Text Transactions Of The Society For Textual Scholarship:

Text D. C. Greetham, W. Speed Hill, Peter Shillingsburg, 1996-04 The distinguished annual in interdisciplinary textual studies *Text* D. C. Greetham, W. Speed Hill, 1988-01-01 *Richard Hooker and the English Reformation* W.J. Kirby, 2013-03-14 P G STANWOOD HOOKER it might almost be said is the name of a book rather than H the name of a man wrote Christopher Morris in his introduction to the Everyman's Library edition of the first five books of the Lawes of Ecclesiasticall Politie Now almost 100 years later we know much more both about the book and the man Of Hooker himself C J Sisson's 1 Judicious Marriage of Mr Hooker 1940 opened up and clarified many details of the life His biographical research has been expanded in a number of ways especially through the careful scrutiny and reassembling of Izaak Walton's early official Life 1666 by David Novarr in The Making of Walton's Lives 1958 and most recently by Jessica Martin in her fascinating study of Walton's Lives Conformist Commemorations and the Rise of Biography 2001 Georges Edelen left his biography of Hooker unfinished at the time of his death but much of his deep learning and scholarship is displayed in his detailed chronology of Hooker's life prefixed to the commentary volumes of the Folger Library Edition of the Works of Richard Hooker and also in his editorial work on the Preface and Books I N of the Lawes in that edition In addition Philip Secor has recently published Richard Hooker Prophet of Anglicanism 1999 a lively and engaging portrait aimed at a general audience *The Anglo-Scottish Ballad and its Imaginary Contexts* David Atkinson, 2014-03-12 This is the first book to combine contemporary debates in ballad studies with the insights of modern textual scholarship Just like canonical literature and music the ballad should not be seen as a uniquely authentic item inextricably tied to a documented source but rather as an unstable structure subject to the vagaries of production reception and editing Among the matters addressed are topics central to the subject including ballad origins oral and printed transmission sound and writing agency and editing and textual and melodic indeterminacy and instability While drawing on the time honoured materials of ballad studies the book offers a theoretical framework for the discipline to complement the largely ethnographic approach that has dominated in recent decades Primarily directed at the community of ballad and folk song scholars the book will be of interest to researchers in several adjacent fields including folklore oral literature ethnomusicology and textual scholarship **Elements of Bibliography** Robert Bartlett Harmon, 1998 Contains information on the compilation of enumerative and analytical bibliographies the use of electronic help to search out bibliographic material career opportunities in the fields related to bibliographic study the future of bibliography and the history of the creation of bibliographies This new edition has been revised to take into account the impact of computer technology and new media practices Annotation copyrighted by Book News Inc Portland OR *Style and Performance for Bowed String Instruments in French Baroque Music* Mary Cyr, 2016-04-01 Mary Cyr addresses the needs of researchers performers and informed listeners who wish to apply knowledge about historically informed performance to specific pieces Special emphasis is placed upon the period 1680 to

1760 when the viol violin and violoncello grew to prominence as solo instruments in France Part I deals with the historical background to the debate between the French and Italian styles and the features that defined French style Part II summarizes the present state of research on bowed string instruments violin viola cello contrebasse pardessus de viole and viol in France including such topics as the size and distribution of parts in ensembles and the role of the contrebasse Part III addresses issues and conventions of interpretation such as articulation tempo and character inequality ornamentation the basse continue pitch temperament and special effects such as tremolo and harmonics Part IV introduces four composer profiles that examine performance issues in the music of Elisabeth Jacquet de La Guerre Marin Marais Jean Baptiste Barri re and the Forquerays father and son The diversity of compositional styles among this group of composers and the virtuosity they incorporated in their music generate a broad field for discussing issues of performance practice and offer opportunities to explore controversial themes within the context of specific pieces *The Critical Editing of Music* James Grier, 1996-08-15 The book follows the activities inherent in music editing including the tasks of the editor the nature of musical sources and transcription Grier also discusses the difficult decisions faced by the editor such as sources not associated with the composer and necessary editorial judgement **A Handbook of Editing Early Modern Texts** Claire Loffman, Harriet Phillips, 2017-07-20 A Handbook of Editing Early Modern Texts provides a series of answers written by more than forty editors of diverse texts addressing the how to s of completing an excellent scholarly edition The Handbook is primarily a practical guide rather than a theoretical forum it airs common problems and offers a number of solutions to help a range of interested readers from the lone editor of an unedited document through to the established academic planning a team enterprise multi volume re editing of a canonical author Explicitly this Handbook does not aim to produce a linear treatise telling its readers how they should edit Instead it provides them with a thematically ordered collection of insights drawn from the practical experiences of a symposium of editors Many implicit areas of consensus on good practice in editing are recorded here but there are also areas of legitimate disagreement to be charted The Handbook draws together a diverse range of first person narratives detailing the approaches taken by different editors with their accompanying rationales and evaluations of the benefits and problems of their chosen methods The collection s aim is to help readers to read modern editions more sensitively and to make better informed decisions in their own editorial projects **The Production of English Renaissance Culture** David Lee Miller, Sharon O'Dair, Harold Weber, 2019-05-15 What is the relationship between the cultural artifacts of Renaissance England and the processes of production exchange and accumulation through which they were brought into being Pursuing this question a group of distinguished scholars from both sides of the Atlantic exemplifies a number of different approaches to the writing of cultural history The Iconic Page in Manuscript, Print, and Digital Culture George Bornstein, Theresa Lynn Tinkle, 1998 Crystallizes advanced research on the meanings that are created by a work s physical construction
