The Industrial Revolution In Shropshire:

The Industrial Revolution in Shropshire Barrie Stuart Trinder, 2000-01-01 The first edition 1973 was acclaimed and it firmly established the Shropshire Coalfield as the cradle of the Industrial Revolution After several reprints a new edition appeared in 1981 but since then there has been much further research and re examination of interpretations prompting a completely re written book with an entirely new structure and with many more illustrations all integrated with the relevant text This is the book that made Ironbridge a place of international pilgrimage and in its new edition provides a 21st century explanation why *The Industrial Revolution in Shropshire* Barrie Stuart Trinder, 1973 [The Industrial Revolution and British Society](#) Patrick O'Brien, Roland Quinault, 1993-01-29 This text is a wide ranging survey of the principal economic and social aspects of the first Industrial Revolution [The Iron Bridge](#) Neil Cossons, Barrie Stuart Trinder, 1979 [Technology in the Industrial Revolution](#) Barbara Hahn, 2020-01-23 Places the British Industrial Revolution in global context providing a fresh perspective on the relationship between technology and society **The Country Houses of Shropshire** Gareth Williams, 2021 A gazetteer of the many fine Shropshire country houses which covers the architecture the owners family history and the social and economic circumstances that affected them Shropshire is the largest English inland county and has a wide variety of important landed country houses with owners from diverse social groups with links to trade in Liverpool Manchester and London as well as the local gentry This book is not simply about the houses they built but also about the people who lived in them and the context in which the houses are set The architecture is of course fully covered What is distinctive about the author's approach is that he treats the histories of the families their artistic tastes and their estates as an integral part of the character of each house Country houses can serve as a barometer of national tastes and of the social and economic times in which they were built The work includes reference to the important sporting associations fine and decorative art collections and to important guests and social networks Unlike most architectural guides this aims at a wider readership and will be an important resource for social historians genealogists and local historians The Country Houses of Shropshire considers the history of 347 identified houses of varying importance those with a significant or influential history are given a main entry of up to 6000 words whilst lesser houses are treated with an entry of less than 1000 words All houses have footnoted entries enabling the reader to refer directly to source and to undertake further research themselves rtant guests and social networks Unlike most architectural guides this aims at a wider readership and will be an important resource for social historians genealogists and local historians The Country Houses of Shropshire considers the history of 347 identified houses of varying importance those with a significant or influential history are given a main entry of up to 6000 words whilst lesser houses are treated with an entry of less than 1000 words All houses have footnoted entries enabling the reader to refer directly to source and to undertake further research themselves rtant guests and social networks Unlike most architectural guides this aims at a wider readership and will be an important resource for social historians genealogists and
