urge us to achieve moral clarity On the other those like George Will contend that the greatest present threat to civilization is an excess of certitude To address this uncomfortable debate Susan Schreiner turns to the intellectuals of early modern Europe a period when thought was still fluid and had not yet been reified into the form of rationality demanded by the eighteenth and nineteenth centuries Schreiner argues that Europe in the sixteenth century was preoccupied with concerns similar to ours both the desire for certainty especially religious certainty and warnings against certainty permeated the earlier era Digging beneath overt theological and philosophical problems she tackles the underlying fears of the period as she addresses questions of salvation authority the rise of skepticism the outbreak of religious violence the discernment of spirits and the ambiguous relationship between appearance and reality In her examination of the history of theological polemics and debates as well as other genres Schreiner sheds light on the repeated evaluation of certainty and the recurring fear of deception Among the texts she draws on are Montaigne's *Essays* the mystical writings of Teresa of Avila the works of Reformation fathers William of Occam Luther Thomas Muntzer and Thomas More and the dramas of Shakespeare The result is not a book about theology but rather about the way in which the concern with certitude determined the theology polemics and literature of an age

Color of the Sea John Hamamura, 2007-04-01 Growing up in a time between wars Sam Hamada finds that the culture of his native Japan is never far from his heart Sam is rapidly learning the code of the samurai in the late 1930s on the lush Hawaiian Islands where he is slowly coming into his own as a son and a man But after Sam strikes out for California where he meets Keiko the beautiful young woman destined to be the love of his life he faces crushing disappointment Keiko's parents take her back to Japan forcing Keiko to endure their attempts to arrange her marriage It is a trial complicated by how the Japanese perceive her as too Americanized to be a proper Japanese wife and mother and its pain is compounded by the Japanese attack on Pearl Harbor which ignites the war that instantly taints Sam Keiko and their friends and family as enemies of the state Sam himself is most caught between cultures when impressed by his knowledge of Japanese the U S Army drafts and then promotes Sam sending him on a secret mission into a wartime world of madness where he faces the very real risk of encountering his own brother in combat From the tragedies of the camps through to the bombing of Hiroshima where Sam's mother and siblings live Sam's very identity both puts his life at risk and provides the only reserve from which he can pull to survive In this beautifully written historical epic about a boy in search of manhood a girl in search of truth and two peoples divided by war Sam must draw upon his training his past and everything he has

learned if he s ever to span his two cultures and see Keiko or his family again Bomber County Daniel Swift,2010-08-17 In early June 1943 James Eric Swift a pilot with the 83rd Squadron of the Royal Air Force boarded his Lancaster bomber for a night raid on Münster and disappeared Widespread aerial bombardment was to the Second World War what the trenches were to the First a shocking and new form of warfare wretched and unexpected and carried out at a terrible scale of loss Just as the trenches produced the most remarkable poetry of the First World War so too did the bombing campaigns foster a haunting set of poems during the Second In researching the life of his grandfather Daniel Swift became engrossed with the connections between air war and poetry Ostensibly a narrative of the author s search for his lost grandfather through military and civilian archives and in interviews conducted in the Netherlands Germany and England Bomber County is also an examination of the relationship between the bombing campaigns of World War II and poetry an investigation into the experience of bombing and being bombed and a powerful reckoning with the morals and literature of a vanished moment
