Challenges for Work and Family in the Twenty-First Century Dana Vannoy, Paula Dubeck, Stimulated by unprecedented and complex changes in the nation's social landscape the fourteen original papers in the present volume attempt to recast our approach to existing institutional arrangements between family and economy The authors set the stage for redefinitions that give meaning and place to individuals thus serving broader social goals *Downsizing* Cary L. Cooper, Alankrita Pandey, James Campbell

Quick, 2012-04-19 Downsizing is one of the most frequently used business strategies for reducing costs returning firms to profit or for restructuring businesses following takeovers mergers and acquisitions Downsizing measures are also set to become much more prevalent in the public sector as governments seek to restrict levels of public spending This book is one of the first to provide a thorough study of downsizing from a global perspective It examines the phenomenon in its entirety exploring how it is initiated and what the process of downsizing looks like It also looks at the effects of downsizing at a number of different levels from the individual e.g. motivational effects effects on health and stress levels to the organizational e.g. financial outcomes reputational and productivity outcomes Written by an international team of experts the book provides a comprehensive overview of downsizing that examines both the strategic and human implications of this process

Buoyancy on the Bayou Jill Ann. Harrison, 2012-12-15 Over the past several decades shrimp has transformed from a luxury food to a kitchen staple While shrimp loving consumers have benefited from the lower cost of shrimp domestic shrimp

fishers have suffered particularly in Louisiana Most of the shrimp that we eat today is imported from shrimp farms in China Vietnam and Thailand The flood of imported shrimp has sent dockside prices plummeting and rising fuel costs have destroyed the profit margin for shrimp fishing as a domestic industry In Buoyancy on the Bayou Jill Ann Harrison portrays the struggles that Louisiana shrimp fishers endure to remain afloat in an industry beset by globalization Her in depth interviews with more than fifty individuals working in or associated with shrimp fishing in a small town in Louisiana offer a portrait of shrimp fishers lives just before the BP oil spill in 2010 which helps us better understand what has happened since the Deepwater Horizon disaster Harrison shows that shrimp fishers go through a careful calculation of noneconomic costs and benefits as they grapple to figure out what their next move will be Many willingly forgo opportunities in other industries to fulfill what they perceive as their cultural calling Others reluctantly leave fishing behind for more lucrative work but they mourn the loss of a livelihood upon which community and family structures are built In this gripping account of the struggle to survive amid the waves of globalization Harrison focuses her analysis at the intersection of livelihood family and community and casts a bright light upon the cultural importance of the work that we do The High Cost of Low Morale...and what to do about it

Carol A. Hacker,2021-10-19 While the morale of an organization is an intangible element composed of feelings and attitudes of individuals and groups the effects of morale include tangible and extremely important factors such as profits efficiency quality and productivity Low morale and its costliest indicator high turnover can be a tremendous drain on a company s finances Managers often view morale as mysterious and unpredictable when in fact it is a measurable controllable expense The High Cost of Low Morale explores the underlying causes of low morale and offers you field proven practical methods for increasing morale and reducing turnover in your organization *MONTHLY LABOR REVIEW JULY 1996* ,1996

Economic Justice and Natural Law Gary Chartier,2009-08-06 Gary Chartier elaborates a particular version of economic justice rooted in the natural law tradition explaining how it is relevant to economic issues and developing natural law accounts of property work and economic security He examines a range of case studies related to ownership production distribution and consumption using natural law theory as a basis for staking positions on a number of contested issues related to economic life and highlighting the potentially progressive and emancipatory dimension of natural law theory
