Smoke Eaters:

Portland Fire & Rescue Brian K. Johnson, Don Porth, 2007 Firefighting in Portland boasts many proud traditions and a long and storied history In 1851 Col Thomas Dryer editor of the Oregonian newspaper decided that it was in the best interest of the city to establish a firefighting force and with that he founded the Pioneer Fire Engine Company No 1 Little better than a bucket brigade this volunteer force of 37 men wearing red shirts started operations with just a single hand pump From these humble beginnings the organization grew to keep pace with a burgeoning city From the great fire of 1873 and the colorful era of horse drawn apparatus to technological innovations and community involvement Portland Fire Rescue as the department is now known has valiantly protected lives and property in Portland for more than a century and a half

Smoke Eaters Sean Grigsby, 2018-03-06 When dragons rise from the earth firefighters are humanity's last line of defence in this wild near future fantasy Firefighter Cole Brannigan is on the verge of retirement after 30 years on the job and a decade fighting dragons But during his final fire call he discovers he's immune to dragon smoke It's such a rare power that he's immediately conscripted into the elite dragon fighting force known as the Smoke Eaters Retirement cancelled Brannigan is re-assigned as a lowly rookie chafing under his superiors So when he discovers a plot to take over the city's government he takes matters into his own hands With hundreds of innocent civilians in the crosshairs it's up to Brannigan and his fellow Smoke Eaters to repel the dragon menace *File Under Fantasy*

Tribes: An International Hockey History Darril Fosty, George Robert Fosty, 2020-07-30 For much of the nineteenth century European militarists had channeled their spirit and energy into sports in hopes of creating a training ground for warriors This new concept and logic fed upon the ideas of racial purity and warrior cults It was a belief system well in keeping with the imperialism of the times In the 1890s this form of ideology and practice reached new levels as athletes began to compete under the banners of nations Following WWI and as a result of the worldwide growth and popularity of the Olympics the game of ice hockey took on a more complex form as teams representing countries began to compete in international play Cultural differences political ideologies and blind nationalism supplanted sportsmanship Pride and emotion replaced reason From North America to Nazi Germany and on to the gates of Moscow what were designed to be hockey games of goodwill became battles The Great War was over the longest undeclared war of nations was about to begin The follow up to the best selling book *Black Ice The Lost History of the Colored Hockey League of the Maritimes 1895-1925* LIFE, 1953-05-25 *LIFE* Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use *An Army Firefighter in Vietnam 1970-1971* Michael Louis Kuk, 2021-10-20 Military history continues to evolve and grow Every conflict that had American troops on the ground is full of historical notice and activity and the Vietnam War is no exception Chief Michael L Kuk's writing tells of the time that he spent in Vietnam with the

US army as a combat firefighter This work encompasses what a very small detail of soldier firefighters did while they were stationed there in support of the overall war effort It wasn't a glamorous war hero position But it required bravery and courage to face and overcome other hazards the war could present A misstep would result in serious injury and or death if these soldier firefighters did not perform to the highest standard so required The events of this book tell his story in a matter of fact manner No Hollywood limelight just a hard factual retrospect of young American soldiers doing the right thing at the right time to save and protect the US military's assets and personnel in a remote part of the world The photographs alone tell a more detailed story as documentation of fire apparatus and their response personnel are rarely captured on film in any theater of war much less noted at all The return of a welcome home for many Vietnam veterans was disgraceful Finally America is thankful for their service and sacrifices Fortunately many are now sharing their stories about their contribution This book will tell a new chapter about the Vietnam War and its soldiers One has to feel proud that these Vietnam War veterans never forgot their patriotism 2 2
