Eisenhower J. Edgar Hoover and Joseph McCarthy the full story of his movement has never been told Christopher Lane shows how the famed minister's brand of Christian psychology inflamed the nation's religious revival by promoting the concept that belief in God was essential to the health and harmony of all Americans We learn in vivid detail how Peale and his powerful supporters orchestrated major changes in a nation newly defined as living under God This blurring of the lines between religion and medicine would reshape religion as we know it in the twentieth and twenty-first centuries
