The Incarnation:

The Incarnation of God John Clark, Marcus Peter Johnson, 2015-03-31 It is the defining reality of all existence the central fact of human history and the heart of the Christian faith God became a man and lived among us More than just part of the Christmas story the doctrine of the incarnation radically affects our understanding of God humanity life death and salvation In *The Incarnation of God* theology professors John Clark and Marcus Johnson explore this foundational Christian confession examining its implications for the church's knowledge and worship of God Grounded in Scripture and informed by church history this book will help Christians rediscover the inestimable significance of the truth that the Son of God became what we are without ceasing to be the eternal God the greatest mystery of the universe *The Doctrine of the Incarnation Opened* Edward Irving, 2021-08-31 Edward Irving's Christological thought was at the center of a theological storm in the early nineteenth century For Irving that God the Son assumed a fallen human nature was of the utmost importance Without this he believed the reality of salvation was questioned the trinitarian grammar of the work of God was neglected and the basis of Christian discipleship in the power of the Spirit was emptied of its power Irving's views on this matter went on to inform the thought of John McLeod Campbell Thomas F Torrance and Karl Barth This abridgement presents Irving's distinctive views regarding the person of Jesus Christ in an accessible format Readers will be further assisted in engaging with Irving's views with an introduction and a critical response *The Incarnation of the Word* Edward Morgan, 2010-04-01 An exploration of three of Augustine's central texts the *De Trinitate* the *De Doctrina Christiana* and the *Confessions* elucidate the principles of Augustine's theology of language This is done in a systematic manner which previous scholarship on Augustine has lacked Augustine's principles are revealed through a close reading of these three core texts Beginning with the *De Trinitate* the book demonstrates that Augustine's inquiry into the character of the human person is incomplete For Augustine there is a void without reference to the category of human speech the very thing that enables him to communicate his theological inquiry into God and the human person in the *De Trinitate* From here the book examines a central work of Augustine that deals with the significance of divine and human speech the *De Doctrina Christiana* It expounds this text carefully showing three chief facets of Augustinian thought about divine and human communication human social relations human self interpretation using scripture and preaching the public communication of God's word It accepts the *De Doctrina Christiana* as laying theoretical foundations for Augustine's understanding of the task of theology and language's meaning and centrality within it The book then moves to Augustine's *Confessions* to see the principles of Augustine's theology of language enacted within its first nine books Augustine's conversion narrative is analysed as a literary demonstration of Augustine's description of human identity before God showing how speech and human social relations centrally mediate God's relationship to humanity For Augustine human identity properly speaking is confessional The book returns to the *De Trinitate* to complete its analysis of that text using the principles of the theology of language uncovered in the *De Doctrina*

Christiana and the Confessions It shows that the first seven books of that text and its core structure move around the principles of the theology of language that the investigation has uncovered To this extent theological inquiry for Augustine the human task of looking for God is bound up primarily within the act of human speech and the social relations it helps to compose The book closes with reflection on the significance of these findings for Augustinian scholarship and theological research more generally

The Incarnation of the Son of God Charles Gore,1891

The Incarnation and the Church's Witness Darrell L. Guder,2005-09-28 For several years argues Guder contemporary Christian churches have often thought of their mission efforts as simply one more program of the church In addition outsiders have rightly criticized Christian mission efforts as exercises in cultural imperialism In this provocative book Guder argues that the incarnation of God in Jesus provides the foundational model for the practice of Christian missions in the world today The incarnation is the culmination of God s activity and presence in the world says Guder for in this event God initiates the healing of a broken world Using literary historical and social approaches to scripture Guder claims the contemporary church should return to an incarnational mission in which the practice of Christian witness is shaped by the life ministry suffering death and resurrection of Jesus

God, Time, and the Incarnation Richard A. Holland Jr.,2012-02-20 The dominant view among Christian theologians and philosophers is that God is timeless that he exists outside of time in an atemporal eternity In God Time and the Incarnation Richard Holland offers a critical evaluation of this traditional view in light of the most central doctrine of Christianity the Incarnation of Christ Holland reviews the history of this controversy highlighting the various theological problems for which atemporal models have been offered as a solution He asserts the central importance of the Incarnation for Christian theology and evaluates several atemporal models in light of this doctrine Finally he suggests that the traditional atemporal view is not compatible with a robust and orthodox view of the Incarnation This book rejects the traditional atemporal view of God s relationship to time and argues based on the Incarnation that God experiences temporal sequence in his existence

On the Incarnation Saint Athanasius (Patriarch of Alexandria),Penelope Lawson,1998 New edition revised with a letter of St Athanasius on the interpretation of the Psalms added as an appendix Includes bibliographical references

Jesus and the Incarnation David Emmanuel Singh,2011 Jesus and the Incarnation Reflections of Christians from Islamic Contexts In the dialogues of Christians with Muslims nothing is more fundamental than the Cross the Incarnation and the Resurrection of Jesus An open and honest conversation on these is a necessity as Christians all over the world meet with Muslims on a daily basis Building on the volume on the Cross published in 2009 this book contains voices of Christians living in various Islamic contexts and reflecting on the Incarnation of Jesus The aim of these reflections is constructive and the hope is that the papers weaved around the notion of the Word will not only promote dialogue among Christians on the roles of the Person and the Book but also create a positive environment for their conversations with Muslim neighbors

The Incarnation Stephen T. Davis,Daniel Kendall SJ,Gerald O'Collins SJ,2002-05-03 This interdisciplinary

study follows an international and ecumenical meeting of twenty four scholars held in New York at Easter 2000 the Incarnation Summit After an opening chapter which summarizes and evaluates twelve major questions concerning the Incarnation five chapters are dedicated to the biblical roots of this central Christian doctrine A patristic and medieval section corrects misinterpretations and retrieves for today the significance of the Council of Chalcedon AD 451 and its aftermath as well as clarifying Aquinas enduring metaphysical interpretation of the Incarnation The volume then moves to theological and philosophical debates three scholars take up such systematic issues as belief in the Incarnation the self emptying that it involves and its compatibility with divine timelessness The remaining four essays consider the place of the doctrine of the Incarnation in literature ethics art and preaching There is a fruitful dialogue between experts in a wide range of areas and the international reputation of the participants reflects and guarantees the high quality of this joint work The result is a well researched skilfully argued and at times provocative volume on the central Christian belief the Incarnation of the Son of God

The Culture of the Incarnation: Essays in Catholic Theology Tracey Rowland, 2017-08-01 In this collection of essays distinguished Australian theologian Tracey Rowland takes up the relationship of Christ and culture broadly understood She contrasts the principles undergirding what St John Paul II called a culture of death with those required for the flourishing of a humanism that flows from the grace of the Incarnation Rowland returns frequently to the theological insights of Joseph Ratzinger Pope Benedict XVI to whose thought she is deeply indebted Drawing upon the Augustinian and Thomist traditions of political theology she offers a trenchant theological critique of liberalism in all its forms with attention to our modern attraction to false utopias and accommodationist impulses The nine essays in this volume engage such perennial topics as the place of natural law the theological status of the world and the nature of true humanism along with timely topics such as the retrieval of the sources of Catholic resistance to Communism and what is now commonly called cultural Marxism Rowland s inimitable voice keen wit and penetrating insight into the distinctiveness of Catholic truth make this book a landmark volume as the Church today revisits anew its relationship to the world
