Territorial Changes And International Conflict:

Territorial Changes and International Conflict Paul Diehl, Gary Goertz, 2002-01-22 This book charts the incidence of territorial changes and military conflicts from 1816 to 1980 Using statistical and descriptive analysis the authors attempt to answer three related sets of questions When does military conflict accompany the process of national independence When do states fight over territorial changes and when are such transactions completed peacefully How do territorial changes affect future military conflict between the states involved in the exchange *Territorial Changes and Future International Conflict*

Paul Francis Diehl, Gary Goertz, 1991 **Island Disputes and Maritime Regime Building in East Asia** Min Gyo Koo, 2010-05-06 islands has emotional content far beyond any material significance because giving way on the island issue to Japan would be considered as once again compromising the sovereignty over the whole Korean peninsula For Japan the Dokdo issue may lack the same degree of strategic and economic values and emotional appeal as the other two territorial disputes that Japan has had with Russia and the two Chinas namely the Northern Territories Southern Kurile Islands and the Senkaku Islands respectively Nevertheless fishing resources and the maritime boundary issues became highly salient with the introduction of UNCLOS Also the legal political and economic issues surrounding Dokdo are all intertwined with Japan's other territorial disputes to the extent that concessions of sovereignty on any of these island disputes could jeopardize claims or negotiations concerning the rest South Korea and Japan have forged a deeper diplomatic and economic partnership over the past decade A new spirit of partnership after the landmark joint declaration of 1998 culminated in the successful co hosting of the World Cup 2002 At the end of 2003 the two neighbors began to negotiate an FTA to further strengthen their already close economic ties South Korea's decades long embargo on Japanese cultural products has now been lifted while a number of South Korean pop stars are currently sweeping across Japan creating the so called Korean Wave fever A pragmatic calculation of national interests would thus suggest cooperative behavior **Encyclopedia of Violence, Peace, and Conflict**, 2008-09-05 The 2nd edition of Encyclopedia of Violence Peace and Conflict provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the Encyclopedia is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the Encyclopedia comprehensively addresses an extensive information area in 225 multi disciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our

conflicts more peacefully Instead we have increased the lethality of our combat through revolutions in weapons technology and military training The Encyclopedia of Violence Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena Ten years on the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever More than 200 authoritative multidisciplinary articles in a 3 volume set Many brand new articles alongside revised and updated content from the First Edition Article outline and glossary of key terms at the beginning of each article Entries arranged alphabetically for easy access Articles written by more than 200 eminent contributors from around the world

Research Handbook on Territorial Disputes in International Law

Marcelo G. Kohen, Mamadou Hébié, 2018-10-26 Territorial disputes remain a significant source of tension in international relations representing an important share of interstate cases brought before international tribunals and courts Analysing the international law applicable to the assessment of territorial claims and the settlement of related disputes this Research Handbook provides a systematic exposition and in depth discussions of the relevant key concepts principles rules and techniques Combining extensive knowledge from across international law Marcelo Kohen and Mamadou H bi expertly unite a multinational group of contributors to provide a go to resource for the settlement of territorial disputes The different chapters discuss the process through which states establish sovereignty over a territory and review the different titles of territorial sovereignty the relation between titles and effectivités as well as the relevance of state conduct Select chapters focus on the impact of foundational principles of international law such as the principle of territorial integrity the right of self determination and the prohibition of the threat or use of force on territorial disputes Finally technical rules that are crucial for the assessment of territorial claims especially the techniques of intertemporal law and critical date as well as evidentiary rules are presented An essential resource for practitioners international law academics and public officials including judges and arbitrators this Research Handbook is a highly original collection of scholarship and research on territorial disputes and their settlement Contributors include M J Aznar T Christakis A Constantinides K Del Mar G Distefano M H bi P Klein M Kohen V Koutroulis S Lee G Nesi K Parlett

War and Peace in International Rivalry Paul Diehl, Gary Goertz, 2010-06-02

This book provides the first detailed analysis of international rivalries the long standing and often violent confrontations between the same pairs of states The book addresses conceptual components of rivalries and explores the origins dynamics and termination of the most dangerous form of rivalry enduring rivalry since 1816 Paul Diehl and Gary Goertz identify 1166 rivalries since 1816 They label sixty three of those as enduring rivalries These include the competitions between the United States and Soviet Union India and Pakistan and Israel and her Arab neighbors The authors explain how rivalries form evolve and end The first part of the book deals with how to conceptualize and measure rivalries and presents empirical patterns among rivalries in the period 1816 1992 The concepts derived from the study of rivalries are then used to reexamine two central pieces of international relations research namely deterrence and democratic peace studies The second half of the

book builds an explanation of enduring rivalries based on a theory adapted from evolutionary biology punctuated equilibrium The study of international rivalries has become one of the centerpieces of behavioral research on international conflict This book by two of the scholars who pioneered such studies is the first comprehensive treatment of the subject It will become the standard reference for all future studies of rivalries Paul F Diehl is Professor of Political Science and University Distinguished Teacher Scholar University of Illinois He is the coeditor of *Reconstructing Realpolitik* and coauthor of *Measuring the Correlates of War* Gary Goertz is Assistant Professor of Political Science University of Arizona and is the coauthor with Paul Diehl of *Territorial Change and International Conflict* *International Conflict* Stephen L. Quackenbush, 2014-08-01

