September 11, 2001 Susan Hawthorne, Bronwyn Winter, 2002 This collection of pieces by Australian and International feminists brings together the voices of women and discusses the connections between war terrorism fundamentalism racism global capitalism and male violence They have deconstructed this story in a powerful indictment of current global politics

The Hidden History of 9/11 Paul Zarembka, 2011-01-04 How much insider trading occurred in the days leading up to 9 11 How compromised is the evidence against alleged hijackers Why were there no military interceptions To what extent does the testimony of more than five hundred firefighters differ from official reports of what happened at the World Trade Center buildings that day How inseparably connected are Western covert operations to al Qaeda How is Islamophobia used to sustain US imperialism What was the 9 11 Commission With contributions from Nafeez Mosaddeq Ahmed Four Arrows David Ray Griffin Jay Kolar David MacGregor Diana Ralph Kevin Ryan and Bryan Sacks this path breaking work examines 9 11 and its background showing how much remains unknown and where further investigation and debate is needed The

Miseducation of the West Joe Kincheloe, Shirley R. Steinberg, 2004-06-30 The Miseducation of the West examines the ways in which educational institutions such as media and schools have shaped Western views of Islam The nature of these messages tells readers as much if not more about Western self images as they do about Islam and Islamic peoples Quickly emerging is a Western perspective on the other Westerners found easy justification for the colonial conquest of many Islamic lands In the 18th 19th and early 20th centuries England France and to a lesser extent Russia colonized much of the Muslim world with the United States entering the picture after World War II Economic colonialization the oil business interference with various governments and the way these events and people are represented in the formal curriculum of schools and the informal curriculum of the media are central dimensions of this work The contemporary expression of these stories involve the Bush administration s and its conservative allies efforts to teach the nation about the true meaning of 9 11 and Islamic terrorism In various reports conservative organizations with close ties to the Bush White House present forceful views of what historical concepts should be taught in U S schools As Joe L Kincheloe states in his thoughtful introduction these efforts represent a return to a 1954 view of America as the bearer of the democratic torch to the anti democratic forces of the world A critical education must counter such tendencies and work to conceptualize 9 11 in a variety of contexts The essayists in this book write with different voices from diverse viewpoints contributing to a discussion that will not end for years to come

alongside updates from the investigative reporters who broke the stories **Blackshirts and Reds** Michael Parenti, 2020-09-09 A bold and entertaining exploration of the epic struggles of yesterday and today Blackshirts Reds explores some of the big issues of our time fascism capitalism communism revolution democracy and ecology These terms are often bandied about but seldom explored in the original and exciting way that has become Michael Parenti's trademark Parenti shows how rational fascism renders service to capitalism how corporate power undermines democracy and how revolutions are a mass empowerment against the forces of exploitative privilege He also maps out the external and internal forces that destroyed communism and the disastrous impact of the free market victory on eastern Europe and the former Soviet Union He affirms the relevance of taboo ideologies like Marxism demonstrating the importance of class analysis in understanding political realities and dealing with the ongoing collision between ecology and global corporatism Written with lucid and compelling style this book goes beyond truncated modes of thought inviting us to entertain iconoclastic views and to ask why things are as they are A penetrating and persuasive writer with an astonishing array of documentation to implement his attacks The Catholic Journalist By portraying the struggle between fascism and Communism in this century as a single conflict and not a series of discrete encounters between the insatiable need for new capital on the one hand and the survival of a system under siege on the other Parenti defines fascism as the weapon of capitalism not simply an extreme form of it Fascism is not an aberration he points out but a rational and integral component of the system Stan Goff author of Full Spectrum Disorder The Military in the New American Century Michael Parenti PhD Yale is an internationally known author and lecturer He is one of the nation's leading progressive political analysts Author of over 275 published articles and twenty books his writings are published in popular periodicals scholarly journals and his op ed pieces have been in leading newspapers such as The New York Times and The Los Angeles Times His informative and entertaining books and talks have reached a wide range of audiences in North America and abroad *Act of Retribution* J.P. Phillips, 2010-03-17 My quest for an answer to the riddle of President Kennedy's assassination first began in April 1967 following a talk given by Warren Commission critic and best selling author Mark Lane at Michigan State University where I was a graduate student My search has lasted well over twenty years Gathering every scrap of information I could find on the assassination I have arrived at what I believe is the most credible thesis to date As a result of meticulous research I am able to identify probable suspects in what I have come to believe was a far reaching conspiracy which involved not only renegade elements from the CIA and organized crime figures but one which extended to the highest echelons of the U S government By pulling together existing knowledge of the assassination while introducing new evidence my book focuses primarily on six main principals persons of interest their motives and their activities in relation to the assassination and the links that connect them 1 LEE HARVEY OSWALD Accused by the Warren Commission In 1964 of being the sole assassin of President Kennedy 2 JACK RUBY Dallas night club owner who two days following the President's assassination shot and killed Oswald 3 CARLOS MARCELLO Reputed

crime boss of the New Orleans Dallas Mafia during the time of the assassination 4 GENERAL CHARLES PEARE CABELL Deputy Director of the CIA from 1953 to 1962 when he was dismissed by President Kennedy along with other high ranking intelligence officials for the failure of the Bay of Pigs invasion 5 EARLE CABELL Younger brother of General Charles P Cabell who was Mayor of Dallas the day President Kennedy was assassinated 6 FRED KORTH Fort Worth businessman and banker who was Secretary of the Navy from 1962 to October 1963 when he was forced by President Kennedy to resign for his involvement in the TFX controversy As to the motives of those individuals involved in the Presidents murder I believe that the assassination was planned and carried out with a dual purpose in mind 1 as an act of vengeance by those ex high government officials who were dismissed by the President either for alleged wrongdoing as in the case of Fred Korth or for incompetence as in General Cabells case 2 to prevent the Presidents domestic and foreign policies particularly in reference to his stand on the Vietnam conflict from being implemented Viewed in this light the assassination of President Kennedy was an act of retribution by a group of mean spirited vengeance seeking individuals who acted in the misguided belief that by assassinating this president they were furthering the national interest Notwithstanding his immense popularity with the American people President Kennedy was perceived by his killers to be a clear and present danger to the country and to its interests at home and abroad for several reasons for his stand on civil rights and racial equality for his attempt to closely regulate the oil and gas industry for his desire to normalize relations with Cuba for his desire to ease tensions between the superpowers through a reduction in armaments for his crackdown on organized crime for his stated intention to withdraw U S forces from Vietnam Removing him from office by political murder therefore excused his killers in their own eyes from any wrongdoing for by killing this President they were convinced that they were acting in the national interest against the seemingly dangerous policies of a chief executive who if allowed to finish his presidency would lead the nation to ruin A wise mind will never censure anyone for having employed any extraordinary means for preserving a kingdom Believing like Machiavelli that they were acting to preserve and maint
