Texas 7 A True Story Of Murder And A Daring Escape:

The Texas 7 Gary C. King, 2001-04-16 You haven't heard the last of us yet. These were chilling words on a note left behind by seven armed and dangerous inmates who escaped from the John Connally prison in South Texas on December 13, 2000. Their promise has apparently been fulfilled. The inmates, now known as the Connally Seven, are suspected of having first robbed a Radio Shack in Houston and then, days later on Christmas Eve, of having fatally shot and run over a young police officer during an assault on a Dallas sporting goods store. For six frantic weeks, a massive manhunt with a significant reward had only turned up dead ends until a tip came in from someone who had seen the gang on Fox TV's America's Most Wanted. Authorities arrested four of the seven prisoners, including suspected ringleader George Rivas in Woodland Park, Colorado, and a fifth inmate shot himself during police negotiations. Immediately intensifying the search for the last two heavily armed and dangerous prisoners, police and the FBI closed in on them at a Holiday Inn in Colorado Springs just two days following the previous arrest. After five hours and a telephone interview with a TV news station in which they expressed their feeling that the breakout was a statement against Texas's judicial system, the two inmates surrendered themselves, putting an end to a long and frightening episode. **The Texas 7** goes behind the scenes to give you a detailed, fascinating account of the events leading up to and after their brazen prison escape and the exciting chase that ultimately led to their capture. **Killing**

Justice in the Lone Star State Michael O'Brien, 2021-06-15 Killing Justice in the Lone Star State is a reality check on active Death Row cases and some post-execution ones. The book offers a fresh perspective for campaigners and reformers which ranges across theory, policy and practice. It also explains the much-criticised Texas law of parties. A must-read, an excellent new book by Mike O'Brien. A powerful critique, a critical comparative analysis of USA/UK human rights standards. Packed with cases. A compelling case for abolition. Dr Michael Naughton, Bristol University. Empowering the Innocent Project. Many organizations are engaged in a race to prevent the execution of death-sentenced prisoners in Texas and elsewhere in the USA. Some men and women on Death Row claim to be completely innocent, as described in this book. Michael O'Brien, who was himself wrongly convicted of murder, dissects cases with the eye of someone who has spent years watching how miscarriages of justice happen and why. He explains how practitioners and others are in denial and tunnel vision helps to sustain politicians' livelihoods and profits that depend on a conveyor belt from the courts to the execution chamber. He describes a killing process aided by bias, discrimination, prejudice, unfair trials, supposed expert evidence and closed minds. This is just one hallmark of a country obsessed with guns, violence and the ultimate penalty. Texas is the most punitive place within one of the harshest penal systems in the world. But no legal system should take away human lives, especially one tarnished by defects of the kind the author sets out in this book. **Extract:** Can you just imagine being an individual who is innocent but facing execution, whether in Texas or elsewhere? Or you were on Death Row but you did not take part in any killings, just got caught up in the hysteria. Can you picture the pressure and abject loneliness of serving 15 years or more and then the State setting a