International Conflict Logic and Evidence is based on the premise that proper understanding of international conflict a necessary prerequisite for achieving peace can come only from logic and evidence not from opinion and anecdote This groundbreaking book introduces students to international conflict's key theories and empirical research Throughout the text author Stephen L Quackenbush gives examples that enable readers to see the theory in real world events and provides the data from the most recent research Covering the entire process of interstate war from causes of conflict to escalation conduct resolution and recurrence the book provides readers with a fascinating thorough study that will help them understand how international conflict works **Armed Coexistence** Stephen P. Westcott, 2022-02-04

This book is the first to comprehensively explore the origins and reasons behind the Sino Indian border dispute's intractability Utilising an array of accurate maps tables archival and scholarly research this book shows how an ambiguous frontier became a contested border and how it has become relatively pacified yet remaining unresolved Unlike previous examinations however this book also provides a theoretically based explanation as to why it is so difficult for an interstate border dispute to be resolved By examining a wide range of salient actors from state leaders to the individual governing organisations to the State itself it is shown that it is usually in their interest to maintain the status quo rather than seek some form of resolution thereby ensuring that the border dispute remains intractable With both China and India shaping up to be major powers throughout the twenty first century a detailed examination of the major issue of contention between them is more pertinent now than ever

Territory, War, and Peace John A. Vasquez, Marie T. Henahan, 2023-04-14 This book presents a collection of new and updated essays on what has come to be known as the territorial explanation of war The book argues that a key both to peace and to war lies in understanding the role territory plays as a source of conflict and inter group violence Of all the issues that spark conflict territorial disputes have the highest probability of escalating to war War however is hardly inevitable much depends on how territorial issues are handled More importantly settling territorial disputes and establishing mutually recognized boundaries can produce long periods of peace between neighbors even if other salient issues arise While territory is not the only cause of war and wars arise from other issues territory is one of the main causes of war and learning how to manage it can in principle eliminate an entire class of wars This book will be of great interest to all students of war and

conflict studies causes of war and peace international security and strategic studies John A Vasquez is Thomas B Mackie Scholar in International Relations at the University of Illinois Urbana Champaign He is author of The Steps to War 2008 with Paul Senese and The War Puzzle Revisited 2009 He has been president of the Peace Science Society International and the International Studies Association Marie T Henahan is Director of Internships and Lecturer Department of Political Science at the University of Illinois Urbana Champaign She is author of Foreign Policy and Congress An International Relations Perspective and co editor of The Scientific Study of Peace and War *Conflict and the Environment* N.P. Gleditsch,2013-04-17 Nils Petter Gleditsch International Peace Research Institute Oslo PRIO Department of Sociology and Political Science Norwegian University of Science and Technology Trond heim This book could hardly have happened but for the end of the Cold War The decline of the East West conflict has opened up the arena for increased attention to other lines of conflict in Europe and at the global level Environmental disruption not a new phenomenon by any means is a chief beneficiary of the shift in priorities in the public debate The Scientific and Environmental Affairs Division of NATO has moved with the times and has defined environmental security as one of its priority areas for cooperation with Central and Eastern Europe and countries of the former Soviet Union This book is the main output of an Advanced Research Workshop ARW held in Bolkesjøl Norway 12-16 June 1996 I would like to acknowledge the personal support of L Veiga da Cunha Director of the Priority Area on Environmental Security Research on these issues is now very much a collaborative effort across former lines of division in Europe NATO encourages indeed requires that this be reflected in the composition of the participants as well as the organizing committee This meeting was organized by a group of five people from five different countries Lothar Brock Germany Nils Petter Gleditsch Norway Thomas Homer Dixon Canada Renat Perelet Co Director Russia and Evan Vlachos USA

Getting the books **Territorial Changes And International Conflict** now is not type of challenging means. You could not by yourself going similar to books amassing or library or borrowing from your associates to door them. This is an very simple means to specifically get lead by on-line. Territorial Changes And International Conflict Introduction

In the digital age, access to information has become easier than ever before. The ability to download Territorial Changes And International Conflict has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Territorial Changes And International Conflict has opened up a world of possibilities. Downloading Territorial Changes And International Conflict provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Territorial Changes And International Conflict has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Territorial Changes And International Conflict. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Territorial Changes And International Conflict. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Territorial Changes And International Conflict, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of

the websites they are downloading from. In conclusion, the ability to download Territorial Changes And International Conflict has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Territorial Changes And International Conflict Books

1. Where can I buy Territorial Changes And International Conflict books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
