Corporation, 2010-08-20 Trusted test prep for aspiring Texas based teachers *The Ideology of Competition in School Music*

Sean Robert Powell, 2023 *The Ideology of Competition in School Music* explores competition as a structuring force in school music and provides critiques of that system from multiple philosophical and theoretical perspectives Competition is seen by many music teachers students and supporters as natural and inevitable a taken for granted aspect of music education or an irresistible force rather than a choice This book uncovers this ideological nature of competition and examines its effect on student learning teacher agency and equity within music education It considers ways in which music educators might reconsider the role of competition in their teaching practice and offers alternative frameworks for organizing school music In this book author Sean Robert Powell views competition as a microcosm of the wider neoliberal capitalist society in which subjects are interpellated in an antagonistic competitive field as market logic dictates a system of accountability reduction and audit culture Music teachers students and education administrators consciously and unconsciously reinforce replicate and sustain the competitive structure even if they do so while expressing a cynical disavowal Powell considers competition broadly including for example formal competitions between schools in which ensembles are given numerical scores and ranked festivals in which groups are given ratings based on pre given criteria state regional and national honor ensembles hierarchical arrangements within school music programs or simply the pursuit of social prestige reputation and ever higher performance standards Although the book provides examples from the competitive landscape of school music in the United States and especially Texas considered a hyper example of competitive culture Powell's analyses and discussions are relevant to readers in any context around the world Although the degree to which competitive achievement as an explicitly stated aim of instruction varies from program to program and location to location the realism of neoliberal capitalism and its effect on all aspects of education is a global phenomenon *On Teaching Band: Notes from Eddie Green* Mary Ellen

Cavitt, 2012-07-01 Instructional There is only one Eddie Green and without question his name is permanently etched in band history *On Teaching Band* includes An extensive insightful interview with Eddie Green on his early career and development of his teaching methods Comprehensive step by step techniques for all aspects of beginning wind instruction Guidelines for organizing a band program Tips on resumes interviews and securing a position Practical advice on relationships with administrators parents and colleagues **Southwestern Musician, Texas Music Educator**, 1962 Music, Technology,

Innovation Carol Johnson, Andrew King, 2024-12-03 *Music Technology Innovation Industry and Educational Perspectives* draws upon cutting edge practice in the use of technology from both a pedagogical and industry perspective Situated within

the latest research this edited volume explores technological innovation from a musical perspective examines current trends within the industry and carefully considers them from an educational perspective Noted throughout history music education is responsive to industry innovations However emerging technologies often begin with over hyped promises before they move through various phases of development and are then repurposed for learning and teaching Educators can adopt an innovation and develop a framework that is pedagogically sound and learner centred Based on these ideas the authors together highlight industry innovations that have potential outcomes for engaging students in music learning within research informed practices build upon these ideas and identify proactive mechanisms for teaching music education and work towards developing a framework for understanding these phenomena The chapters address key topics including the ethics of technology AI and music online performance and teaching gamification big data teaching audio production acoustic ecology and more The examination of areas in contemporary innovation can further support the potential to empower teachers and students to understand the opportunities for teaching sustainability and growth in music education *Musicians' Magazine* ,1927 **Musical Observer** ,1919
