Person, Jr.,Elsie R. Stern**

Text And Tradition The Hebrew Bible And Folklore:

Text and Tradition Susan Niditch, 1990-01-01 The Dictionary of the Bible and Ancient Media Tom Thatcher, Chris Keith, Raymond F. Person, Jr., Elsie R. Stern, 2017-10-19 The Dictionary of the Bible and Ancient Media is a convenient and authoritative reference tool introducing specific terms and concepts helpful to the study of the Bible and related literature in ancient communications culture Since the early 1980s biblical scholars have begun to explore the potentials of interdisciplinary theories of oral tradition oral performance personal and collective memory ancient literacy and scribality visual culture and ritual Over time these theories have been combined with considerations of critical and exegetical problems in the study of the Bible the history of Israel Christian origins and rabbinics The Dictionary of the Bible and Ancient Media responds to the rapid growth of the field by providing a source of reference that offers clear definitions and in depth discussions of relevant terms and concepts and the relationships between them The volume begins with an overview of ancient media studies and a brief history of research to orient the reader to the field and the broader research context of the book with individual entries on terms and topics commonly encountered in studies of the Bible in ancient media culture Each entry defines the term concept under consideration then offers more sustained discussion of the topic paying particular attention to its relevance for the study of the Bible and related literature

Exegeting Orality Nick Acker, 2024-09-05 For too long critical biblical studies have applied modern textual assumptions to ancient oral cultures Exegeting Orality challenges many of these modern approaches distilling decades of studies in oral traditions to redirect pastors and scholars toward a more accurate narrative of biblical origins identity and meaning Many works in the area of orality textuality performance criticism and media studies focus on critical issues Exegeting Orality guides pastors and scholars through a brief introduction to these fields emphasizing biblical inspiration interpretation and proclamation This work honors the rich oral traditional foundations of the inspired canon urging a transformative shift in how we interpret the Bible The stories we believe define us The Bible is not just a text to be studied but a record of voices from the past who performed our definitive stories The Bible is a tradition to be reproclaimed and reenacted in the community of faith Let us not recast these ancient voices into modern epistemological molds without letting them speak from within their own cultural realities Their voices still call out to us through the abiding Holy Spirit who connects us all to the story of Jesus May we live out that ancient story today together

Closure in Biblical Narrative Susan Zeelander, 2011-12-23 There has been much discussion of narrative aspects of the Bible in recent years but the ends of biblical narratives how the ends contribute to closure for their stories and how the ending strategies affect the whole narrative have not been studied comprehensively This study shows how the writers and editors of short narratives in Genesis gave their stories a sense of closure or in a few cases the sense of non closure Multiple and sometimes unexpected forms of closure are identified together these form a set of closural conventions This contribution to narrative poetics of the Hebrew Bible in the light of source criticism will also be valuable to those who

are interested in narrative and in concepts of closure *A Handbook of Biblical Reception in Jewish, European Christian, and Islamic Folklores* Eric Ziolkowski, 2017-08-21 This first volume of a two volume Handbook treats a challenging largely neglected subject at the crossroads of several academic fields biblical studies reception history of the Bible and folklore studies or folkloristics The Handbook examines the reception of the Bible in verbal folklores of different cultures around the globe This first volume complete with a general Introduction focuses on biblically derived characters tales motifs and other elements in Jewish Mizrahi Sephardi Ashkenazi Romance French Romanian German Nordic Scandinavian British Irish Slavic East West South and Islamic folkloric traditions The volume contributes to the understanding of the Hebrew Bible Old Testament the New Testament and various pseudepigraphic and apocryphal scriptures and to their interpretation and elaboration by folk commentators of different faiths The book also illuminates the development artistry and migration of folktales opens new areas for investigation in the reception history of the Bible and offers insights into the popular dimensions of Jewish Christian and Muslim communities around the globe especially regarding how the holy scriptures have informed those communities popular imaginations Handbook on the Pentateuch Victor P. Hamilton, 2005-09 In this introduction to the first five books of the Old Testament Victor Hamilton moves chapter by chapter rather than verse by verse through the Pentateuch examining the content structure and theology Each chapter deals with a major thematic unit of the Pentateuch and Hamilton provides useful commentary on overarching themes and connections between Old Testament texts This second edition has been substantially revised and updated The first edition sold over sixty thousand copies *Oral Tradition in Ancient Israel* Robert D. Miller, 2011-09-08 Providing a comprehensive study of oral tradition in Israel this volume unpacks the nature of oral tradition the form it would have taken in ancient Israel and the remains of it in the narrative books of the Hebrew Bible The author presents cases of oral written interaction that provide the best ethnographic analogies for ancient Israel and insights from these suggest a model of transmission in oral written societies valid for ancient Israel Miller reconstructs what ancient Israelite oral literature would have been and considers criteria for identifying orally derived material in the narrative books of the Old Testament marking several passages as highly probable oral derivations Using ethnographic data and ancient Near Eastern examples he proposes performance settings for this material The epilogue treats the contentious topic of historicity and shows that orally derived texts are not more historically reliable than other texts in the Bible The End of the Beginning Johanna W. H. van Wijk-Bos, 2019-11-19 The End of the Beginning presents a chapter by chapter interpretation of Joshua and Judges based on the author's translation Johanna van Wijk Bos accompanies the reader through the story of Israel from the entry into Canaan up to the time of Samuel van Wijk Bos weaves together the memories of ancient Israel's past into a story that speaks to the traumatic context of postexilic Judah The books of Joshua and Judges were written for education edification and entertainment Some of the stories may exhilarate us some may appall all will speak to the imagination if we let them They show a people forging a path forward into an uncertain future in the hope

that God will forgive past failures and begin again with them Christians enter the stories of Israel's past as outsiders while at the same time claiming a bond with the same God We expect more from the text than lessons of the past intended for a different people These are not our stories but we too hope for insight and for a guiding word in our own uncertain future This is the first volume of *A People and a Land* a multi volume work on the historical books of Joshua Judges Samuel and Kings

The Wiley Blackwell Companion to Ancient Israel Susan Niditch, 2016-01-26 The Companion to Ancient Israel offers an innovative overview of ancient Israelite culture and history richly informed by a variety of approaches and fields Distinguished scholars provide original contributions that explore the tradition in all its complexity multiplicity and diversity A methodologically sophisticated overview of ancient Israelite culture that provides insights into political and social history culture and methodology Explores what we can say about the cultures and history of the people of Israel and Judah but also investigates how we know what we know Presents fresh insights richly informed by a variety of approaches and fields Delves into religion as lived an approach that asks about the everyday lives of ordinary people and the material cultures that they construct and experience Each essay is an original contribution to the subject *Judges (2008)* Susan Niditch, 2011-03-01 Susan Niditch's commentary on the book of Judges pays careful attention to the literary and narrative techniques of the text and yields fresh readings of the book's difficult passages stories of violence ethnic conflict and gender issues Niditch aptly and richly conveys the theological impact and enduring significance of these stories The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing

The Enigmatic Realm of **Text And Tradition The Hebrew Bible And Folklore**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Text And Tradition The Hebrew Bible And Folklore** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those that partake in its reading experience.
