Poetry and Politics in the Cockney School Jeffrey N. Cox, 2004-05-20 Jeffrey N Cox refines our conception of second generation Romanticism by placing it within the circle of writers around Leigh Hunt that came to be known as the Cockney School Offering a theory of the group as a key site for cultural production Cox challenges the traditional image of the Romantic poet as an isolated figure by recreating the social nature of the work of Shelley Keats Hunt Hazlitt Byron and others as they engaged in literary contests wrote poems celebrating one another and worked collaboratively on journals and other projects Cox also recovers the work of neglected writers such as John Hamilton Reynolds Horace Smith and Cornelius Webb as part of the rich social and cultural context of Hunt s circle This book not only demonstrates convincingly that a Cockney School existed but shows that it was committed to putting literature in the service of social cultural and political reform **The plays (poems) of Shakespeare, ed. by H. Staunton, the illustr. by J. Gilbert engr. by the brothers Dalziel** William Shakespeare, 1858

Echoes of Opera in Modern Italian Poetry Mattia Acetoso, 2020-06-24 Twentieth century Italian poetry is haunted by countless ghosts and shadows from opera *Echoes of Opera in Modern Italian Poetry* reveals their presence and sheds light on their role in shaping that great poetic tradition This is the first work in English to analyze the influence of opera on modern Italian poetry uncovering a fundamental but neglected relationship between the two art forms A group of Italian poets from Gabriele D Annunzio to Giorgio Caproni by way of Umberto Saba and Eugenio Montale made opera a cornerstone of their artistic craft More than an occasional stylistic influence opera is rather analyzed as a fundamental facet of these poets intellectual quest to overcome the expressive limitations of lyrical poetry This book reframes modern Italian poetry in a truly interdisciplinary perspective broadening our understanding of its prominence within the humanities in the twentieth century and beyond Description in Classical Arabic Poetry Akiko Motoyoshi Sumi, 2004 This work deals with wasf or description which is one of the salient characteristics of the qasidah classical Arabic poetry tradition It examines descriptive passages in a selected group of Arabic qasidah from different ages with the motifs of horses and bees and honey gathering *The Shaping of English Poetry* Gerald Morgan, 2010 This collection of essays is conceived not as a summary of past endeavours but as the beginning of an attempt to present a sense of the wholeness of a distinctively English literature from Beowulf to Spenser The native alliterative tradition of England is represented by its final flowering in two essays on Sir Gawain and the Green Knight and three on Piers Plowman The renewal of English letters in the fourteenth century inspired by continental models in French and Italian is represented by four essays on Chaucer The poetic achievement of these three medieval masters remains unmatched until Spenser announces himself in a third great age in the history of English poetry and this is represented by three essays on the first three books of *The Faerie Queene* Spenser s indebtedness to Langland and Chaucer and his philosophical conservatism in drawing on the thought of Aristotle and the

tradition of medieval commentary surrounding the works of Aristotle ensure that the tradition of English poetry in the Renaissance is securely rooted in its medieval inheritance *Masculinity and the Hunt* Catherine Bates,2013-03-21

Masculinity and the Hunt traces the imagery of the hunt in English literature of the 16th century exploring a set of practices and motifs that are central to the culture of the period **Remembering Keats - Essays & Poetry in Dedication to the Romantic Poet** Various,2020-12-21 Remembering Keats is a brand new collection of poetry and essays by various authors dedicated to English Romantic poet John Keats 1795 1821 Together with Lord Byron and Percy Bysshe Shelley he was a key figure during the second generation of Romantic poets most famous for such poems as *Sleep* and *Poetry Ode to a Nightingale* and *On First Looking into Chapman's Homer* Keats died at the age of 25 from tuberculosis only four years after the first publication of his works Despite not being praised by critics during his short life Keats has since become one of the most celebrated English poets to have ever lived Contents include Keats by James Russell Lowell *On the Promise of Keats* by George Edward Woodberry *A Reading in the Letters of John Keats* by Leon H Nincent Keats by Barnette Miller Keats by Edmund Clarence Stedman *Adonais* by Percy Bysshe Shelley Keats by Frances A Fuller *The Poet Keats* Keats by Richard Watson Gilder *For the Anniversary of John Keats's Death* by Sara Teasdale and Keats *A Sonnet* by Florence Earle Coates A fantastic collection of assorted writings that will appeal to poetry lovers and those with a particular interest in the life and work of this incredible literary figure Ragged Hand is publishing this brand new collection of classic writings now complete with a specially commissioned new biography of the author **Words and the Poet** R. O. A. M. Lyne,1998 Readers familiar with Dr Lyne's last book on Virgil will know what to expect There is the same clarity of expression and layout the same care to make his use of special terminology unambiguous the same passionate belief to use his own words that nothing in Virgil is without purpose of explanation Dr Lyne undoubtedly makes the reader think and sharpens his perception of Virgil he imparts much interesting factual information in a clear orderly style and his passion to know what can be found in Virgil's text is genuine and attractive Greece and Rome To a surprising extent Vergil avoids artifices of poetic diction like archaism and grecism preferring ordinary language words that were the common stock of the Latin tongue or even and this remarkably often words that conventional poets generally avoided at all costs as too ordinary prosaisms colloquialisms In this he shares the taste of his contemporary Horace The present book identifies and categorizes such diction in Vergil But more importantly it shows how such comparatively unpromising material is converted by the poet's methods of combination *iunctura* into poetry Parallels are drawn with Horace's procedures and Vergil's boldness stressed Horace combines words in such a way as to make them new Vergil's combinations veritably extort unexpected and novel sense Horace can put prosaic words to work in spite of their unpromising familiarity Vergil more vigorously exploits them The Vergilian techniques of extortion and exploitation are richly illustrated in this book Not all Vergil's characteristic methods merit such violent descriptions His use of the traditional simile narrative through imagery is characterized by discretion and guile but at key points links up with

those more forceful methods Guileful too is the way in which he may persuade some neutral word to acquire a special sense over a stretch of text or the way he may incite us to pursue a sequence of related effects Vergilian narrative through imagery and his techniques of incitement and acquisition are also fully explained in this richly original and informative book
