Testing The Faith The New Catholic Fiction In America:

Testing the Faith Anita Gandolfo, 1992-01-30 Since 1965 there has been an explosion of fiction about being Catholic clearly a result of confusions in the post Vatican II church American Catholic culture has suffered severe dislocations and fiction has provided one way of coping with those dislocations In *Testing the Faith* Anita Gandolfo provides an overview of fiction about the American Catholic experience The book considers emerging novelists such as Mary Gordon and Valerie Sayers and established writers like Paul Theroux Among the popular writers covered are Andrew Greeley and William X Keinzle The volume also considers the emergence of new young writers such as Jeanne Schinto Sheila O Connor and Philip Deaver By analyzing patterns in contemporary Catholic fiction Gandolfo shows both the shared interest these writers have in the Catholic experience and their individual perspectives on that experience The book is the first to consider post Vatican II Catholic literature and will be of interest to those concerned with both the Catholic experience and current literature

Faith and Fiction Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown's *The Da Vinci Code* The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available The phenomenon surrounding Dan Brown's *The Da Vinci Code* has led to a cottage industry of interpretations attacks and commentaries but one thing is certain the book has had an enormous impact on American society culture and religious understanding not to mention the publishing industry which scrambles to find similar religious books to feed to an eager public But *The Da Vinci Code* is not the only book of its type on the market today In recent years there has been an explosion in the market for fiction on religious topics and themes with an entire series devoted to the impending Rapture as described in the *Left Behind* series Some fiction does not take an explicitly religious theme as these books do Instead writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters Regardless of the specific approach what is not in doubt is that American readers have made the authors of these works wealthy as bookstores cannot stock their shelves with enough copies Why the recent surge of interest in Christian fiction How does it reflect trends in our culture and our lives How has it changed our society and our understanding of spirituality and religion How accurate are these books in terms of the theology they espouse The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist

Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Faith and Fiction examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available

J. C. Cadogan the fate of the realist and modernist traditions in the work of Elizabeth Bowen, Frank O'Connor, Seamus O'Faolain, and Mary Lavin and in that of their ambivalent heirs Edna O'Brien, John McGahern, and John Banville the subversive treatment of sexuality and gender in Northern Irish women's fiction written during and after the Troubles the often neglected genres of Irish crime fiction, science fiction, and fiction for children the many-hued novelistic responses to the experiences of famine, revolution, and emigration, and the variety and vibrancy of post-millennial fiction from both parts of Ireland Readably written and employing a wealth of original research The Oxford Handbook of Modern Irish Fiction illuminates a distinguished literary tradition that has altered the shape of world literature
