Skeptical Feminism Activist Theory Activist Practice:

Skeptical Feminism Carolyn Dever, 2004 In this major work Carolyn Dever analyzes the politics of feminist theory by looking at its popular activist and academic modes from the liberation movements of the 1970s to gender and queer studies now Using key moments in the history of modern feminism consciousness raising best selling books like *Sexual Politics* by Kate Millett and media representations of women s struggle for equality Dever outlines heated debates over psychoanalysis sexuality and activism and argues that a fundamental skepticism toward abstraction has been vital to the development of the movement Powerful illuminating and galvanizing *Skeptical Feminism* traces the strategies the women s movement has used to make theory matter and points toward a new politically engaged approach to feminist thought Book jacket *Skeptical Feminism* Carolyn Dever, 2004 In this major work Carolyn Dever considers the ambivalence or outright hostility many feminists feel toward theory arguing that a fundamental skepticism toward abstraction has been vital to the development of the movement Dever analyzes the politics of feminist theory by looking at its popular activist and academic modes from the liberation movements of the 1970s to gender and queer studies now Using key moments in the history of modern feminism consciousness raising best selling books like *Sexual Politics* by Kate Millett and *The Women s Room* by Marilyn French and media representations of women s struggle for equality Dever outlines heated debates over psychoanalysis sexuality and activism The abstract and the grounded converge in discussions about the relationship between the feminist mind and the feminist body and in the preoccupation both uneasy and utopian with lesbian sexuality Powerful illuminating and galvanizing *Skeptical Feminism* traces the strategies the women s movement has used to make theory matter and points toward a new politically engaged approach to feminist thought A clarion call for a new approach to feminist thought *The SAGE*

Handbook of Qualitative Research Norman K. Denzin, Yvonna S. Lincoln, Michael D. Giardina, Gaile S. Cannella, 2023-06-19 This new edition of the SAGE Handbook of Qualitative Research represents the sixth generation of the ongoing conversation about the discipline practice and conduct of qualitative inquiry As with earlier editions the Sixth Edition is virtually a new volume with 27 of the 34 chapters representing new topics or approaches not seen in the previous edition To mark the Handbook s 30 year history we are pleased to offer a bonus PART VI in the eBook versions of the Sixth Edition this additional section brings together and reprints ten of the most famous or game changing contributions from the previous five editions

Doing Feminist Research in Political and Social Science Brooke A. Ackerly, Jacqui True, 2019-11-08 Guiding students step by step through the research process while simultaneously introducing a range of debates challenges and tools that feminist scholars use the second edition of this popular textbook provides a vital resource to those students and researchers approaching their studies from a feminist perspective Interdisciplinary in its approach the book covers everything from research design analysis and presentation to formulating research questions data collection and publishing research Offering the most comprehensive and practical guide to the subject available the text is now also fully updated to take account of

recent developments in the field including participatory action research new technologies and methods for working with big data and social media Doing Feminist Research is required reading for undergraduate and postgraduate courses taking a feminist approach to social science methodology research design and methods It is the ideal guide for all students and scholars carrying out feminist research whether in the fields of international relations political science interdisciplinary international and global studies development studies or gender and women s studies New to this Edition New discussions of contemporary research methods including participatory action research survey research and technology and methods for big data and social media Updated to reflect recent developments in feminist and gender theory with references to the latest research examples and new boxes considering recent shifts in the social and political sciences Brand new boxed examples throughout covering topics including collaborations femicide negotiating changing research environments and the pros and cons of feminist participatory action research The text is now written in the first authors and second readers person making the text clearer more consistent and inclusive from the reader point of view **Feminism and Affect at the Scene of**

Argument Barbara Tomlinson,2010-05-07 Showing how both feminist and anti feminist arguments work and providing tools for social justice and changing civic life **The Landscape of Qualitative Research** Norman K. Denzin,2008 The

Landscape of Qualitative Research Third Edition attempts to put the field of qualitative research in context Part I provides background on the field starting with history then action research and the academy and the politics and ethics of qualitative research Part II isolates what we regard as the major historical and contemporary paradigms now structuring and influencing qualitative research in the human disciplines The chapters move from competing paradigms positivist postpositivist constructivist critical theory to specific interpretive perspectives feminisms racialized discourses cultural studies sexualities and queer theory Part III considers the future of qualitative research This text is designed for graduate students taking classes in social research methods and qualitative methods as well as researchers throughout the social sciences and in some fields within the humanities *The SAGE Handbook of Qualitative Research* Norman K. Denzin

