Sir Jadunath Sarkar A Profile In Histori:

Sir Jadunath Sarkar Kiran Pawar,1985 *The Calling of History* Dipesh Chakrabarty,2015-07-15 A leading scholar in early twentieth century India Sir Jadunath Sarkar 1870 1958 was knighted in 1929 and became the first Indian historian to gain honorary membership in the American Historical Association By the end of his lifetime however he had been marginalized by the Indian history establishment as postcolonial historians embraced alternative approaches in the name of democracy and anti colonialism The Calling of History examines Sarkar s career and poignant obsolescence as a way into larger questions about the discipline of history and its public life Through close readings of more than twelve hundred letters to and from Sarkar along with other archival documents Dipesh Chakrabarty demonstrates that historians in colonial India formulated the basic concepts and practices of the field via vigorous and at times bitter and hurtful debates in the public sphere He furthermore shows that because of its non technical nature the discipline as a whole remains susceptible to pressure from both the public and the academy even today Methodological debates and the changing reputations of scholars like Sarkar he argues must therefore be understood within the specific contexts in which particular histories are written Insightful and with far reaching implications for all historians The Calling of History offers a valuable look at the double life of history and how tensions between its public and private sides played out in a major scholar s career **Sir Jadunath Sarkar, the Historian at Work** Suresh Kumar Srivastava,1989 This Study Seeks To Highlight The Social Political And Ideological Force That Operated During The Historian Jdunath Sarkar S Life Time And The Impact They Had On Him Without Dustjacket *Profile of a Forgotten Capital* Sushil Chaudhury,2025-10-27 The role of Murshidabad the capital of Bengal in the eighteenth century in the political social and economic life of the province is now almost lost to public memory But the history of Murshidabad during the period is indeed a saga of romantic as well as tragic events which is unique It s a pity that most works on Murshidabad though commendable were written a long time back No doubt quite a few excellent books and articles on the subject were published in the last several decades but unfortunately they deal with only certain aspects and were not comprehensive histories of Murshidabad So it was imperative to write a book covering all the aspects of the former capital Here the author has tried to narrate an authentic history of Murshidabad with the help of evidence both qualitative and quantitative collected from various archives and libraries in Europe and India for more than four decades He establishes in the book that it was the time of the Nawabi regime in the first half of the eighteenth century when Bengal witnessed its golden age He also explains critically and elaborately the activities of the three merchant princes and gives a new interpretation of the reasons behind the Plassey conspiracy and the subsequent revolution The volume comes up with interesting facts about the Begums of Murshidabad and finally makes a critical analysis of Murshidabad s trade industry and economy on the one hand and the society culture and architecture on the other all of which makes it a significant contribution on the subject **A New History of the Humanities** Rens Bod,2013 Offers the first overarching history of the
