Sinister, Strange, and Supernatural Helen Hoke,1981-01-01 **The Encyclopedia of Fantasy** John Clute,John Grant,1999-03-15 Like its companion volume *The Encyclopedia of Science Fiction* this massive reference of 4 000 entries covers all aspects of fantasy from literature to art **Ghost Stories of Henry James** Henry James,2001 Contains *The Romance of Certain Old Clothes* *The Ghostly Rental* *Sir Edmund Orme* *The Private Life* *Owen Wingrave* *The Friends of the Friends* *The Turn of the Screw* *The Real Right Thing* *The Third Person* *The Jolly Corner* [Children's Book Review Index 1981 Cumulative](#) Gary C. Tarbert,1983-05 [Cinema's Sinister Psychiatrists](#) Sharon Packer, M.D.,2012-09-19 Film history is merged with psychiatric history seamlessly to show how and why bad depictions of mind doctors especially hypnotists occur in early film long before Hannibal Lecter burst upon the scene *The German Expressionist Dr Caligari* is not cinema's first psychotic charlatan but he launches the stereotype of screen psychiatrists who are sicker than their patients Many film psychiatrists function as political metaphors while many more reflect real life clinical controversies This book discusses films with diabolical drugging unethical experimentation involuntary incarceration sexual exploitation lobotomies shock schlock conspiracy theories and military medicine to show how fact informs fantasy and when fantasy trumps reality Traditional asylum thrillers changed after hospital stays shortened and laws protected people against involuntary commitment Except for six short golden years from 1957 to 1963 portrayals of bad psychiatrists far outnumber good ones and this book tells how and why that was *Ray Bradbury* Jonathan R. Eller,William F. Touponce,2004 This is a textual bibliographical and cultural study of 60 years of Bradbury's fiction The authors draw upon correspondence with his publishers agents and friends as well as archival manuscripts to examine the story of Bradbury's authorship over more than half a century [Bloody Counterattack To Be King](#) Qian ShouWanZhang,2020-07-15 College entrance examination is a barrier that our generation can't cross However Wang Tiange who had a chance to hit broke through the shackles of the secular world For the brothers the heart and soul meet each other for the women the crown and the anger are the beauties for the power with a flick of the fingers the masts and sculls are destroyed ten thousand people are ups and downs *Concerning Evil* ,2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 The chapters within this volume expose a need to discuss and challenge both the practise of evil and the judgement of acts and persons as being evil The reader will find a diverse and intriguing selection of representative texts and themes including discussions of the monstrous the consideration of evil objects a reading of the wicked language of lying and bullshitting and investigations of madness A range of literature from medieval to contemporary texts including poetry novels television and cinema are considered and analysed through cultural and historical contexts in the hopes to extend the discussion that intrigues many of us what is evil **Superpower** M. Keith Booker,2010-05-01 Supernatural and superhuman elements have been prominent in American culture from the time of the New England Puritans intense emphasis on religion *Superpower* surveys the appearance of supernatural and superhuman

elements in American culture focusing on the American fascination with narratives involving supernatural adventure superhuman heroes and vast conspiracies driven by supernatural evil In particular M Keith Booker suggests that the popularity of such themes indicates a deep seated dissatisfaction with the rationalized world of contemporary American society Booker details the development of the national myths underlying the characters of Superman Batman and Spiderman television hits from Star Trek to Lost and the franchises of Pirates of the Caribbean and The Lord of the Rings This culture spanning investigation begins with a historical survey of supernatural and superhuman themes in American culture and concludes with the recent upsurge that began in the 1990s It then turns to various works of recent popular culture with supernatural and superhuman themes such as Twin Peaks The X Files and Buffy the Vampire Slayer organized according to the desires to which these works respond What do these fantasies reveal about what it means to be American today and what we want it to mean

