Moore, 2008-11-25 What I have compiled in this extraordinary treasury are the very private thoughts of American philosophers farmers athletes statesmen mothers laborers scientists industrialists and others in their relationship with God Some are simple straightforward entreaties others are elaborate invocations All of them however provide indelible imprints and keys to understanding the inner sanctum of the individuals who made America what it is today The prayers of these Americans are intimate snapshots of how they dealt with the gamut of human emotions conditions and events they experienced They found comfort hope and the ability simply to endure by turning to God in their often unpredictable lives While the language of these prayers may vary from era to era the essence remains the same Americans from all walks of life and faiths have found their existences incomplete without being able to reach out to a higher power It is through the words of their prayers that they find purpose in a larger context and from a greater perspective James P Moore Jr Since its inception America has remained a deeply religious and spiritual nation fostering a prayer culture that has thrived among its diverse population and its wide ranging faith traditions The Treasury of American Prayers brings together hundreds of prayers composed largely by Americans from all walks of life to create an unparalleled and comprehensive collection of home grown expressions of spirituality and religious conviction These prayers form an inspiring portrait of the country's rich and profound faith and provide access to the innermost thoughts of such individuals as Benjamin Franklin Elvis Presley Eleanor Roosevelt and Conrad Hilton They have helped sustain Americans in times of war and recession as well as in periods of change and even prosperity Jim Moore has compiled an extraordinary anthology in The Treasury of American Prayers arranged by such topics as patience thanksgiving despair love and other timeless themes He provides context historical perspective and a personal insight for each prayer While this collection reflects the great history of the American experience these prayers also hold great resonance for Americans today **Alles, was Sie über John Templeton wissen müssen** Rolf Morrien, Heinz Vinkelau, 2019-12-28 Mit unkonventionellen Methoden an der Börse erfolgreich sein war das Motto von Sir John Templeton einem der erfolgreichsten Fondsmanager aller Zeiten Statt in Aktien großer Firmen zu investieren kaufte er Ende der 30er Jahre Pennystocks also Aktien die als Ramschwerte mit weniger als einen Dollar gehandelt wurden Und er

mission Sir John's biography updates the growth of the many and varied programs of the John Templeton Foundation that support this mission. It also introduces some of the scientists, theologians, philosophers, writers, and fellow investors who now serve as staff and advisors to the John Templeton Foundation, striving toward Sir John's goal of one hundred fold more spiritual information gained through the application of scientific methodology and analysis. *Possibilities for Over One Hundredfold More Spiritual Information* Sir John Templeton, 2000-08-15 Sir John Templeton challenges the reader to apply the same energy that has been devoted to scientific inquiry to the pursuit of spiritual information. The world is at a state of unprecedented technical expertise but why has our knowledge and faith in our own spirituality stalled and become obsolete in recent times? *Possibilities for Over One Hundredfold More Spiritual Information* seeks to address this question. It points out that our spiritual knowledge would also have the capacity to increase dramatically if we were to open our minds to the endless possibilities that await us in terms of our spiritual lives. These include altruistic love for all people, new knowledge of the Divine, and a greater sense of our place in the universe. In order for us as human beings to take advantage of all of the spiritual gifts that we have been given, we need to be open and receptive to our individual spiritual natures and to open ourselves to the limitless spiritual possibilities available to us. The book acknowledges the ancient scriptures and thinkers who have guided us for centuries. Vastly expanded research and the use of scientific method would only enhance our understanding of the wisdom contained within these wise teachings. The benefits of extending our spiritual knowledge might in fact exceed the benefits we have realized thus far from scientific and medical advances. *Possibilities* seeks to reawaken our desire for spiritual knowledge, pushed aside so long ago in our quest for scientific knowledge. When these fields work together, the world will reap greater rewards than we can ever imagine. **The Rise of Character Education in Britain** Lee Jerome, Ben Kisby, 2019-08-20 What is character education? Why has it risen up the political agenda in the UK in recent years? And what does it mean in pedagogical practice? This book addresses these questions, challenging the individualistic and moralistic ideas underlying the clamour amongst politicians, educators, and authors to promote grit, resilience, and character in schools. Closely examining a range of teaching resources, the book shows that the development of character is wrongly presented as the solution to a wide variety of social problems, with individual citizens expected to accommodate themselves to the realities of the contemporary economic context rather than enhancing their capacities to engage in civic and political activities to bring about changes they wish to see. The book argues that there is a tried and tested alternative to character education which is far more likely to strengthen British democracy: namely, citizenship education. *One Nation Under God* James P. Moore, Jr., 2007-12-18 In this highly original approach to the history of the United States, James Moore focuses on the extraordinary role that prayer has played in every area of American life from the time of the first settlers to the present day and beyond. A stirring chronicle of the spiritual life of a nation, *One Nation Under God* shows how the faith of Americans from the founding fathers to corporate tycoons, from composers to social reformers, from generals to slaves, was an essential

ingredient in the formation of American culture character commerce and creed One Nation Under God brings together the country's hymns patriotic anthems arts and literature as a framework for telling the story of the innermost thoughts of the people who have shaped the United States we know today Beginning with Native Americans One Nation Under God traces the prayer lives of Quakers and Shakers Sikhs and Muslims Catholics and Jews from their earliest days in the United States through the advent of cyberspace the aftermath of 9 11 and the 2004 presidential election It probes the approach to prayer by such diverse individuals as Benjamin Franklin Elvis Presley Frank Lloyd Wright Martha Graham J C Penney Mary Pickford Cesar Chavez P T Barnum Jackie Robinson and Christopher Columbus It includes every president of the United States as well as America's farmers clergy immigrants industrialists miners sports heroes and scientists One Nation Under God shows that without prayer the political cultural social and even economic and military history of the United States would be vastly different from what it is today It engages in a thoughtful timely examination of the modern debate over public prayer and how the current approach to prayer bears deep roots in the philosophies of the country's founding fathers a subject which remains distinct from the debate over church and state
