research Jeffrey Ian Ross's introduction outlines the sociopolitical dynamics of violence and his summary chapter offers directions for future research. When the book was first published in 1995, it was widely praised by scholarly journals and has since become a standard text in the study of violence and modern Canadian cultural studies. The book is all the more valuable as its new introduction places its findings in the context of research that has been produced since the original publication. Violence in Canada will be of interest to sociologists, criminologists, and political scientists. Jeffrey Ian Ross is an associate professor in the Division of Criminology, Criminal Justice, and Social Policy, and fellow with the Center for Comparative and International Law, University of Baltimore. His work has appeared in many academic journals and chapters in academic texts as well as articles in popular magazines in Canada and the United States. He is the author, co-author, editor, or co-editor of eight books. Ted Robert Gurr is Distinguished University Professor at the University of Maryland. Among his books are *Why Men Rebel* and *Violence in America*. *The Stories We Are* William Lowell Randall, 2014-01-01 William Lowell Randall explores the links between literature and life and speculates on the range of storytelling styles through which people compose their lives. In doing so, he draws on a variety of fields including psychology, psychotherapy, theology, philosophy, feminist theory, and literary theory. Truth and Honour Greg Marquis, 2025-09-19 Truth and Honour explores the 2011 murder of Saint John businessman Richard Oland of the prominent family that owns Moosehead Breweries, the ensuing police investigation, and the arrest, trial, and conviction of the victim's son, Dennis Oland, for second-degree murder. Oland's trial would be the most publicized in New Brunswick history. What the trial judge called a family tragedy of Shakespearean proportions, this real-life murder mystery included adultery, family dysfunction, largely circumstantial evidence, allegations of police incompetence, a high-powered legal defence, and a verdict that shocked the community. Today, the Oland family maintains Dennis Oland's innocence. Author Greg Marquis, a professor of Canadian history at the University of Saint John, leads readers through the case from the discovery of the crime to the conviction and sentencing of the defendant. Offering multiple perspectives, Truth and Honour explores this question: Was Dennis Oland responsible for the death of his father?

Geographic Profiling D. Kim Rossmo, 1999-12-28 As any police officer who has ever walked a beat or worked a crime scene knows, the street has its hot spots, patterns, and rhythms: drug dealers work their markets, prostitutes stroll their favorite corners, and burglars hit their favorite neighborhoods. But putting all the geographic information together in cases of serial violent crime—murder, rape, arson, bombing, and robbery—is highly challenging. Just ask the homicide detectives of the Los Angeles Police Department who hunted the Hillside Stranglers, or law enforcement officers in Louisiana who tracked the brutal South Side rapist. Geographic Profiling introduces and explains this cutting-edge investigative methodology in depth. Used to analyze the locations of a connected series of crimes to determine the most likely area of offender residence, geographic profiling allows investigators and law enforcement officers to more effectively manage information and focus their investigations. This extensive and exhaustive work explains geographic profiling theories and principles and includes an

extensive review of the literature and research in the areas of criminal profiling forensic behavioral science serial violent crime environmental criminology and the geography of crime For investigators and police officers deployed in the field as well as criminal analysts Geographic Profiling is a must have reference *Acadiensis* ,1991 **Quill & Quire** ,1992
