Testament of Vision Henry Zylstra, 1961 A collection of the authors essays from various sources Several chapters from parts one and three and all of part 4 have been omitted from this printing **Jonathan Edwards and the Catholic Vision of Salvation** Anri Morimoto, 1995 Jonathan Edwards 1703 1758 has been acclaimed as the quintessential puritan of eighteenth century America who defined not only what Puritanism was but also what American Christianity would become Anri Morimoto finds that Edwards s theology once regarded as disarrayed precarious and dangerously unorthodox is in fact consistent and integral to his general ontology and natural philosophy By presenting Edwards s vision of salvation as a dynamic process of sharing God s excellence and holiness Morimoto presents a new paradigm that is radically inclusive yet theologically responsible By discussing Edwards in relation to Roman Catholic traditions Morimoto places him in the context of a broader Christian tradition rather than that of New England Puritanism Morimoto argues that this view of salvation was not new to the Protestant tradition in fact this view was present in Luther Calvin and much of the Reformed tradition but Edwards accented it more clearly and emphatically than anyone else Morimoto concludes that one does not have to surrender or compromise one s theology to promote ecumenical harmony This study will be of interest to scholars teachers and students of theology and religion church leaders and lay persons of all denominations evangelical or liberal and especially those interested in Edwards Puritanism and early American intellectual history *Patristic Perspectives on Luke's Transfiguration* Peter Anthony, 2022-03-24 Peter Anthony explores how visionary elements in Luke s Gospel had a particular influence on early interpretation of the Transfiguration by examining the rich hermeneutical traditions that emerged particularly in the Latin West as the Transfiguration was first depicted visually in art Anthony begins by comparing the visual and visionary culture of antiquity with that of the present and their differing interpretations of the Transfiguration He then examines the Transfiguration texts in the synoptic gospels and their interpretation in modern scholarship and the reception of the Transfiguration in 2 Peter the Apocalypse of Peter and the Acts of Peter Tertullian and Origen Proceeding to look at interpretations found in the Greek East and the Latin West Anthony finally discusses the earliest visual depictions of the Transfiguration from the sixth century onward drawn from a wealth of different art forms Anthony concludes that early commentators and artists understanding of how we see and visualise and therefore how the Transfiguration was apprehended is closer to that of the writers of the New Testament than many modern interpreters is **Old Man Dreaming** John L. Williams, 2017-07-25 The most fruitful and most profound understandings of vision and visioning processes are not in organizational theories or management techniques They are instead in the Bible and Christian theology claims the author of this book To explain his case the author analyzes and challenges the views of management experts and consultants regarding vision and visioning processes in secular and church organizations He interprets key biblical stories and texts about vision and explores a theology of vision and place of vision in theology and the church On the basis of his experience and studies the