(ed),Yvonna S. Lincoln,2005 A thoroughly revised updated edition this volume includes new chapters on auto ethnography critical race theory queer theory testimonies **Feminist mental health activism in England, c. 1968-95** Kate

Mahoney,2023-12-12 Feminist mental health activism in England c 1968 1995 provides the first in depth examination of feminist mental health activism in England employing original oral history interviews alongside detailed case studies of unexplored feminist initiatives It charts how feminist activists in the late 1960s initially rejected psychological approaches before employing a range of therapies to understand themselves and support one another This book charts the emergence of feminist mental health groups in the early 1970s the development of feminist therapy across the 1980s and the influence of feminist politics on national charity Mind in the 1990s It examines what participation in feminist activism felt like demonstrating how these emotions have influenced the construction of its history The book simultaneously forges a new

direction in the history of mental healthcare in postwar England establishing how feminists grassroots support for women redefined community care *The Feminist Bookstore Movement* Kristen Hogan,2016-03-10 From the 1970s through the 1990s more than one hundred feminist bookstores built a transnational network that helped shape some of feminism s most complex conversations Kristen Hogan traces the feminist bookstore movement s rise and eventual fall restoring its radical work to public feminist memory The bookwomen at the heart of this story mostly lesbians and including women of color measured their success not by profit but by developing theories and practices of lesbian antiracism and feminist accountability At bookstores like BookWoman in Austin the Toronto Women s Bookstore and Old Wives Tales in San Francisco and in the essential Feminist Bookstore News bookwomen changed people s lives and the world In retelling their stories Hogan not only shares the movement s tools with contemporary queer antiracist feminist activists and theorists she gives us a vocabulary strategy and legacy for thinking through today s feminisms **Girl Zines** Alison Piepmeier,2009-11-01 The first book length exploration of the quirky feminist booklets With names like The East Village Inky Mend My Dress Dear Stepdad and I m So Fucking Beautiful zines created by girls and women over the past two decades make feminism s third wave visible These messy photocopied do it yourself documents cover every imaginable subject matter and are loaded with handwriting collage art stickers and glitter Though they all reflect the personal style of the creators they are also sites for constructing narratives identities and communities Girl Zines is the first book length exploration of this exciting movement Alison Piepmeier argues that these quirky personalized booklets are tangible examples of the ways that girls and women do feminism today The idiosyncratic surprising and savvy arguments and issues showcased in the forty six images reproduced in the book provide a complex window into feminism s future where zinesters persistently and stubbornly carve out new spaces for what it means to be a revolutionary and a girl Girl Zines takes zines seriously asking what they can tell us about the inner lives of girls and women over the last twenty years Qualitative Methods in International Relations A. Klotz,D. Prakash,2008-02-27 We still lack practical answers to one of the most basic questions in empirical research How should researchers interpret meanings The contributors take seriously the goals of both post modernist and positivist researchers as they offer detailed guidance on how to apply specific tools of analysis and how to circumvent their inherent limitations

Palgrave Advances in Charles Dickens Studies R. Patten,J. Bowen,2005-11-30 Palgrave Advances in Charles Dickens Studies is a comprehensive and authoritative guide to the study of one of the most important Victorian novelists Its editors Robert L Patten and John Bowen are leading authorities on Dickens and the international team of contributors they have assembled contains some of the most exciting critics of nineteenth century fiction writing today The book covers the whole range of Dickens s writing and criticism about it including biographical theoretical and historical approaches It is based on up to the minute research and written in a lively and engaging way and will be essential reading for all students and scholars of this canonical writer Family Likeness Mary Jean Corbett,2011-03-15 In nineteenth century England marriage between

first cousins was both legally permitted and perfectly acceptable After mid century laws did not explicitly penalize sexual relationships between parents and children between siblings or between grandparents and grandchildren But for a widower to marry his deceased wife s sister was illegal on the grounds that it constituted incest That these laws and the mores they reflect strike us today as wrongheaded indicates how much ideas about kinship marriage and incest have changed In *Family Likeness* Mary Jean Corbett shows how the domestic fiction of novelists including Jane Austen Charlotte Bront George Eliot Elizabeth Gaskell and Virginia Woolf reflected the shifting boundaries of family and even helped refine those borders Corbett takes up historically contingent and culturally variable notions of who is and is not a relative and whom one can and cannot marry Her argument is informed by legal and political debates texts in sociology and anthropology and discussions on the biology of heredity breeding and eugenics In Corbett s view marriage within families between cousins in laws or adoptees offered Victorian women both real and fictional an attractive alternative to romance with a stranger not least because it allowed them to maintain and strengthen relations with other women within the family

