The Immigrant Church New Yorks Irish And German Catholics 1815 1865 By:

THE IMMIGRANT CHURCH Jay P. Dolan, 1973 *Fighting Irish in the American Civil War and the Invasion of Mexico* Arthur H. Mitchell, 2017-03-23 As mid 19th century America erupted in violence with the invasion of Mexico and the outbreak of the Civil War Irish immigrants joined the fray in large numbers on both sides They sometimes were disruptive elements In Mexico a body of Irish artillerymen defected to the other side During the Civil War Patrick Cleburne stirred controversy in the Confederacy when he proposed enlisting slaves in exchange for their freedom The New York draft riots a violent insurrection by a predominantly Irish mob raged for three days before Federal troops restored order Despite turmoil and contention the Irish soldiers who fought in the Union army contributed significantly to the preservation of the United States This collection of essays examines the involvement of Irish men and women in America's conflicts from 1840 to 1865 **The Encyclopedia of New York State** Peter Eisenstadt, 2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York's varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state's diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state's past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State **Irish-Catholic Nuns and the Development of New York City's Welfare System, 1840-1900** Maureen Fitzgerald, 1992 **A Partisan Church** Todd Scribner, 2015-03-26 In the wake of Vatican II and the political and social upheavals of the 1960s disruption and disagreement rent the Catholic Church in America Since then a diversity of opinions on a variety of political and religious questions found expression in the church leading to a fragmented understanding of Catholic identity Liberal conservative neoconservative and traditionalist Catholics competed to define what constituted an authentic Catholic worldview thus making it nearly impossible to pinpoint a unique Catholic position on any given topic A Partisan Church examines these controversies during the Reagan era and explores the way in which one group of intellectuals well known neoconservative Catholics such as George Weigel Michael Novak and Richard John Neuhaus sought to reestablish a coherent and unified Catholic identity Politics and Government Neil L. Shumsky, 2020-11-25

Volume 3 POLITICS and GOVERNMENT of the American Cities series This collection brings together more than 200 scholarly articles pertaining to the history and development of urban life in the United States during the past two centuries The articles about municipal government contained in the third volume include discussions of how rapid urbanization in the early nineteenth century produced a chain reaction creating first the need for new political institutions then the rise of machine politics and finally reform movements that designed advocated and implemented new institutional structures such as the commission and city manager forms of government Volume 3 also includes articles that consider the nature of intergovernmental relations at the end of the twentieth century and the connections between the governments of cities and the governments of the regions surrounding them localities states and the nation

Crabgrass Catholicism Stephen M. Koeth, 2025-08-19 How suburbanization was a crucial catalyst for reforms in the Catholic Church The 1960s in America were a time of revolt against the stifling conformism embodied in the sprawling uniform suburbs of the 1950s Typically the reforms of the Catholic Church's Second Vatican Council which aimed to make the Church more modern and accessible are seen as one result of that broader cultural liberalization Yet in Crabgrass Catholicism Stephen M Koeth demonstrates that the liberalization of the Church was instead the product of the mass suburbanization that began some fifteen years earlier Koeth argues that postwar suburbanization revolutionized the Catholic parish the relationship between clergy and laity conceptions of parochial education and Catholic participation in US politics and thereby was a significant factor in the religious disaffiliation that only accelerated in subsequent decades A novel exploration of the role of Catholics in postwar suburbanization Crabgrass Catholicism will be of particular interest to urban historians scholars of American Catholicism and religious studies and Catholic clergy and laity

The War That Wasn't Benjamin Justice, 2012-02-01 Finalist for the 2006 History of Education Society's Outstanding Book Award Winner of the 2005 Annual Archives Award for Excellence in Research Using the Holdings of the New York State Archives presented by the Board of Regents and the New York State Archives Historians of religion and public schooling often focus on conflict and Bible Wars pitting Catholics and Protestants against one another in palpitating narratives of the embattled development of American public schooling The War That Wasn't tells a different story arguing that in nineteenth century New York State a civil system of democratic local control led to adjustments and compromises far more than discord and bitter conflict In the decades after the Civil War New Yorkers from rural one room schools to big city districts hammered out a variety of ways to reconcile public education and religious diversity This book recounts their stories in delightful and compelling detail The common school system of New York State managed to keep the peace during a time of religious and ethnic pluralism before sweeping educational reforms ended many of these compromises by the turn of the twentieth century

