Tetum Ghosts And Kin Fieldwork In An Indonesian Community

David Hicks

Tetum Ghosts And Kin Fieldwork In An Indonesian Community:

Tetum Ghosts and Kin David Hicks, 1976 Tetum Ghosts and Kin - Vuffi David Hicks, 1976 **Tetum Ghosts and Kin** David Hicks, 1988 Dr Hicks concentrates on ghosts kin in this analysis of the symbols employed in the ritual myth of the Tetum society **East Timor at the Crossroads** Peter Carey, G. Carter Bentley, 1995-09-01 In a rapidly changing post Cost War world where many age old conflicts and injustices are at last being put to rights East Timor stands out as a still unresolved tragedy In the past twenty years 1975 95 this former Portuguese colony has been under Indonesian military occupation an occupation responsible for the death of over 200 000 of its inhabitants a third of its pre 1975 population and the destruction of much of its indigenous society Yet despite enormous odds the people of East Timor continue to fight for the independence which was denied them in the mid 1970s Twenty years on there is now a very real chance for a new beginning in East Timor This book which brings together contributions by both East Timorese and Western specialists of East Timor provides a compelling account of the process by which a once isolated and traditional society has been forged into a nation with a deep sense of its own identity rooted in its unique religious cultural linguistic and historical heritage Indonesia is at last beginning to realize the cost of Third World colonialism and its Western allies are becoming less tolerant of its security state methods The last section of this book considers the new diplomatic initiatives which are currently in train under the auspices of the UN to bring about a resolution to the Timor problem without jeopardizing the integrity of the Indonesian Republic An extensive bibliography of titles on East Timor published between 1970 and 1994 will prove especially useful for scholars **Inside Austronesian Houses** James J. Fox, 2006-09-01 Dwellings Social life Customs Southeast Asia Oceania Land and Life in Timor-Leste Andrew McWilliam, Elizabeth G. Traube, 2011-12-01 Following the historic 1999 popular referendum East Timor emerged as the first independent sovereign nation of the 21st Century The years since these momentous events have seen an efflorescence of social research across the country drawn by shared interests in the aftermath of the resistance struggle the processes of social recovery and the historic opportunity to pursue field based ethnography following the hiatus of research during 24 years of Indonesian rule 1975 99 This volume brings together a collection of papers from a diverse field of international scholars exploring the multiple ways that East Timorese communities are making and remaking their connections to land and places of ancestral significance The work is explicitly comparative and highlights the different ways Timorese language communities negotiate access and transactions in land disputes and inheritance especially in areas subject to historical displacement and resettlement Consideration is extended to the role of ritual performance and social alliance for inscribing connection and entitlement Emerging through analysis is an appreciation of how relations to land articulated in origin discourses are implicated in the construction of national culture and differential contributions to the struggle for independence The volume is informed by a range of Austronesian cultural themes and highlights the continuing vitality of customary governance and landed attachment in Timor Leste **Security,**

Development and Nation-Building in Timor-Leste Vandra Harris, Andrew Goldsmith, 2012-03-29 Despite Timor Leste's high expectations when it became independent from Indonesia in 2002 the country is ranked among the least developed countries in the world This book draws together the perspectives of practitioners policy makers and academics on the international efforts to rebuild the world's newest nation

The Trickster and the Paranormal George P. Hansen, 2001-08-20 Paranormal and supernatural events have been reported for millennia They have fostered history's most important cultural transformations e g via the miracles of Moses Jesus Mohammed Paranormal phenomena are frequently portrayed in the world's greatest art and literature as well as in popular TV shows and movies Most adults in the U S believe in them Yet they have a marginal place in modern culture No university departments are devoted to studying psychic phenomena In fact a panoply of scientists now aggressively denounces them These facts present a deeply puzzling situation But they become coherent after pondering the trickster figure an archaic being found worldwide in mythology and folklore The trickster governs paradox and the irrational but his messages are concealed This book draws upon theories of the trickster from anthropology folklore sociology semiotics and literary criticism It examines psychic phenomena and UFOs and explains why they are so problematical for science

