique historical convergence of theory and diversity opens up new opportunities for what Pamela Caughie calls passing recognizing and accounting for the subject positions involved in representing both the material being taught and oneself as a teacher Caughie's discussion of passing illuminates a recent phenomenon in academic writing and popular culture that revolves around identities and the ways in which they are deployed both in the arts and in lived experience Through a wide variety of texts novels memoirs film drama theory museum exhibits legal cases she demonstrates the dynamics of passing presenting it not as the assumption of a fraudulent identity but as the recognition that the assumption of any identity including for the purposes of teaching is a form of passing Astutely addressing the relevance of passing for pedagogy Caughie presents the possibility of a dynamic ethics responsive to the often polarizing difficulties inherent in today's culture Challenging and thought provoking *Passing and Pedagogy* offers insight and inspiration for teachers and scholars as they seek to be responsible and effective in a complex rapidly changing intellectual and cultural environment

Writing the Voice of Pleasure A. Callahan, 2001-11-09 The Voice of Pleasure makes a persuasive and fascinating argument that the romantic couple of Western representation is not heterosexual Nor is it homosexual With

insightful new readings of landmarks of Western culture from Tristan and Yseult to Seinfeld Callahan demonstrates that the illusion of heterosexuality is created by a male artist's assumption of a feminine voice to express desire Named the troubadour effect for the first time here this tradition of male femininity in romantic writing results in a cultural model of desire best described as heterosexuality without women The most compelling aspect of the book is its attention to the effect of this paradox on women writers Illuminating her argument with striking examples from the troubadour to Toni Morrison the author shows how women writers inscribe their vagabondage a term she coins to name the consequences of the troubadour effect for women's agency as both writers and lovers
