The Innocent Party:

Ethical Frontiers of the State A. J. M. Milne, 2016-07-27 The moral justification for government is that it is needed to promote the community's interest. What is that interest? an interest in. Upon what basis can disagreements about the community's interest and individual interests be reconciled? Can democracy enable dissatisfaction with their reconciliation to be lived with? Perhaps if people are prepared to meet the requirements of democratic citizenship. What are these requirements and what is their justification? These are the questions with which this book is concerned. Text, Cases and Materials on Contract Law Richard Stone, James Devenney, 2014-03-26 Written by leading authors in the field, this clear and highly accessible volume provides full coverage of the topics commonly found in the contract law syllabus alongside up to date illustrative case examples and stimulating commentary. Composed of approximately one quarter authors' commentaries and three quarters cases and materials including academics' articles and extracts from books and Law Commission papers, this book takes account of a variety of theoretical perspectives including economic, relational and empirical conceptions of the law. This book facilitates the development of personal study skills and encourages readers to engage with the leading academic commentaries in the area. Features to support your learning include chapter introductions, highlight the salient features under discussion and signpost topics to guide readers through this comprehensive text, additional reading listed at the end of each chapter to assist further study and independent research, clear and attractive text design that differentiates between the authors' commentaries and the materials, a companion website that provides skills materials and self-assessment tasks to help further your learning. The range of material covered, straightforward style and targeted updates to this third edition make Text, Cases and Materials on Contract Law a comprehensive and invaluable resource for all undergraduate students of contract law. **Commonwealth Caribbean Contract Law** Gilbert Kodilinye, Maria Kodilinye, 2013-10-08 The first textbook on Commonwealth Caribbean Contract law for undergraduate and sixth form students. Commonwealth Caribbean Contract Law is a new and unrivalled resource on the subject. This textbook utilises Caribbean Case Law and Statutory provisions to provide a clear and immersive path into the study of contract law from a Caribbean perspective. Encompassing topics that include misrepresentation, privity and remedies, this book expertly introduces and explains the many aspects of contract law in the Caribbean. Written by a well-established textbook author and professor of law at Mona Campus, the textbook comprehensively covers all key principles of contractual obligations studied by undergraduate students and is relevant to practitioners in a modern and accessible way. An invaluable reference, this book is essential reading for those with an academic or professional interest in contract law. Complete Contract Law André Naidoo, 2021 Complete Contract Law offers students a carefully blended combination of the concepts and cases of contract law accompanied by insightful commentary, a combination designed to encourage critical thinking, stimulate analysis and promote a complete understanding. **Contract Law** Ewan McKendrick, 2023-04-06 The 15th edition of Ewan McKendrick KC's bestselling

textbook is the go to resource for all students of contract law It combines a clear and straightforward account of basic doctrines including consideration and illegality with up to date coverage of more recent developments such as the recent Supreme Court and Privy Council decisions dealing with economic duress and the interpretation of exclusion and limitation clauses Other contemporary considerations covered include the application of the doctrine of frustration to contracts which have been impacted by the COVID 19 pandemic and the scope of the doctrines of mistake and misrepresentation Packed with a range of pedagogical features from hot topic discussion boxes to end of chapter summaries and exercises this straightforward and stimulating text is the essential learning companion for students undertaking undergraduate law degrees the GDL CPE modules or other equivalent contract law courses **Construction Law** Julian Bailey, 2016-07-15

Estoppel Sean Wilken, Karim Ghaly, 2012-02-02 The doctrines of waiver variation and estoppel are relied upon to justify or criticize a party's changed position as to its contractual obligations. This book provides a complete practitioner guide to these complex but important doctrines, analysing their basic foundations and their relationship with other areas of law including contract, restitution and equity. As well as clarifying and explaining these doctrines in relation to other areas, it also considers their application in various aspects of commercial law. This new edition provides a thorough analysis of the increasing trend in commercial parties to insert no waiver clauses into contracts and considers the behaviour adopted by the courts in relation to these and other matters. It also includes coverage of important cases such as the House of Lords decision in *Yeoman v Cobbe*, *Dallah Real Estate v Pakistan Ministry of Religious Affairs* and those such as the Scottish decision in *City Inns* which demonstrate an on-going confusion and uncertainty in the analysis and application of these doctrines. *Chitty on Contracts, 31st edition volumes 1 & 2*,
