Territory And Terror Conflicting Nationalisms In The Basque Country

J. Mansvelt-Beck

Territory And Terror Conflicting Nationalisms In The Basque Country:

Territory and Terror Jan Mansvelt Beck, 2004-11-10 All Basque interpretations of national power have resulted in an uneasy mix of often fragmented and conflicting territorial identifications Basques can identify themselves with France Spain or an imagined Basque nation state Territory and Terror confronts the imagined and actual territorial dimensions of nationalism shedding new light on the Basque conflict The study provides a rich description of territoriality analysed from a comparative perspective and explores the relation between territoriality and regional differences in conflict intensity It supplies an account of the oft overlooked internal struggles between Basques arguing that overestimation of Basque nationalism as the ideological force behind the conflict often leads to a disregard of the identification of many with France or Spain In addition the author investigates the conflicts between Basque nationalists themselves over key issues such as terrorist activity Territory and Terror will appeal to students and researchers of nationalism and territoriality in particular to those with an interest in the Basque country

Territory and Terror J. Mansvelt-Beck, 2005 All Basque interpretations of national power have resulted in an uneasy mix of often fragmented and conflicting territorial identifications Basques can identify themselves with France Spain or an imagined Basque nation state Territory and Terror confronts the imagined and actual territorial dimensions of nationalism shedding new light on the Basque conflict The study provides a rich description of territoriality analysed from a comparative perspective and explores the relation between territoriality and regional differences in conflict intensity It supplies an account of the oft overlooked internal struggles between Basques arguing that overestimation of Basque nationalism as the ideological force behind the conflict often leads to a disregard of the identification of many with France or Spain In addition the author investigates the conflicts between Basque nationalists themselves over key issues such as terrorist activity Territory and Terror will appeal to students and researchers of nationalism and territoriality in particular to those with an interest in the Basque country

Basque Nationalism and the Spanish State André Lecours, 2007-07-13 An examination of Basque nationalism from a historical perspective Basque nationalism has been extensively examined from the perspectives of Basque culture and internal conditions in the Basque Country but Andr Lecours is among the first to demonstrate how Basque nationalism was shaped by the many forms and historical phases of the Spanish state His discussion employs one of the most debated approaches in the social sciences historical institutionalism and it includes an up to date examination of the circumstances for and consequences of recent events such as ETA s announcement in 2006 of a permanent cease fire Lecours also analyzes other aspects of Basque nationalism including the international relations of the Basque Autonomous Government as well as the responses of the contemporary Spanish state and how it deploys its own brand of nationalism Finally the book offers a comparative discussion of Basque Catalan Scottish Flemish and Quebecois nationalist movements suggesting that nationalism in the Basque Country despite the historical presence of violence is in many ways similar to nationalism in other industrialized democracies Basque

Nationalism and the Spanish State is an original and provocative discussion that is essential reading for anyone interested in the Basques or in the development of modern nationalist movements **Evaluating Euro-Mediterranean Relations**

Stephen Calleya, 2013-07-04 First Published in 2004 This book focuses on international relations in the Mediterranean area with a particular examination of patterns of relations in the Euro Mediterranean area **Women and British Party**

Politics Sarah Childs, 2008-04-08 Women and British Party Politics examines the characteristics of women's participation at the mass and elite level in contemporary British politics as voters party members and elected representatives respectively It explores what this means for ideas about and the practice of descriptive substantive and symbolic representation The main focus is on the feminization of British party politics the integration of women into formal political institutions and the integration of women's concerns and perspectives into political debate and policy in the post 1997 period Not only specifically designed to bring together cutting edge conceptual developments in the sub discipline of gender and politics with robust British empirical research this book also presents reflections on how best to study gender and politics The empirical findings which are presented through the extensive use of case studies derive from a range of research projects which were undertaken over a period of ten years and which make use of a variety of research methods and techniques This book will appeal to all those with an interest in British Politics Feminism and European Studies and will provide the reader with an overview of the complex relationship between sex gender and politics in a conceptually sophisticated fashion The Impact of European Integration on Political Parties Dimitri Almeida, 2012-04-27 This book traces the positions of national partisan actors towards the development of the European polity in an in depth comparative analysis covering all member states of the European Union over a period of 60 years The author examines the approach of the social democratic radical left liberal Christian democratic and radical right party families eliciting a comprehensive analysis of partisan positions on European integration Demonstrating that attitudes and programmatic changes towards European integration must be understood both as the product of long term ideological traditions and domestic opposition or incumbency seeking strategies this book examines how far common ideological traditions lead to the emergence of convergent European policies Based on an interdisciplinary approach that encompasses political science history and area studies this book provides background and analysis and develops theory in an open and accessible style that expands the understanding of party behaviour Using party programmes and quantitative data the book reveals considerable cross family variations regarding the extent to which parties genetic origins shape partisan responses to Europe The Impact of European Integration on Political Parties will be of interest to students and scholars of European politics European integration comparative politics and political parties

Governing Europe Jens Henrik Haahr, William Walters, 2004-08-02 This book uses post structuralist theories of power and discourse to study European integration and the associated forms of governance **Evaluating Euro-Mediterranean Relations** Stephen C. Calleya, 2005 What are the prospects for the future of the Euro Mediterranean area and what relevant

role can the EMP play in this future This book focuses on international relations in the Mediterranean area with a particular examination of patterns of politics security and socio economic relations **The Ashgate Research Companion to Secession** Peter Radan, 2016-03-23 Secession is a detachment of a territory from an existing state with the aim of creating a new state on the detached territory Secession is usually an outcome of the political mobilization of a population on the territory to be detached and as a political phenomenon is a subject of study in the social sciences Its impact on inter state relations is a subject of study in international relations But secession is also subject to regulation both in the constitutional law of sovereign states and in international law Following a spate of secessions in the early 1990s legal scholars have proposed a variety of ways to regulate the international responses to attempts at secessions Moreover since the 1980s normative justification of secession has been subject to an intense debate among political theorists and moral philosophers This research companion has the following three complementary aims First to offer an overview of the current theoretical approaches to secession in the social sciences international relations legal theory political theory and applied ethics Second to outline the current practice of international recognition of secession and current domestic and international laws which regulate secession Third to offer an account of major secessionist movements past and present from a comparative perspective In their accounts of past secessions and current secessionist movements the contributors to this volume focus on the following four components the nature and source of secessionist grievances the ideologies and techniques of secessionist mobilization the responses of the host state or majority parties in the host state and the international response to attempts at secession This provides a basis for identification of at least some common patterns in the otherwise highly varied processes of secession Law And Justice Review 23 Türkiye Adalet Akademisi,

Whispering the Strategies of Language: An Psychological Journey through **Territory And Terror Conflicting Nationalisms In The Basque Country**

In a digitally-driven world wherever displays reign supreme and instant communication drowns out the subtleties of language, the profound secrets and emotional subtleties concealed within words frequently get unheard.