The Scary Screen Kristen Lacefield, 2016-02-17 In 1991 the publication of Koji Suzuki's Ring the first novel of a bestselling trilogy inaugurated a tremendous outpouring of cultural production in Japan Korea and the United States Just as the subject of the book is the deadly viral reproduction of a VHS tape so too is the vast proliferation of text and cinematic productions suggestive of an airborne contagion with a life of its own Analyzing the extraordinary trans cultural popularity of the Ring phenomenon The Scary Screen locates much of its power in the ways in which the books and films astutely graft contemporary cultural preoccupations onto the generic elements of the ghost story in particular the Japanese ghost story At the same time the contributors demonstrate these cultural concerns are themselves underwritten by a range of anxieties triggered by the advent of new communications and media technologies perhaps most significantly the shift from analog to digital Mimicking the phenomenon it seeks to understand the collection's power comes from its commitment to the full range

of Ring related output and its embrace of a wide variety of interpretive approaches as the contributors chart the mutations of the Ring narrative from author to author from medium to medium and from Japan to Korea to the United States

Overcoat And Other Tales Of Good And Evil Николай Васильевич Гоголь, 1965 Six short stories probe the mind of man to reveal his hidden motives **Fantasy Newsletter**, 1981 **The Haunted Manor: Unveiling Darkness** Rick Anthony, In the quaint village of Blackwood where ancient myths intertwine with reality a malevolent force lurks in the shadows waiting for an opportunity to unleash its darkness upon the world But amid the eerie tales and haunting legends a group of unlikely heroes emerges bound together by friendship and courage Meet Emily a young woman with a heart as fierce as her determination who dreams of protecting her village from the malevolence that has plagued it for generations By her side are Laura the gifted storyteller who weaves tales that both enchant and warn Mark the skilled craftsman whose creations hold a power beyond their beauty Alex the logical thinker whose mind is always vigilant and Sam the innocent believer whose faith can ignite a spark of hope in the darkest of times Together they face the malevolent force that seeks to divide and conquer threatening to tear apart the very fabric of their peaceful existence Their nightmarish tale will take them on a journey through darkness and despair testing the limits of their unity and the depths of their compassion As the echoes of the past reverberate through their lives their bonds will be put to the ultimate test For in this tale of horror they will discover that the true power lies not in magical artifacts or ancient rituals but in the strength of their hearts and the unyielding light of their enduring friendship Join them on this thrilling journey of love sacrifice and redemption as they confront the malevolent force within and without knowing that the dawn of a new day will always follow the darkest of nights In the end their nightmarish tale will become a testament to the unshakable power of unity and the enduring light that shines in the face of malevolence

Ethnography in Social Science Practice Julie Scott-Jones, Sal Watt, 2010-04-19 Ethnography in Social Science Practice takes a unique approach that explores ethnography both theoretically and practically This accessible text provides excellent guidance on how to do ethnography for both undergraduate and postgraduate students that ground ethnographic research in specific field contexts **Re-examining Arthur Conan Doyle** Nils Clausson, 2021-08-25 This collection re-examines the

works and life of Arthur Conan Doyle from multiple disciplinary perspectives It proposes new ways of studying Conan Doyle and considers overlooked or neglected aspects of his oeuvre offering fresh perspectives on the multiple genres of his fiction and his relationship to contemporary writers and movements **Children's Book Review Index**, 1985 **Margaret Oliphant's Curative Gothic Literature** Katerina García-Walsh, 2025-11-06 Prolific Scottish novelist Margaret Oliphant 1828 1897 remembered chiefly for her realist fiction and biting literary criticism of contemporary authors also wrote nineteen supernatural tales This monograph offers a comprehensive exploration of Oliphant's Gothic literature in the light of her religious beliefs cultural context and experiences of death and mourning as she survived her husband and all six of her children Oliphant's stories set in the afterlife depict the dead as inhabiting a new existence characterised by spiritual growth

while her tales set on earth attempt contact between the mortal and immortal planes Garcia Walsh illustrates Oliphant's unique theological conception of afterliving which ultimately seeks to eradicate the divide between the living and their deceased loved ones reimagining death as a liminal passage towards God and divine self development This book thus suggests a new direction for Gothic studies by showing how Oliphant's supernatural fiction provided a means of curative writing transforming the traumatic reality of death into a source of hope The volume is suited for students researchers and academics in the disciplines of literature and history particularly the fields of nineteenth century studies Victorian studies and Gothic studies with an interest in women's writing theology and mental health trauma studies
