Small Firm Competitiveness And Performance Business And Economics Research Series:

Small Firm Competitiveness and Performance P. N. O'Farrell, D. M. W. N. Hitchens, 1989-01-01 Global Competition and Local Networks Rod B. McNaughton, 2018-02-06 This title was first published in 2002 The interest in becoming globally competitive through network strategies particularly networks between small and medium sized firms in local business communities is high among academic researchers economic development agencies and growth orientated firms Important contributions to our understanding of the strategic use of networks are coming from a number of disciplinary and theoretical perspectives This volume provides a unique opportunity to both synthesize this diverse literature and report the results of original research It is particularly relevant to scholars of business and management geography and economics

Ethics in Small and Medium Sized Enterprises Laura Spence, Mollie Painter-Morland, 2010-10-01 This book is the first of its kind a global overview of extant research on ethics in small and medium sized enterprises While vast amounts of corporate money government policy and media time are directed at the social and ethical activities of large corporations small businesses don't generally attract the spotlight This is wildly inappropriate however since upward of 90% of private businesses are small or medium sized This book goes some way to helping us understand the social and ethical contribution of this majority organizational form The first section of the book is a global round up of research on ethics in small and medium sized enterprises from major regions of the world In the second section smaller scale research projects from a variety of countries present both empirical and theoretical advances in the area Anyone with an interest in ethics and small and medium sized enterprises should find this an inspiring book which paves the way for future research *Industrial and Labour Market Policy and Performance* Daniel Coffey, Carole Thornley, 2005-06-27 Industrial issues are often inextricably linked with labour market concerns and policy approaches that attempt to consider production and employment separately are inherently flawed This controversial statement sums up the heart of this important book With contributions from such scholars as Keith Cowling Malcolm Sawyer and Michael Kitson *Industrial and Labour Market Policy and Performance* covers such topics as the increasing inequality between rich and poor the links between innovation competition and collaboration education skills formation and human resource management The evidence led nature of the book will make it an important and useful read for students and academics involved in labour economics industrial economics and industrial policy The controversial findings of many of the chapters and its readable style will also appeal to informed policy commentators as well as policy makers themselves *ECIE 2021 16th European Conference on Innovation and Entrepreneurship Vol 1* Dr Florinda Matos, Prof Maria de Fátima Ferreiro, Prof Álvaro Rosa, Prof Isabel Salavisa, 2021-09-16 These proceedings represent the work of contributors to the 16th European Conference on Innovation and Entrepreneurship ECIE 2021 hosted by ISCTE Business School Instituto Universitário de Lisboa Portugal on 16-17 September 2021 The Conference Chair is Dr Florinda Matos and the Programme Co Chairs are Prof Maria de Fátima Ferreiro Prof Álvaro Rosoi and Prof Isabel Salavisa all from

Instituto Universit rio de Lisboa Portugal ECIE is a well established event on the academic research calendar and now in its 16th year the key aim remains the opportunity for participants to share ideas and meet the people who hold them The conference was due to be held at Instituto Universit rio de Lisboa Portugal but due to the global Covid 19 pandemic it was moved online to be held as a virtual event The scope of papers will ensure an interesting two days The subjects covered illustrate the wide range of topics that fall into this important and ever growing area of research The keynote presentation is given by Soumodip Sarkar Vice Rector from University of vora Portugal on the topic of Social Intelligence The second day of the conference will open with an address by Professor Vittorio Loreto Sapienza University of Rome Italy who will talk about Exploring the adjacent possible play anticipation surprise

Managing the Business Case for Sustainability Stefan Schaltegger, Marcus Wagner, 2017-09-08 The difficulties in moving towards corporate sustainability raise the question of how environmental and social management can be integrated better with economic business goals Over the last decade the relationship between environmental and economic performance and more recently the interaction between sustainability performance and business competitiveness have received considerable attention in both theory and practice However to date only partial aspects of the relationship between sustainability performance competitiveness and economic performance have been studied from a theoretical as well as an empirical perspective And to date no unique relationship has prevailed in empirical studies A number of explanations have been put forward to explain this including methodological reasons such as the lack of statistical data the low quality of that data or the fact that such data is often available for short time periods only Other theoretical explanations have been developed such as the influence of different corporate strategies or the relatively small influence of environmental or sustainability issues as one factor among many on the economic or financial success of firms So how should the business case for sustainability be managed This is the starting point for this book which compiles insights on a large number of aspects of the link between sustainability performance business competitiveness and economic success in an attempt to provide a comprehensive and structured view of this relationship The book provides an unrivalled body of knowledge on the state of theory and practice in this field and identifies prospective future fields of work The book includes conceptual frameworks for the interaction of social environmental and economic issues in business environments case studies of companies that have successfully integrated social environmental and economic issues analyses of the causal and empirical relationship between environmental and or social performance business performance and firm level competitiveness concepts and tools useful for improving business value with proactive operational strategies assessment of the factors influencing operational sustainability strategies and their economic impact and comparisons of interactions between sustainability performance and firm competitiveness across industry sectors and countries Managing the Business Case for Sustainability is the definitive work in its field the most comprehensive book yet published on the theory and practice of managing sustainability performance competitiveness environmental social and economic performance in an

