Recto Verso: Redefining the Sketchbook Angela Bartram, Nader El-Bizri, Douglas Gittens, 2016-04-08 Bringing together a broad range of contributors including art architecture and design academic theorists and historians in addition to practicing artists architects and designers this volume explores the place of the sketchbook in contemporary art and architecture Drawing upon a diverse range of theories practices and reflections common to the contemporary conceptualisation of the sketchbook and its associated environments it offers a dialogue in which the sketchbook can be understood as a pivotal working tool that contributes to the creative process and the formulation and production of visual ideas Along with exploring the theoretical philosophical psychological and curatorial implications of the sketchbook the book addresses emergent digital practices by way of examining contemporary developments in sketchbook productions and pedagogical applications Consequently these more recent developments question the validity of the sketchbook as both an instrument of practice and creativity and as an educational device International in scope it not only explores European intellectual and artistic traditions but also intercultural and cross cultural perspectives including reviews of practices in Chinese artworks or Islamic calligraphy and situational contexts that deal with historical examples such as Roman art or modern practices in geographical cultural regions like Pakistan *Catalogue of the Library of the Peabody Institute of the City of Baltimore*, 1883 *Dublin in Sketches and Stories* Roisín Curé, 2021-10-20 Roisín Curé sketches what she sees wherever she is from the mundane to the magnificent and everything in between With her ears and eyes open she immerses herself in the urban scene and creates a snippet of the world around her in words and pictures with nothing more hi tech than a fountain pen and a small box of watercolours The bustling busy city of Dublin is captured here in all its grit and glory

through its buildings and people along with conversations with its inhabitants You won't find these stories in any guidebook as they ebbed and flowed like the ink and paint used to create this very intimate portrait of Dublin and its people And in this perfect coffee table book Roisin Cure has done just that Whether the genteel grandeur of Merrion Square or the raw vibrancy of Moore Street Cur has it covered With more than 100 lively new artworks Dublin Sketches and Stories is a joyous snapshot of the beating heart of the Fair City **Pearls from the American Female Poets** Caroline May, 2020-09-10 Reprint of the original first published in 1869 **Tales, sketches, and other papers ... with a biographical sketch by George**

Wisdom at Work Chip Conley, 2018-09-18 Experience is making a comeback Learn how to repurpose your wisdom At age 52 after selling the company he founded and ran as CEO for 24 years rebel boutique hotelier Chip Conley was looking at an open horizon in midlife Then he received a call from the young founders of Airbnb asking him to help grow their disruptive start-up into a global hospitality giant He had the industry experience but Conley was lacking in the digital fluency of his 20-something colleagues He didn't write code or have an Uber or Lyft app on his phone was twice the age of the average Airbnb employee and would be reporting to a CEO young enough to be his son Conley quickly discovered that while he'd been hired as a teacher and mentor he was also in many ways a student and intern What emerged is the secret to thriving as a mid-life worker learning to marry wisdom and experience with curiosity a beginner's mind and a willingness to evolve all hallmarks of

the Modern Elder In a world that venerates the new bright and shiny many of us are left feeling invisible undervalued and threatened by the digital natives nipping at our heels But Conley argues that experience is on the brink of a comeback Because at a time when power is shifting younger companies are finally waking up to the value of the humility emotional intelligence and wisdom that come with age And while digital skills might have only the shelf life of the latest fad or gadget the human skills that mid career workers possess like good judgment specialized knowledge and the ability to collaborate and coach never expire Part manifesto and part playbook *Wisdom Work* ignites an urgent conversation about ageism in the workplace calling on us to treat age as we would other type of diversity In the process Conley liberates the term elder from the stigma of elderly and inspires us to embrace wisdom as a path to growing whole not old Whether you ve been forced to make a mid career change are choosing to work past retirement age or are struggling to keep up with the millennials rising up the ranks *Wisdom Work* will help you write your next chapter

For Better For Better Chinedu Nnadi,2025-05-20 What happens when the perfectly curated life begins to crack *For Better For Better* is a gripping emotionally honest exploration of love identity and the quiet unraveling of a marriage built on appearances Dave and Eva once shared everything goals a beautiful apartment and an enviable online presence that masked their growing disconnect Beneath the filters and captions lay clashing values unspoken resentments and a painful truth their definitions of success and fulfillment were worlds apart Told through dual perspectives this poignant novel follows their individual journeys after separation as both confront the illusions they ve clung to and begin the slow messy process of rediscovery Dave a driven financier reevaluates his career friendships and notions of masculinity Eva a creative soul buried under societal pressure and self doubt reclaims her voice beyond social media s gaze Through solitude therapy friendship and artistic rebirth they redefine what it means to live authentically in an age of performance *For Better For Better* is not a story of dramatic breakups or bitter betrayals it s a quietly powerful narrative of transformation resilience and the beauty of choosing yourself
