

TESTS OF CHARACTER

The book cover features a dramatic illustration of a test pilot in a dark flight suit and helmet, floating in the air amidst a cloud of debris. Below the pilot, the nose and cockpit of a jet aircraft are visible, with a bright, fiery trail of smoke or fire extending upwards towards the pilot. The background is a light blue sky with scattered white clouds.

Tests of Character Don H. Middleton,1995 Test pilots are a notoriously modest and reticent breed and their work has generally been undervalued because of their dislike of publicity Much of their work has been of a secret nature so this also inhibits discussion Tests of Character is written to reveal the problems which have faced test pilots from the earliest years of aviation through the 1960s Author Don Middleton has selected a number of test sorties and programs which were indeed tests of character These tell the story of the difficulties faced by test pilots in turning the new machines into efficient aircraft capable of being flown by ordinary military and commercial pilots *Eject!
