Small Scale Research Pragmatic Inquiry In Social Science And The Caring Professions

**Loraine Blaxter, Christina
Hughes, Malcolm Tight**

Small Scale Research Pragmatic Inquiry In Social Science And The Caring Professions:

Small-Scale Research Peter T Knight, 2001-11-29 The author takes the student through the whole of the research process including anticipating common mistakes and times of trouble and offering advice on how to make things easier on yourself The methods work is sound and the methodology is put across very well and nicely integrated with the thinking out of the research Rigorous accessible upbeat I would expect this to become a widely used resource for students and lone researchers at all levels Roger Sapsford School of Social Sciences University of Teeside Timely assured and written with the needs of students uppermost Small Scale Research is a direct comprehensive guide for students doing theses dissertations papers and projects It systematically works through the central methods of inquiry and demonstrates the strengths and weaknesses of different approaches The advice on when and how to use small scale methods is pragmatic recognizing that small scale researchers are usually short on time and resources Yet behind this pragmatism is the principle that research is above all about thinking Whatever needs to be done in a research project has to be for the purpose of providing research audiences with the best possible answers in the circumstances to the research questions The book argues that it is not enough to apply research methods Sense making and claims making are central to good research practice

Small-Scale Research Peter T Knight, 2002-03-29 Written with the needs of students uppermost Small Scale Research is a direct comprehensive guide for students doing theses dissertations papers and projects It systematically works through the central methods of inquiry and demonstrates the strengths and weaknesses of different approaches

First Person Action Research Judi Marshall, 2016-05-16 In First Person Action Research Judi Marshall invites her reader to join her in the rich world of first person inquiry a reflexive approach to life and to one's own participation in research and learning Written as a collage of interrelated chapters fragments and voices this is an important meditation on the nature of inquiring action Judi Marshall's book provides an accessible introduction to self reflective practice exploring its principles and practices and illustrating with reflective accounts of inquiry from the author's professional and personal life The book also considers action for change in relation to issues of ecological sustainability and corporate responsibility Writing is reviewed as a process of inquiry and as a way to present action research experiences Connections are made with the work of the literary authors Nathalie Sarraute and Kazuo Ishiguro to expand the scope of typical academic writing practices First Person Action Research is an important and practical resource for students teachers and practitioners of action research alike It is a thoughtful and sensitive account of an emerging field in Research Methods

An Introduction to Qualitative Research Gretchen B. Rossman, Sharon F. Rallis, 2016-04-08 The updated Fourth Edition of Gretchen B Rossman and Sharon F Rallis's popular introductory text leads the new researcher into the field by explaining the core concepts through theory research and applied examples Woven into the chapters are three themes that are the heart of the book first research is about learning second research can and should be useful and finally a researcher should practice the highest ethical standards to ensure that a study is trustworthy The

Fourth Edition includes an elaborate discussion of systematic inquiry as well as a nuanced discussion of developing a conceptual framework

Designing Qualitative Research Catherine Marshall, Gretchen B. Rossman, 2006 With expanded coverage of ethics analysis processes and approaches the authors have updated their text to reflect advances and challenges It features updated references and further reading sections postscripts at the end of each chapter and a guide to crafting a project from start to finish

Oxford Handbook of Sociology, Social Theory and Organization Studies Paul S. Adler, Paul du Gay, Glenn Morgan, Michael Reed, 2014-10-16 Sociology and social theory has always been a major source of new perspectives for organization studies Access to a series of authoritative accounts of theorists and research themes in sociology and social theory which have influenced developments in organization studies is essential for those wishing to deepen and extend their knowledge of the intersection of sociology and organization studies This goal is achieved by drawing on a group of internationally renowned scholars committed in their own work to strengthening these links and asking them to provide critical accounts of particular theorists and research themes which have straddled this divide This volume aims to strengthen

ties between organization studies and contemporary sociological work at a time when there are increasing institutional barriers to such cooperation potentially generating a myopia that constricts new developments Used in conjunction with its companion volume *The Oxford Handbook of Sociology and Organization Studies* Classical foundations the reader is provided with a comprehensive account of the productive and critical interaction between sociology and organization studies over many decades Highly international in scope theorists and themes are drawn from both the USA and Europe in equal measure Similarly the authors of the chapters are drawn from both sides of the Atlantic The result is a series of chapters on individuals and key research themes and debates which will provide faculty and post graduate researchers with appreciative authoritative and critical accounts that can be drawn on to design courses or provided guided reading to the field

How to Research Loraine Blaxter,Christina Hughes,Malcolm Tight,2010-09-16 *How to Research* is a clear and accessible guide to the business of doing a research project It systematically takes the reader through from the planning to the writing up and finishing off The new edition of this book will include Expanded section on methodology Expanded section on Literature Reviews Inclusion of a glossary

[Resources for Nursing Research](#) Cynthia Clamp,Stephen Gough,Lucy Land,2005-01-11 The 4th edition of this extensive text is an outstanding resource prepared by nurses and a librarian for nurses In a structured and helpful style it presents thousands of items from the literature published papers reports books and electronic resources as a clear accessible and most of all useful collection The efforts to signpost and lead the reader to the sought for information are effective and well conceived and the How to use this book section is remarkably simple the book should be found in every nursing and health library every research institute and centre and close to many career researchers desks RCN Research This latest edition of *Resources for Nursing Research* provides a comprehensive bibliography of sources on nursing research and includes references for books journal papers and Internet resources Designed to act as a signpost to available literature in the area this Fourth Edition covers the disciplines of nursing health care and the social sciences Entries are concise informative and accessible and are arranged under three main sections Sources of Literature covers the process of literature searching including using libraries and other tools for accessing literature Methods of Inquiry includes an introduction to research how to conceptualize and design nursing and health research measurement and data collection and the interpretation and presentation of data The Background to Research in Nursing encompasses the development of nursing research the profession s responsibilities the role of government funding research roles and careers and education for research Fully revised and updated the Fourth Edition includes just under 3000 entries of which 90% are new It has extensive coverage of US UK literature and other international resources This new edition will be an essential guide for all those with an interest in nursing research including students teachers librarians practitioners and researchers

The Human Right to Water and its Application in the Occupied Palestinian Territories Amanda Cahill Ripley,2011-04-11 *The Human Right to Water and Its Application in the Occupied Palestinian Territories* provides an overview and examination of

the human right to water as determined under international human rights law This is a highly topical issue with the UN General Assembly having passed a resolution which declares access to clean water and sanitation a human right New York Jul 28 2010 the recent appointment of the UN Independent Expert on the issue of human rights obligations related to access to safe drinking water and sanitation and movement within the NGO community for an international water treaty Amanda Cahill Ripley analyses the current legal status substantive content and obligations correlative to the right and examines the relationship between other economic social and cultural rights related to the right to water The book goes on to look more specifically at the application of the human right to water in the Occupied Palestinian Territories Using innovative methodology Cahill Ripley combines legal analysis with a qualitative social science empirical case study to explore the enjoyment of the right on the ground The wider implications of the case study findings are then considered looking at what can be done to strengthen the right legally in terms of its status and codification and what remedy can be found for violations of the right both specifically in the Occupied Palestinian Territories and in a more general context The book will be of interest to students academics and practitioners within the fields of international human rights law and international humanitarian law as well as those concerned with international relations and conflict resolution within Israel Palestine and the wider Middle East region