Cosmopolitan Style Rebecca L. Walkowitz, 2006 This is a groundbreaking work which links the novels of modernist contemporary and postcolonial authors to rethink the political nature of cosmopolitanism

The Theorist's Mother Andrew Parker, 2012-03-23 Andrew Parker undertakes a critical reconsideration of the frequently absent or troubled figure of the mother in theorists including Marx Freud Lacan and Derrida

About Time Adam Frank, 2012-09-11 The Big Bang is dead and astrophysicist Adam Frank explains how our experience of time will change as a result

A Concise Companion to the Victorian Novel Francis O'Gorman, 2008-04-15 This volume presents fresh approaches to classic Victorian fiction from 1830 1900 Opens up for the reader the cultural world in which the Victorian novel was written and read Crosses traditional disciplinary boundaries Provides fresh perspectives on how Victorian fiction relates to different contexts such as class sexuality empire psychology law and biology

Gender and International Migration Katharine M. Donato, Donna Gabaccia, 2015-03-30 In 2006 the United Nations reported on the feminization of migration noting that the number of female migrants had doubled over the last five decades Likewise global awareness of issues like human trafficking and the exploitation of immigrant domestic workers has increased attention to the gender makeup of migrants But are women really more likely to migrate today than they were in earlier times In *Gender and International Migration* sociologist and demographer Katharine Donato and historian Donna Gabaccia evaluate the historical evidence to show that women have been a significant part of migration flows for centuries The first scholarly analysis of gender and migration over the centuries *Gender and International Migration* demonstrates that variation in the gender composition of migration reflect not only the movements of women relative to men but larger shifts in immigration policies and gender relations in the changing global economy While most research has focused on women migrants after 1960 Donato and Gabaccia begin their analysis with the fifteenth century when European colonization and the transatlantic slave trade led to large scale forced migration including the transport of prisoners and indentured servants to

the Americas and Australia from Africa and Europe Contrary to the popular conception that most of these migrants were male the authors show that a significant portion were women The gender composition of migrants was driven by regional labor markets and local beliefs of the sending countries For example while coastal ports of western Africa traded mostly male slaves to Europeans most slaves exiting east Africa for the Middle East were women due to this region s demand for female reproductive labor Donato and Gabaccia show how the changing immigration policies of receiving countries affect the gender composition of global migration Nineteenth century immigration restrictions based on race such as the Chinese Exclusion Act in the United States limited male labor migration But as these policies were replaced by regulated migration based on categories such as employment and marriage the balance of men and women became more equal both in large immigrant receiving nations such as the United States Canada and Israel and in nations with small immigrant populations such as South Africa the Philippines and Argentina The gender composition of today s migrants reflects a much stronger demand for female labor than in the past The authors conclude that gender imbalance in migration is most likely to occur when coercive systems of labor recruitment exist whether in the slave trade of the early modern era or in recent guest worker programs Using methods and insights from history gender studies demography and other social sciences *Gender and International Migration* shows that feminization is better characterized as a gradual and ongoing shift toward gender balance in migrant populations worldwide This groundbreaking demographic and historical analysis provides an important foundation for future migration research

Designing Women Tita Chico, 2005 Drawing on extensive archival research Chico argues that the dressing room embodies contradictory connotations linked to the eroticism and theatricality of the playhouse tiring room as well as to the learning and privilege of the gentleman s closet

Between Women Sharon Marcus, 2009-07-10 Women in Victorian England wore jewelry made from each other s hair and wrote poems celebrating decades of friendship They pored over magazines that described the dangerous pleasures of corporal punishment A few had sexual relationships with each other exchanged rings and vows willed each other property and lived together in long term partnerships described as marriages But as Sharon Marcus shows these women were not seen as gender outlaws Their desires were fanned by consumer culture and their friendships and unions were accepted and even encouraged by family society and church Far from being sexless angels defined only by male desires Victorian women openly enjoyed looking at and even dominating other women Their friendships helped realize the ideal of companionate love between men and women celebrated by novels and their unions influenced politicians and social thinkers to reform marriage law Through a close examination of literature memoirs letters domestic magazines and political debates Marcus reveals how relationships between women were a crucial component of femininity Deeply researched powerfully argued and filled with original readings of familiar and surprising sources *Between Women* overturns everything we thought we knew about Victorian women and the history of marriage and family life It offers a new paradigm for theorizing gender and sexuality not just in the Victorian period but in our own
