Excavating the Medieval Image David S. Areford,2017-11-30 Medieval images especially manuscript illuminations have long been treated independently of the contexts in which they were created These beautiful miniature paintings frequently valued as keepers of documentary evidence or as curious artistic commodities have only recently become the focus of art historians concerned with new questions related to artistic working methods audience and the status of the visual in the Middle Ages and the modern era *Excavating the Medieval Image* argues that the illuminated image is best understood as thoroughly integrated in the material context of the manuscript and thus integrated in a cultural context of production and reception Seen in this way the illuminated manuscript becomes a kind of archaeological site which must be carefully unearthed layer by layer The fourteen essays gathered here are written by scholars of both medieval and Renaissance art history and demonstrate varied methodological approaches that combine the pursuits of traditional connoisseurship and iconography with those of critical theory and historiography In addition the authors contribute more broadly to important interdisciplinary issues such as the study of gender text and image and the history of literacy and the book *The Brussels Horloge de Sapience: Iconography and Text of Brussels, Bibliothèque Royale, MS. IV 111* Peter Rolfe Monks,2023-10-16 The book discusses principally the iconography and text of a mid 15th century copy of the mystical treatise *Horloge de Sapience* in the most sumptuously illuminated ms known of the text Each of the 36 illuminations is discussed in turn with reference to their pictorial traditions to the French textual matter and to a unique contemporary commentary called the *D clARATION des hystoires* The *D clARATION* is one of the earliest essays in the history of art criticism to survive The study is rendered useful for teachers and scholars by an English translation of the text of the *D clARATION* which enables the reader to see the illustrations through the eyes of a 15th century critic **Text and Image** David W.
