Terror in Chechnya Emma Gilligan,2013-12-01 A riveting history of Russia s crimes in Chechnya Terror in Chechnya is the definitive account of Russian war crimes in Chechnya Emma Gilligan provides a comprehensive history of the second Chechen conflict of 1999 to 2005 revealing one of the most appalling human rights catastrophes of the modern era one that has yet to be fully acknowledged by the international community Drawing upon eyewitness testimony and interviews with refugees and key political and humanitarian figures Gilligan tells for the first time the full story of the Russian military s systematic use of torture disappearances executions and other punitive tactics against the Chechen population In Terror in Chechnya Gilligan challenges Russian claims that civilian casualties in Chechnya were an unavoidable consequence of civil war She argues that racism and nationalism were substantial factors in Russia s second war against the Chechens and the resulting refugee crisis She does not ignore the war crimes committed by Chechen separatists and pro Moscow forces Gilligan traces the radicalization of Chechen fighters and sheds light on the Dubrovka and Beslan hostage crises demonstrating how they undermined the separatist movement and in turn contributed to racial hatred against Chechens in Moscow A haunting testament of modern day crimes against humanity Terror in Chechnya also looks at the international response to the conflict focusing on Europe s humanitarian and human rights efforts inside Chechnya

describes the constraints questions and dilemmas experienced by MSF while speaking out during the two Russian Chechen wars and the following years of normalization Was speaking out the right thing to do with regard to Russia a power with a veto at the UN Security Council and a tradition of propaganda control of the public arena Was it realistic to rely on raising the awareness of other UN member states via their public s opinion In a context of terror when dealing with a regime in denial of the reality of a conflict was it useful and was it up to MSF to call for having this situation qualified as war Should MSF take into account the possibility of a casual link between instances of its public speaking out and the security incidents involving its staff When one of its staff members was taken hostage should MSF speak out in the media to create visibility that affords him her some protection or conversely remain as discrete as possible so as to avoid a rise in his her market value Should MSF publically point out responsibilities negligence or even complicity of the government on which soil the kidnapping had occurred thereby taking active steps to secure the hostage s release or should it refrain from such a discourse so as to avoid the opposite effect Should MSF continue to publically denounce the violence inflicted on people in the region at the risk of radicalising those parties to the conflict responsible for the kidnapping and place the hostage s life in danger
