Small is Beautiful Ernst Friedrich Schumacher, 1973 A controversial study first published in 1973 of the economic structure of the western world Schumacher maintains that man's current pursuit of profit and progress has resulted in gross economic inefficiency environmental pollution and inhumane working conditions **Small Is Beautiful** E F Schumacher, 2011-05-31 How does our economic system impact the way we live Does it really affect what we truly care about Oxford economist E F Schumacher provides an enlightening study of our economic system and its purpose challenging the current state of excessive consumption in our society Offering a crucial message for the modern world struggling to balance economic growth with the human costs of globalisation *Small Is Beautiful* puts forward the revolutionary yet viable case for building our economies around the needs of communities not corporations One of the 100 most influential books published since World War II The Times Literary Supplement *Small Is Beautiful* E. F. Schumacher, 2010-10-19 *Small Is Beautiful* is Oxford trained economist E F Schumacher's classic call for the end of excessive consumption Schumacher inspired such movements as Buy Locally and Fair Trade while voicing strong opposition to casino capitalism and wasteful corporate behemoths Named one of the Times Literary Supplement's 100 Most Influential Books Since World War II *Small Is Beautiful* presents eminently logical arguments for building our economies around the needs of communities not corporations

Small is Beautiful Ernst Friedrich Schumacher, 1973 *Small is Beautiful in the 21st Century* Diana Schumacher, 2011 An influential economist and profound thinker E F Schumacher is widely known for his bestselling book *Small is Beautiful* a study of economics as if people mattered In his later years he became an iconic figure who played a significant part in the development of the modern environmental movement *Small is Beautiful in the 21st Century* traces his legacy over the years helping us move towards practical solutions to our interrelated global crises In particular it describes how several flourishing organisations some large and some small have remained closely linked with his ideas and work and have since become associated as the Schumacher Circle The book both illuminates Schumacher's thinking and shows the ways in which each of us can help to build a more kind just and ecologically sustainable society **Small is Beautiful** E. F. Schumacher, 1974

Small is Beautiful: Economics as If People Mattered , **Small is Beautiful** Ernst Friedrich Schumacher, 1999 The 25th anniversary edition of Schumacher's book of essays on humanistic economics expands on his ideas by adding commentaries of contemporary thinkers who have been deeply influenced by his work and thought *As If Peoples Mattered* Zelim Skurbaty, 2021-11-22 Ours is an era of decline for the nation state and one of world wide concern for the problems surrounding sub state groups minorities peoples and indigenous populations The often violent resurgence of conflicts between these groups and States in even the stable democracies poses a challenge to international law as well as to liberal political principles In this volume an expert in international minority rights provides not only significant clarification of the legal issues involved but also trenchant insights taken from a wide range of humanitarian disciplines from philosophy and

systems theory to neuro linguistic programming NLP and transactional analysis TA The result is a meticulously researched book exploring from a variety of perspectives the terms peoples and minorities in international law as well as relationships between minorities peoples and indigenous rights individuation and self determination Of special interest is the attempt of the author to explain the existence of double standards in international minority rights dubbing them games with the help of transactional analysis and to redefine and reframe the basic terms such as international law sovereignty self determination etc The straightforward claim of the author is that the proposed theories can help both members of minorities and those in executive positions to gain insights on the cognitive level and make more congruent community oriented decisions on the practical level The book will hold particular appeal for all those interested in the international law of human rights politics and philosophy as well as students seeking a multi disciplinary perspective on these much debated areas **Small is Beautiful: a Study of Economics as If People Mattered** Ernst Friedrich Schumacher,1980
