Conor Knighton New York Times bestselling author of Leave Only Footprints My Acadia to Zion Journey Through Every National Park Wild Rescues is a fast paced firsthand glimpse into the exciting lives of paramedics who work with the National Park Service a unique brand of park rangers who respond to medical and traumatic emergencies in some of the most isolated and rugged parts of America In 2014 Kevin Grange left his job as a paramedic in Los Angeles to work in a response area with 2.2 million acres Yellowstone National Park Seeking a break from city life and urban EMS he wanted to experience pure nature fulfill his dream of working for the National Park Service and take a crash course in wilderness medicine Grange's epic journey took him to Yellowstone Yosemite and Grand Teton National Parks where among other calls he battled to save the lives of a heart attack victim at Old Faithful a hiker who'd fractured his skull below Yosemite Falls and a snowmobiler who launched into a deep gorge in the shadow of the jagged Tetons Grange was initially overwhelmed and out of his element providing patient care in an extreme environment with limited resources and a two hour drive to the nearest hospital But he came to enjoy the challenges and steep learning curve of wilderness medicine Between calls Grange reflects upon the democratic ideal of the National Park mission the beauty of the land and the many threats facing it With visitation rising budgets shrinking and people loving our parks to death he realized that along with the health of his patients he was also fighting for the life of America's Best Idea **Prophets and Moguls, Rangers and Rogues, Bison and Bears**

Heather Hansen, 2015-10-20 Celebrates the dedicated men and women of our National Park Service NPS who have safeguarded the nation's natural legacy for 100 years 2016 marks the 100th anniversary of the creation of the National Park Service 125 images including many archival photos Anyone who has stood beneath a redwood neck craned to see its top rising far above or who has heard ghostly whispers of residents long past among the burnt red cliff dwellings of Mesa Verde or who has climbed the stairs to gaze out from the Statue of Liberty's crown would agree that our National Park system is a source of pride and wonder But 100 years ago creating a bureau to administer America's vast and diverse parks was a concept requiring great debate and persuasion The story of the National Park Service is the story of people who fought for

the protection of the places that have helped to define our national identity those places we now hold dear from the blue hazy mist that hangs over Great Smokey Mountains National Park to the spouting geysers of Yellowstone to the thick steamy waterways of the Everglades The NPS founders were the architects of our family vacations the inventors of icons with worldwide appeal They battled progress which often masked greed and ignorance and their story continues with those who molded and grew the NPS through a flu pandemic the Great Depression World Wars and beyond Prophets and Moguls Rangers and Rogues Bison and Bears is the engaging and accessible story of the NPS that brings to life its history and characters The result of extensive research dozens of interviews with Park Service employees and the author's own experiences at park units she visited all over the country it's a highly readable history that connects the dots of past to present and will remind readers of the vast array of public assets administered by the NPS resources which offer something for everyone and also need every citizen's support *Annals of Wyoming* ,2013