The Magic Lantern José Tomás de Cuéllar, 2000 Two renderings of a Mexican society fast unraveling under the mounting influence of European culture Cover

Ancestor Worship and Korean Society Roger Janelli, Dawnhee Janelli, 1992-08-01 The study of ancestor worship has an eminent pedigree in two disciplines social anthropology and folklore Goody 1962 14 25 Newell 1976 Fortes 1976 Takeda 1976 Despite obvious differences in geographical specialization and intellectual orientation researchers in both fields have shared a common approach to this subject both have tried to relate the ancestor cult of a given society to its family and kin group organization Such a method is to be expected of social anthropologists given the nature of their discipline but even the Japanese folklorist Yanagita Kunio whose approach to folk culture stems from historical and nationalist concerns began his work on ancestors with a discussion of Japan's descent system and family structure Yanagita 1946 Indeed connections between ancestor cults and social relations are obvious As we pursue this line of analysis we shall see that rural Koreans themselves are quite sophisticated about such matters Many studies of ancestor cults employ a combination of social and psychological approaches to explain the personality traits attributed to the dead by their living kin Particular attention has long been given to explaining the hostile or punitive character of the deceased in many societies Freud 1950 Opler 1936 Gough 1958 Fortes 1965 Only recently however has the popularity of such beliefs been recognized in China Korea and Japan Ahern 1973 A Wolf 1974b Kendall 1977 1979 Yoshida 1967 Kerner 1976 Lebra 1976 The earliest and most influential studies of ancestor cults in East Asia produced by native scholars Hozumi 1913 Yanagita 1946 Hsu 1948 overemphasize the benign and protective qualities of ancestors Some regional variations notwithstanding this earlier bias appears to reflect a general East Asian reluctance to acknowledge instances of ancestral affliction Such reticence is not found in all societies with ancestor cults however nor in Korea China

and Japan is it equally prevalent among men and women Therefore we seek not only to identify the social experiences that give rise to beliefs in ancestral hostility but to explain the concomitant reluctance to acknowledge these beliefs and its varying intensity throughout East Asia In view of the limited amount of ethnographic data available from Korea we have not attempted a comprehensive assessment of the ancestor cult in Korean society instead we have kept our focus on a single kin group We have drawn on data from other communities however in order to separate what is apparently true of Korea in general from what may be peculiar to communities like Twisongdwi a village of about three hundred persons that was the site of our fieldwork In this task we benefited substantially from three excellent studies of Korean ancestor worship and lineage organization Lee Kwang Kyu 1977a Choi Jai seuk 1966a Kim Taik Kyoo 1964 and from two recent accounts of Korean folk religion and ideology Dix 1977 Kendall 1979 Yet we are still a long way from a comprehensive understanding of how Korean beliefs and practices have changed over time correlate with different levels of class status or are affected by regional variations in Korean culture and social organization Because we want to provide a monograph accessible to a rather diverse readership we avoid using Korean words and disciplinary terminology whenever possible Where a Korean term is particularly important we give it in parentheses immediately after its English translation Korean alphabet orthographies for these words appear in the Character List with Chinese character equivalents for terms of Chinese derivation As for disciplinary terminology we have adopted only the anthropological term lineage which is of central importance to our study We use lineage to denote an organized group of persons linked through exclusively male ties agnatically to an ancestor who lived at least four generations ago

If you ally compulsion such a referred **Tetum Ghosts And Kin Fieldwork In An Indonesian Community** book that will have the funds for you worth, get the unconditionally best seller from us currently from several preferred authors. If you desire to funny books, lots of novels, tale, jokes, and more fictions collections are with launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every book collections Tetum Ghosts And Kin Fieldwork In An Indonesian Community that we will certainly offer. It is not all but the costs. Its very nearly what you infatuation currently.