integrated way It will be essential reading for managers academics consultants fund managers governments and government agencies NGOs and international bodies who need a broad and comprehensive overview of the business case for sustainability

The Business of Networks Robert Huggins,2020-08-26 This title was first published in 2000 The first book which brings together and interprets both the theoretical concepts associated with the study of networks in the business world and the policy applications being applied to the practical building and development of such networks It maps the changes in the culture of economic development policy that occurred in the UK during the 1990s incorporating a detailed assessment of the contribution that the Training and Enterprise Councils made to business support policies The book is published at a time when network and cluster building has risen to the top of economic development agendas not only in UK but in many countries throughout the world It offers the most detailed insight so far available into the structure motivations and processes involved in developing business networks through institutional intervention The book is relevant to anyone with an interest in business policy and theory

Technological Competition, Employment and Innovation Policies in OECD Countries Paul J.J. Welfens,David B. Audretsch,John T. Addison,Hariolf Grupp,2012-12-06 High unemployment rates in the period of an internationalization of economies and an intensified technological competition are the main problems that exist in most EU countries Taking stock of unemployment patterns technological trends and employment opportunities in the EU and the US is crucial for the reform debate in Europe In continental Europe major problems are an insufficient creation of new firms in innovative technology fields inadequate labor market developments and inconsistent R D policies Founded on new data evaluations the book presents an innovative analysis of these topics and shows opportunities for reforms

Territorial Cohesion in Rural Europe Andrew Copus,Philomena de Lima,2014-08-13 This book reflects on how the economies social characteristics ways of life and global relationships of rural areas of Europe have changed in recent years This reveals a need to refresh the concepts we use to understand measure and describe rural communities and their development potential This book argues that Europe has outgrown many of the stereotypes usually associated with it with substantial implications for European Rural Policy Rural structural change and its evolving geography are portrayed through regional typologies and the concept of the New Rural Economy Demographic change migration business networks and agricultural restructuring are each explored in greater detail Implications for equality and social exclusion and recent developments in the field of governance are also considered Despite being a subject of active debate interventions in the fields of rural and regional development have failed to adapt to changing realities and have become increasingly polarized This book argues that rural regional policy needs to evolve in order to address the current complex reality partially reformulating territorial or place based approaches and the New Rural Paradigm following a set of principles termed Rural Cohesion Policy

Contemporary Entrepreneurship Dieter Bögenhold,Jean Bonnet,Marcus Dejardin,Domingo Garcia Pérez de Lema,2016-03-17 This book presents the current state of the art in all major and upcoming areas of entrepreneurship

research Thousands of scholars around the world are currently working to broaden our understanding of the entrepreneurial phenomenon The disciplines involved are numerous as are the topics of interest with substantial efforts to enhance the existing knowledge This book is specifically designed to facilitate high level high intensity discussions and fruitful exchanges between scholars involved in entrepreneurship research The articles address a variety of topics ranging from self employment technology growth patterns and job creation and success and failure rates to historical conceptual and comparative international approaches This book takes entrepreneurship beyond the individual size of the venture entrepreneurial personality and looks at entrepreneurship as a long term complex process that is heterogeneous content dependent with an emphasis on innovation and growth A must read for individuals interested in entrepreneurship today and in the future on a domestic and global basis Robert D Hisrich Director Walker Center and Garvin Professor of Global Entrepreneurship Thunderbird School of Global Management Entrepreneurship is perhaps not just the most multifaceted but also the most important concept of the modern socio economic disciplines This book makes an invaluable contribution in this fascinating area it presents a multifaceted socio economic examination of the impact of entrepreneurship for growth Roy Thurik Erasmus School of Economics in Rotterdam and Montpellier Business School
