Slow Fade To Black The Negro In American Film 1900 194:

Every Step a Struggle Frank Manchel, 2007 This book pays tribute to the sacrifices and achievements of seven individuals who made difficult and controversial choices to insure that black Americans shared in the evolution of the nation's cultural heritage Transcriptions and analyses of never before published uncensored conversations with Lorenzo Tucker Lillian Gish King Vidor Clarence Muse Woody Strode Charles Gordone and Frederick Douglass O Neal reveal many of the reasons and rationalizations behind a racist screen imagery in the first three quarters of the twentieth century This primary source replete with pictures documentation and extensive annotations recounts through the words of important participants what happened to many film pioneers when a new generation of African Americans rebelled against the nation's stereotyped film imagery A unique historical resource this book is a fitting tribute to these artists reminding us of their courage integrity and perseverance to succeed against great odds The thorough meticulous annotations make it an indispensable addition to collections in film studies and African American studies Denise Youngblood Professor of History University of Vermont The author has taken a unique approach and may have even created a new genre of writing the interview embellished with scholarly commentary It is a fascinating experiment This book belongs in every research library and in all public libraries from mid size to large cities It fills in lacunae between existing studies Peter C Rollins Editor in Chief of Film History The White Negress Lori Harrison-Kahan, 2011-01-07 During the first half of the twentieth century American Jews demonstrated a commitment to racial justice as well as an attraction to African American culture Until now the debate about whether such black Jewish encounters thwarted or enabled Jews claims to white privilege has focused on men and representations of masculinity while ignoring questions of women and femininity The White Negress investigates literary and cultural texts by Jewish and African American women opening new avenues of inquiry that yield more complex stories about Jewishness African American identity and the meanings of whiteness Lori Harrison Kahan examines writings by Edna Ferber Fannie Hurst and Zora Neale Hurston as well as the blackface performances of vaudevillian Sophie Tucker and controversies over the musical and film adaptations of Show Boat and Imitation of Life Moving between literature and popular culture she illuminates how the dynamics of interethnic exchange have at once produced and undermined the binary of black and white

The Catholic Crusade Against the Movies, 1940-1975 Gregory D. Black, 1998-01-13 For more than three decades the Catholic church through its Legion of Decency had the power to control the content of Hollywood films From the mid 1930s to the late 1960s the Catholic Legion served as a moral guardian for the American public Hollywood studios submitted their films to the Legion for a rating which varied from general approval to condemnation This book details how a religious organisation got control of Hollywood and how films like A Streetcar Named Desire Lolita and Tea and Sympathy were altered by the Legion to make them morally acceptable Documenting the inner workings of the Legion The Catholic Crusade against the Movies also examines how the changes in the movie industry and American society at large in the post World War

II era eventually conspired against the Legion's power and so led to its demise Disney's Most Notorious Film Jason Sperb, 2022-02-24 The Walt Disney Company offers a vast universe of movies television shows theme parks and merchandise all carefully crafted to present an image of wholesome family entertainment Yet Disney also produced one of the most infamous Hollywood films *Song of the South* Using cartoon characters and live actors to retell the stories of Joel Chandler Harris *SotS* portrays a kindly black Uncle Remus who tells tales of Brer Rabbit Brer Fox and the Tar Baby to adoring white children Audiences and critics alike found its depiction of African Americans condescending and outdated when the film opened in 1946 but it grew in popularity and controversy with subsequent releases Although Disney has withheld the film from American audiences since the late 1980s *SotS* has an enthusiastic fan following and pieces of the film such as the Oscar winning *Zip a Dee Doo Dah* remain throughout Disney's media universe Disney's Most Notorious Film examines the racial and convergence histories of *Song of the South* to offer new insights into how audiences and Disney have negotiated the film's controversies over the last seven decades Jason Sperb skillfully traces the film's reception history showing how audience perceptions of *SotS* have reflected debates over race in the larger society He also explores why and how Disney while embargoing the film as a whole has repurposed and repackaged elements of *SotS* so extensively that they linger throughout American culture serving as everything from cultural metaphors to consumer products Screening a Lynching Matthew Bernstein, 2009 The Leo Frank case of 1913 was one of the most sensational trials of the early twentieth century capturing international attention Frank a northern Jewish factory supervisor in Atlanta was convicted for the murder of Mary Phagan a young laborer native to the South largely on the perjured testimony of an African American janitor The trial was both a murder mystery and a courtroom drama marked by lurid sexual speculation and overt racism The subsequent lynching of Frank in 1915 by an angry mob only made the story more irresistible to historians playwrights novelists musicians and filmmakers for decades to come Matthew H Bernstein is the first scholar to examine the feature films and television programs produced in response to the trial and lynching of Leo Frank He considers the four major surviving American texts Oscar Micheaux's film *Murder in Harlem* 1936 Mervyn LeRoy's film *They Won't Forget* 1937 the *Profiles in Courage* television episode John M Slaton 1964 and the two part NBC miniseries *The Murder of Mary Phagan* 1988 Bernstein explains that complex issues like racism anti-Semitism class resentment and sectionalism were at once irresistibly compelling and painfully difficult to portray in the mass media Exploring the cultural and industrial contexts in which the works were produced Bernstein considers how they succeeded or failed in representing the case's many facets Film and television shows can provide worthy interpretations of history Bernstein argues even when they depart from the historical record *Screening a Lynching* is an engrossing meditation on how film and television represented a traumatic and tragic episode in American history one that continues to fascinate people to this day **The Dark Tree** Steven L. Isoardi, 2023-08-07 In the early 1960s pianist Horace Tapscott gave up a successful career in Lionel Hampton's band and returned to his home in Los Angeles to

In the Balance of Power Omar H. Ali,2008-08-13 Historically most black voters in the United States have aligned themselves with one of the two major parties the Republican Party from the time of the Civil War to the New Deal and since the New Deal and especially since the height of the modern civil rights movement the Democratic Party However as In the Balance of Power convincingly demonstrates African Americans have long been part of independent political movements and have used third parties to advance some of the most important changes in the United States notably the abolition of slavery the extension of voting rights and the enforcement of civil rights Since the early nineteenth century there has been an undercurrent of political independence among African Americans They helped develop the Liberty Party in the 1840s and have continued to work with third parties to challenge the policies of the two major parties But despite the legal gains of the modern civil rights movement elements of Jim Crow remain deeply embedded in our electoral process In the Balance of Power presents a history and analysis of African American third party movements that can help us better understand the growing diversity among black voters today