The Unstoppable Irish Dan Milner, 2019-04-30 This unique book captures the rise of New York's passionately musical Irish Catholics and provides a compelling history of early New York City The Unstoppable Irish follows the changing fortunes of New York's Irish Catholics commencing with the evacuation

of British military forces in late 1783 and concluding one hundred years later with the completion of the initial term of the city's first Catholic mayor. During that century, Hibernians first coalesced and then rose in uneven progression from being a variously dismissed, despised and feared foreign group to ultimately receiving de facto acceptance as constituent members of the city's population. Dan Milner presents evidence that the Catholic Irish of New York gradually integrated, came into common and equal membership into the city populace rather than assimilated. Adopted the culture of a larger host group. Assimilation had always been an option for Catholics even in Ireland. In order to fit in, they needed only to adopt mainstream Anglo-Protestant identity. But the same virile strain within the Hibernian psyche that had overwhelmingly rejected the abandonment of Gaelic Catholic being in Ireland continued to hold forth in Manhattan and the community remained largely intact. A novel aspect of Milner's treatment is his use of song texts in combination with period news reports and existing scholarship to develop a fuller picture of the Catholic Irish struggle. Products of a highly verbal and passionately musical people, Irish folk and popular songs provide special insight into the popularly held attitudes and beliefs of the integration epoch.

Making the Irish American J.J. Lee, Marion R. Casey, 2007-03 Explores the history of the Irish in America offering an overview of Irish history, immigration to the United States and the transition of the Irish from the working class to all levels of society.

New York State: Peoples, Places, and Priorities Joanne Reitano, 2024-04-30 Now in its second edition, *New York State: Peoples, Places, and Priorities* is an accessibly written book that explores the ever-shifting dynamics of New York State history in a single volume. The text is organized both chronologically and topically, balancing political, economic, social and cultural history. It discusses key figures, groups, movements and controversies upstate and downstate. Each chapter is divided into teachable, digestible sections that examine the major developments and challenges of that period with timelines and lists of online resources to aid student understanding. The new edition brings New York State's history into the present with coverage of recent political and economic developments, the Covid-19 pandemic, immigration and global warming. Throughout the book, material was added concerning the American Revolution, the Civil War, women's rights and environmental justice. Artwork, maps, charts and textboxes illuminate the state's rich history. Analytical questions accompanying figures and texts encourage deeper engagement with the past. Designed for undergraduates, this book is a concise and updated account of New York State's history over the centuries with a wealth of resources to benefit students and instructors alike.

The Bronx Evelyn Gonzalez, 2004-04-28 The rise and fall and rise of the South Bronx. A thoughtful story of urbanization in a place that most Americans know only stereotypically. *American Historical Review*. Home to the New York Yankees, the Bronx Zoo and the Grand Concourse, the Bronx was at one time a haven for upwardly mobile second-generation immigrants eager to leave the crowded tenements of Manhattan in pursuit of the American dream. Once hailed as a wonder borough of beautiful homes, parks and universities, the Bronx became during the 1960s and 1970s a national symbol of urban deterioration. Thriving neighborhoods that had long been home to generations of families dissolved under waves of

arson crime and housing abandonment turning blocks of apartment buildings into gutted graffiti covered shells and empty trash filled lots In this revealing history of the Bronx Evelyn Gonzalez describes how the once infamous New York City borough underwent one of the most successful and inspiring community revivals in American history From its beginnings as a loose cluster of commuter villages to its current status as a densely populated home for New York s growing and increasingly diverse African American and Hispanic populations this book shows how the Bronx interacted with and was affected by the rest of New York City as it grew from a small colony on the tip of Manhattan into a sprawling metropolis This is the story of the clattering of elevated subways and the cacophony of crowded neighborhoods the heady optimism of industrial progress and the despair of economic recession and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough s rejuvenation Gonzalez s reporting and research are excellent and scholars will appreciate the extensive bibliography Library Journal

