**The Canadian Horror Film** Gina Freitag, André Loiselle, 2015-01-01 From the cheaply made tax shelter films of the 1970s to the latest wave of contemporary eco horror, Canadian horror cinema has rarely received much critical attention. Gina Freitag and André Loiselle rectify that situation in *The Canadian Horror Film* with a series of thought-provoking reflections on Canada's terror of the soul, a wasteland of docile damnation and prosaic pestilence where savage beasts and mad scientists rub elbows with pasty suburbanites, grumpy seamen, and baby-faced porn stars. Featuring chapters on *Pontypool*, *Ginger Snaps*, 1970s slasher films, Quebec horror, and the work of David Cronenberg among many others, *The Canadian Horror Film* unearths the terrors hidden in the recesses of the Canadian psyche. It examines the highlights of more than a century of Canadian horror filmmaking and includes an extensive filmography to guide both scholars and enthusiasts alike through this treacherous terrain.

experienced practitioners in need of a refresher on the building blocks of storytelling      The Prank Adam Black, 2011-10

THE PRANK is a novel about the tendency for any news story involving a cute child or a reprehensible parent to become a media feeding frenzy about the incredible communicative power of the internet about the speed at which a fabricated happening can cross the threshold into accepted truth But it is also about us as consumers of narrative about how the digital revolution has changed the way we process information My hope is that as you are reading you will find yourself scanning skipping dismissing and cherry picking pay attention to these moments This is your brain doing something remarkable something profoundly post modern something perhaps not altogether benign from the author's foreword Frank Nevis knows that there's more than one way to get famous in America When massive flooding strikes his town only Frank has the presence of mind to weave a fabricated story into the actual drama unfolding around him After all what better way to attract interest and funding for his now defunct reality show career Fueled by the blogosphere Facebook Twitter and the echo chamber of the 24 hour news cycle Frank's fabrication is soon the biggest story breaking but how long can he maintain his hastily constructed lie And where is the line in the American audience's thirst for reality entertainment between the drama of Frank's unraveling plans and his and his family's fictional hardships Written in a style intended to mimic the overwhelming cacophony that is news and culture in the 21st century The Prank explores the question of reality in the digital age where viral falsehoods and reported lies are par for the course Written by Adam Black Cover Design by Tom Maven      *The Non-User-Friendly Guide For Aspiring TV Writers* Steven L. Sears, 2014-09-22 A veteran writer presents his personal account of being in the trenches of the television industry offering advice and tactics for aspiring scriptwriters Steven L Sears has had a successful career in film and television encompassing over thirty years of involvement at all levels From his beginnings as a staff writer on the hit NBC show The A Team to Co Executive Producer on the hit series Xena Warrior Princess for MCA Universal creator and Executive Producer of Sheena for Sony TriStar Television and many pilot and development deals with the major studios and production companies he has amassed a huge amount of experience and knowledge about the inner workings of the entertainment industry In The Non User Friendly Guide for Aspiring Television Writers he shares that experience and gives advice for those considering a career in television writing Instead of the traditional academic and sterile approach Steven answers questions from a personal first person perspective The questions have been culled from the real world people seeking out his advice and looking for the experience that most books don't have Some of what he writes about are hard and difficult facts to accept about the business Other times it's his opinion based on his vast experience But all of it is unsweetened and direct Even if you don't like his answers he will certainly make you think hard about your approach and choices when pursuing a career in an extremely difficult industry As a result you will be better prepared to achieve the success that he has had Accessible personable and relaxed It's like having lunch with Steven and asking him questions about the business Without having to watch him eat      Appreciating the Art of Television Ted

Nannicelli,2016-09-13 Contemporary television has been marked by such exceptional programming that it is now common to hear claims that TV has finally become an art In *Appreciating the Art of Television* Nannicelli contends that televisual art is not a recent development but has in fact existed for a long time Yet despite the flourishing of two relevant academic subfields the philosophy of film and television aesthetics there is little scholarship on television in general as an art form This book aims to provide scholars active in television aesthetics with a critical overview of the relevant philosophical literature while also giving philosophers of film a particular account of the art of television that will hopefully spur further interest and debate It offers the first sustained theoretical examination of what is involved in appreciating television as an art and how this bears on the practical business of television scholars critics students and fans namely the comprehension interpretation and evaluation of specific televisual artworks
