New Testament Manuscripts Thomas J Kraus, Tobias Nicklas, 2006-05-01 New Testament Manuscripts Their Texts and Their World comprises twelve essays dealing with manuscripts of the New Testament and or what we can learn from them today Starting from different angles the contributors distinguished scholars of international reputation focus on the fascinating and thrilling stories manuscripts tell for instance about the times they were produced in or the people who handled them The multitude of manuscripts used for establishing the critical text of the New Testament is often only perceived as abbreviations in form of single letters or numerals and today s biblical scholars may hardly ever take notice of the specific features of an original manuscript above all those not mentioned in a critical edition Therefore three sets of contributions deals with the conditions under which manuscripts from the early days of Christianity were produced and transmitted specific individual manuscripts and then special features observed in and with the help of various manuscripts In a final essay the usual method of how to organize and categorize New Testament manuscripts is challenged and an alternative method proposed The essays are linked with each other so that readers may get a feeling of how astounding an occupation with the original manuscripts of the New Testament and the days of the early Christians can be

Roman Domestic Art and Early House Churches David L. Balch, 2008 Pompeii Herculaneum and Rome have yielded hundreds of wall paintings from domestic buildings Greek myths and tragedies especial by Euripides were visually represented Balch presents an interdisciplinary study inquiring what earliest Jews and Christian in such houses might have been seeing as they read and interpreted scripture and performed core rituals especially the Eucharist This recent study of Roman domestic architecture suggests new perspectives on the social history of early Christianity Publisher *The Fourfold Gospel, Volume 1* John DelHousaye, 2020-08-07 In the spirit of Ludolph of Saxony c 1295 1378 and Ignatius of Loyola 1491 1556 The Fourfold Gospel invites the reader into the mystery of God s redemption in Jesus Christ All the parallel passages in the Gospels are glossed together along with the unique material using a medieval interpretive approach called the Quadriga or the acronym PaRDeS in Hebrew Meditating on the literal canonical moral and theological senses of Scripture offers a scaffolding for the spiritual formation of the reader This volume in addition to a thorough introduction to the method and the Gospels focuses on the beginning of the story the birth baptism and temptations of Christ

Revisiting the Corruption of the New Testament Daniel B. Wallace, How much did the theological arguments of the church affect the copying of the New Testament text Focusing on issues of textual criticism this inaugural volume of the Text and Canon of the New Testament series offers some answers to that question and responds to some of Bart Ehrman s views about the transmission of the New Testament text Revisiting the Corruption of the New Testament will be a valuable resource for those working in textual criticism patristics and New Testament apocryphal literature

Ad fontes Thomas J Kraus, 2007-09-30 This selection of essays with autobiographical introduction aims to demonstrate the value of working with the original manuscripts in detail in

order to gain a more profound understanding of the many facets of Early Christianity in particular the texts and background of the New Testament This book should persuade other scholars to once again take a look at the original manuscripts whether it be a textual witness to the New Testament some apocryphal text a reference to early Christian life or even a specific socio historical feature of the life of the common people in the days of early Christianity The specific selection of essays has been chosen with this purpose in mind presenting editions of papyri and first hand information and showing how to base even complex constructs of ideas on a studious treatment of manuscripts The essays demonstrate the value of studying manuscripts for lexicography painting a picture of a socio historical background and showing how to assess and evaluate data methodologically
