Slow Coast Home Josie Dew, 2011-04-07 Josie Dew's love of cycling has taken her across the world travelling everywhere from Japan and Mexico to Iceland India and Algeria In her latest book she sets off on another quirky and riotous ride choosing to circumnavigate the coastline of the British Isles And she discovers that her homeland can be as surprising and full of incident as anywhere she has ever been Beginning in Portsmouth Josie sets off in a clockwise direction after a Shetland grandmother warns her that she'll end up meeting the devil if she travels anti clockwise Through rain hail floods bitter temperatures minor earthquakes and dusty drought Josie pedals on eventually returning to Land's End to complete Stage One of her remarkably lengthy odyssey along 5 000 miles of seaside estuaries creeks and islands But is all as it seems Who is the mysterious builder who appears at all the wrong moments Who are the two wheeled taggers on lurking in her wake What did she find at Puckpool Point Bozomzeal and Woon Gumpus And how did Josie so badly miscalculate her approach to the seafront at Newhaven that she landed in France *Slow Coast Home* Josie Dew, 2003

Dear Wild Child Wallace J. Nichols, Wallace Grayce Nichols, 2022-08-09 From authors Wallace J Nichols and Wallace Grayce Nichols and illustrator Drew Beckmeyer *Dear Wild Child* is a picture book inspired by a letter from a father to his daughter about wildfire loss and learning that we carry our homes inside us wherever we go In the shade of ancient redwood trees by a creek not far from the ocean a father builds a house for his newborn daughter where she grows up wild and strong in their coastal canyon home When a wildfire takes back their beloved house he writes his now grown daughter a letter telling her it's gone Inspired by the real letter the author wrote his daughter this poignant story written together by father and daughter joyfully declares that a home is more than just wood and stone it is made of love and can never be taken away You carry home with you wherever you go The art echoes the text's emphasis on beauty rather than loss In the event's aftermath the affecting story's tone remains openhearted concluding with sentiments that encourage resilience and reflect on the nature of home Publishers Weekly Includes a note from the authors on climate change

Going Places Robert Burgin, 2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives *Going Places A Reader's Guide to Travel Narratives* meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing *Chester to Chepstow*

John Davies,2007-08-31 A land of magnificent mountains verdant valleys beautiful beaches and towering castles All this the travel brochures tell you is crammed into the tiny country of Wales and it s true A marvellous place to visit then and what better way to see it than on a bicycle Starting just across the border in Chester this book charts the course of a cycle ride which roughly follows the coastline of Wales The sights seen are vividly described with many references to their historical significance Wales has a rich cultural heritage and the book is enlivened by the many interesting and humorous conversations with local people Read about the naked lady lying at the bottom of the stairs and the bandit from Bolivia A Welsh International rugby player and a company director are two of the people who gave exclusive interviews This is essential reading for cyclists and couch potato pedallers as well Book reviews online PublishedBestsellers website **Long**

Cloud Ride Josie Dew,2011-04-07 After two months on board a Russian container ship sailing 15 000 miles across the world Josie finally arrives in New Zealand with her bike Over the next nine months she cycles 10 000 kilometres all over North and South Islands while experiencing the wettest windiest and stormiest year on record During this time Josie was spat at shouted at honked at and both run off and blown off the road She got soaked sunburnt hailed on and snowed on and was alternately starved and over fed over charged and under charged Then there was the wildlife the possums both dead and alive exotic birds such as moreporks with their eerie call and fantails who decided to follow the ostriches who liked to chase English cyclists and the harriers who liked to dive bomb them the more familiar but no less frustrating farm animals who provided sheep jams and cow blocks to slow Josie down In Long Cloud Ride Josie brings New Zealand brilliantly to life Warm witty and acutely observed as ever her latest adventure is sure to delight old and new fans alike **The Self-Propelled**

Voyager Duncan R. Jamieson,2015-09-03 Before the last quarter of the nineteenth century people who wanted to travel independently either walked or rode horses Then a newly invented machine changed forever the nature of personal transportation The cycle self propelled bicycles tricycles and tandems allowed almost anyone to travel around town around their region and around the world While dramatic developments in equipment clothing road surfaces and amenities make the physicality of cycling much different from the earlier era the experience of cycling has seen little change The Self Propelled Voyager How the Cycle Revolutionized Travel recounts how a transportation innovation opened the world for not only those who made the journey but also for the armchair travelers who read with interest the cyclists accounts of faraway places Following a brief history of the development of the cycle this book describes the exploits of long distance riders who wrote of their experiences their triumphs and their tragedies Duncan R Jamieson chronicles their journeys their personal stories and the times in which they lived revealing that despite the continuing rise and fall of cycling interest people continue to enjoy traveling in the slow lane Drawing on books and articles by the women and men who rode and wrote of their travels The Self Propelled Voyager also features photographs from the 1880s up to the modern day illustrating the development of the cycle through history Accessibly written yet comprehensive in its coverage this book will interest not only the cycling enthusiast

but historians focusing on sport and sport tourism as well **Travels In A Strange State** Josie Dew,2012-08-02 By most people's standards Josie Dew is hugely adventurous By American standards she is completely insane For Americans drive everywhere through cinemas restaurants banks even trees But driving past Josie as she pedalled across America was a new and alarming experience On her eight month journey Josie experienced it all race riots in Los Angeles impossible heat in Death Valley Sexual Tantric Seminars in Hawaii From Utah to the Great Lakes via improbable places like Zzyzx and Squaw Tit her two wheeled odyssey brought her into contact with all the wonders and worries of this larger than life country Highly entertaining richly informative TRAVELS IN A STRANGE STATE is a personal memoir of an improbable journey revealing the United States as it is rarely seen from the seat of a bicycle **The Sun In My Eyes** Josie Dew,2012-08-02 Following on from the hugely enjoyable A RIDE IN THE NEON SUN Josie takes us on the second part of her journey through Japan a country whose keyword is peace yet spends millions each year on high tech armament Josie's travels are as fascinating as they are varied she endures a horrific storm at sea samples the deadly puffer fish and visits the two cities which will forever symbolise the horror of war Nagasaki and Hiroshima But wherever she goes no matter how remote or industrious the area Josie encounters the friendly quirky and unbelievably generous Japanese people from those who load her down with cabbages and cans of Pocari Sweat to one couple who left her the key to their shop and told her to sleep by the till The Wind In My Wheels Josie Dew,2012-08-02 As a young girl Josie Dew developed an overpowering urge to travel She also fell out of a fast moving vehicle and rather inconveniently developed a lifelong aversion to cars Along came her first bicycle and she has never looked back Four continents thirty six countries and eighty thousand miles worth of astounding adventures eccentric characters varied cultures and ever enduring optimism are the result of her travels From Saharan locust invasions to tree climbing goats and a customs official who wouldn't let her leave India because You are making me a very fine wife her encounters are described with honesty wit and perception Strange incidents and bizarre circumstances punctuate her journeys in Nepal she met a team of Frenchmen running from Paris to China and a cyclist on his way from one Olympic Games to the next In Udaipur she was greeted by everyone with the refrain Hello Mr Jamie Bond Octopussy filmed here whilst her view of post Ceausescu Romania a nation suffering and starving affected her both physically and mentally THE WIND IN MY WHEELS is informative illuminating and ceaselessly amusing
