Sino Soviet Conflict In The 1970s Its Evolution And Implications For The Strategic Triangle:

Sino-Soviet Conflict in the 1970s Kenneth Lieberthal, 1978 Analyzes the evolution of Sino Soviet relations since the Cultural Revolution and explains China's policies in terms of political struggles which racked Peking during the 1970s Key questions are explored What bilateral strategies have the Soviet Union and China adopted to deal with each other since 1969 How has the Moscow Peking feud affected dealings with other states How have Sino Soviet relations intertwined with domestic politics in China What changes in relations are likely in coming years What are the implications of these factors for U S policy toward Sino Soviet affairs The analysis concludes that American interests are best served by a Sino Soviet relationship poised between rapprochement and war The author argues that the dynamics of the relationship will very likely produce such an outcome As well the United States should pursue bilateral relationships with Moscow and Peking so as to maximize American interests without trying to affect their interactions with each other

Sino-Soviet Conflict in the 1970s: Its Evolution and Implications for the Strategic Triangle Kenneth G. Lieberthal, 1978 **The Strategic Triangle and Sino-Soviet Crises** Kenneth G. Weiss, 1989 **The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982** Roderick MacFarquhar, John K.

Fairbank, Denis Crispin Twitchett, 1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao's thoughts and how they related to China's government The most comprehensive account of this turbulent period in Chinese history **Mao's China and the Sino-Soviet Split** Mingjiang Li, 2013-03-01 The Sino Soviet split in the 1960s was one of the most significant events of the Cold War Why did the Sino Soviet alliance hailed by its creators as unbreakable eternal and as representing brotherly solidarity break up Why did their relations eventually evolve into open hostility and military confrontation With the publication of several works on the subject in the past decade we are now in a better position to understand and explain the origins of the Sino Soviet split But at the same time new questions and puzzles have also emerged The scholarly debate on this issue is still fierce This book the result of extensive research on declassified documents at the Chinese Foreign Ministry and on numerous other new Chinese materials sheds new light on the problem and makes a significant contribution to the debate More than simply an empirical case study by theorising the concept of the ideological dilemma Mingjiang Li's book attempts to address the relationship between ideology and foreign policy and discusses such pressing questions as why it is that an ideology can sometimes effectively dictate foreign policy whilst at other times exercises almost no significant influence at all This book will be of essential reading to anyone interested in Chinese Soviet history Cold War history International Relations and the theory of ideology

China, the United States and the Soviet Union Robert S. Ross, 2016-09-16 This text considers the importance of various factors which influenced the policies of each country during the Cold War including strategic considerations domestic politics and ideology

Sino-Russian Relations R.K.I. Quested, 2014-02-25 This book provides a systematic history of Sino Russian relations a

history which is invaluable in forming an understanding of relations between the two nations today Becoming neighbours in the seventeenth century their changing relations in peace and war in isolation cooperation and confrontation have steadily assumed a greater importance in world politics and become increasingly important to the stability of international relations

The End of the Maoist Era: Chinese Politics During the Twilight of the Cultural Revolution, 1972-1976 Frederick C Teiwes, Warren Sun, 2014-12-18 This book launches an ambitious reexamination of the elite politics behind one of the most remarkable transformations in the late twentieth century As the first part of a new interpretation of the evolution of Chinese politics during the years 1972-82 it provides a detailed study of the end of the Maoist era demonstrating Mao's continuing dominance even as his ability to control events ebbed away The tensions within the gang of four the different treatment of Zhou Enlai and Deng Xiaoping and the largely unexamined role of younger radicals are analyzed to reveal a view of the dynamic of elite politics that is at odds with accepted scholarship The authors draw upon newly available documentary sources and extensive interviews with Chinese participants and historians to develop their challenging interpretation of one of the most poorly understood periods in the history of the People's Republic of China

Mao's Forgotten Successor Robert Weatherley, 2010-07-30 Hua Guofeng succeeded Mao in 1976 emerging almost out of nowhere following an unexceptional career in Shanxi and Hunan In just over two years Hua had been eclipsed

by Deng Xiaoping a more politically shrewd progressive and charismatic figure If Hua's rise to power was remarkable then this fall was even more so