The Empire State Milton Martin Klein,2001 Readers from the Big Apple to Buffalo and beyond will find The Empire State which provides equal coverage to upstate and downstate events and people satisfying and informative reading A rich resource it chronicles the state through centuries of change

Expelling the Poor Hidetaka Hirota,2017 Expelling the Poor argues that immigration policies in nineteenth century New York and Massachusetts driven by cultural prejudice against the Irish and more fundamentally by economic concerns about their poverty laid the foundations for American immigration control

The Lung Block Adrienne deNoyelles,2024-07-15 Public health housing poverty and immigration dominated social and political discourse in early twentieth century New York much as they do today The Lower East Side provided an urban environment where infectious disease and other public health concerns flourished One city block in particular known in muckraking circles as The Lung Block housed four thousand first and second generation Americans in dilapidated tenements where deadly tuberculosis spread uninhibited The Lung Block looks at a 1903 reform crusade to demolish this working class tenement neighborhood and replace it with a park Progressive reformers aimed to confront the area s moral and environmental dangers but their conceptualization of the problem and methods for addressing it placed them into direct conflict with the hand to mouth priorities of the residents The campaign and its eventual failure illuminate the formidable social barriers distancing urban reformers and the marginalized populations they intend to help

Neighbors in Conflict Ronald H. Bayor,2019-12-01 Originally published in 1978 Millions of immigrants seeking a better life came to New York City in the nineteenth and twentieth centuries Ronald H Bayor s study details how the relative tranquility among the city s four major ethnic groups was disturbed by economic depression political divisions arising out of ties with the Old Country and factional strife stirred up by local politicians seeking ethnic votes Also evaluated are the effects of such emotional and political issues such as Nazism and Fascism upon the allegiances of Germans and Italians the rift in the ethnic community caused by the communist scare and the influence of such figures such as Franklin D Roosevelt Father Charles Coughlin and Fiorello La Guardia

Working Women of Collar City Carole

Turbin,2023-02-13 Why have some working women succeeded at organizing in spite of obstacles to labor activity Under what circumstances were they able to form alliances with male workers Carole Turbin explores these and other questions by examining the case of Troy New York In the 1860s Troy produced nearly all the nation s detachable shirt collars and cuffs The city s collar laundresses were largely Irish immigrants Their union was officially the nation s first women s labor organization and one of the best organized Turbin provides a new perspective on gender and shows that women s family ties are not necessarily a conservative influence but may encourage women s and men s collective action *New York City*

George J. Lankevich,2002-09 Previously published as *An American Metropolis* this book is a punchy definitive history of New York and has been updated to include new material on the Giuliani administration and the events of September 2001

Proceedings of the New York State Historical Association with the Quarterly Journal New York State Historical Association,1982 **An Immigrant Neighborhood** Shirley Yee,2012 Examining race and ethnic relations through an intersectional lens Shirley Yee s *An Immigrant Neighborhood* investigates the ways that race class and gender together shaped concepts of integration and assimilation as well as whiteness and citizenship in lower Manhattan during the late nineteenth and early twentieth centuries In contrast to accounts of insulated neighborhoods and ethnic enclaves Yee unearths the story of working class urban dwellers of various ethnic groups Chinese Jews Italians and Irish routinely interacting in social and economic settings Yee s numerous fascinating anecdotes such as one about an Irishman who served as the only funeral director for Chinese for many years recount the lived experiences of these neighborhoods detailing friendships business relationships and sexual relationships that vividly counter the prevailing idea that different ethnic groups did not mix except in ways marked by violence and hostility
