Text History Of The Greek Numbers:

Text history of the greek numbers John William Wevers,1982 **Verbal Syntax in the Greek Pentateuch** Trevor Vivian Evans,2001 Addressing the entire Greek Pentateuch this study of the Greek verb investigates the value of these translations evidence for the history of the Greek language The nature and influence from the underlying Hebrew are comprehensively analysed Notes on the Greek Text of Genesis John William Wevers,2019-04-09 This volume of notes on the Greek texts of the Pentateuch focuses on the book of Genesis John William Wevers s volume includes verse by verse notes for each chapter sigla proposed changes to Genesis and indexes of Greek and Hebrew words and phrases The Old Greek Psalter Robert James Victor Hiebert,Claude E. Cox,Peter John Gentry,Albert Pietersma,2001-01-01 Collected essays on the Old Greek Psalter by linguistic and textual scholars highlighting its significance for biblical research and related disciplines This tribute to Albert Pietersma of the University of Toronto is offered by a highly distinguished international panel of scholars including John W Wevers Takamitsu Muraoka Anneli Aejmelaeus Emanuel Tov Johan Lust Robert A Kraft Johann Cook Arie van der Kooij Moises Silva and Claude E Cox The focus of the volume is on the Old Greek Psalter and its significance for biblical research and related disciplines where it marks a definitive statement of research questions and issues in this increasingly important area of biblical textual studies **Notes on the Greek Text of Exodus** John William Wevers,2019-04-09 A result of John Wevers s twenty five year association with the G ttingen LXX this work records his textual notes on the Greek Exodus The Greek text of Exodus departs in places radically from the Hebrew of the Masoretic tradition These Notes presuppose that the Hebrew parent text was not all that different from the Masoretic tradition text and that the Greek translator throughout tried to formulate an understanding of the Hebrew from an Alexandrian Jewish perspective Included in the Notes are assessments of major textual variants by later readers This volume is intended for serious students interested in using the LXX text rather than for the professional LXX scholar **Tradition of the Text** Gerard J. Norton,Stephen Pisano,1991 **Qumran and the History of the Biblical Text** Frank Moore Cross,Shemaryahu Talmon,1975 The discovery of manuscripts in Qumran the Dead Sea Scrolls and other sites in the Wilderness of Judah has stimulated a period of unparalleled activity in the study of the biblical text Students and teachers in this field are overwhelmed with the thousands of articles that have appeared in hundreds of journals in the last thirty years The older handbooks surveying biblical textual criticism have become hopelessly obsolete Frank Cross and Shemaryahu Talmon have designed a collection of essays to help the serious student find his way in this transformed field of research Some of the essays are general surveys some propound new theories several publish manuscript data of revolutionary importance The editors have contributed previously unpublished papers suggesting new approaches to the fundamental task of textual criticism A list of published manuscripts or manuscript fragments from the Judean Desert and a bibliography are included The Text-Critical Use of the Septuagint in Biblical Research Emanuel Tov,2015-06-13 This handbook provides a practical

guide for the student and scholar alike who wishes to use the Septuagint LXX in the text critical analysis of the Hebrew Bible. It does not serve as another theoretical introduction to the LXX but it provides all the practical background information needed for the integration of the LXX in biblical studies. The LXX together with the Masoretic Text and several Qumran scrolls remains the most significant source of information for the study of ancient Scripture but it is written in Greek and many technical details need to be taken into consideration when using this tool. Therefore a practical handbook such as this is needed for the integration of the Greek translation in the study of the Hebrew Bible. The Text Critical Use of the Septuagint in Biblical Research is based on much background information, intuition and experience, clear thinking and a solid description of the procedures followed. The author presents his handbook after half a century of study of the Septuagint, four decades of specialized teaching experience and involvement in several research projects focusing on the relation between the Hebrew and Greek Bibles. The first two editions of this handbook, published by Simor of Jerusalem (Jerusalem Biblical Studies 3, 1981 and 8, 1997), received much praise but have been out of print for a considerable period. This, the third edition, presents a completely revised version of the previous editions based on the many developments that took place in the analysis of the Septuagint, the Hebrew Bible and the Qumran Scrolls. Much new information has also been added. Eisenbrauns has been involved in the marketing of the previous two editions and is proud to offer now its own completely novel edition. A must for students of the Hebrew Bible, textual criticism, the Septuagint and the other ancient translations, Dead Sea Scrolls and Jewish Hellenism.

The History of the Jewish People in the Age of Jesus Christ: Volume 3.i Emil Schürer, Geza Vermes, Fergus Millar, 2014-01-30. Emil Schürer's *Geschichte des jüdischen Volkes im Zeitalter Jesu Christi* originally published in German between 1874 and 1909 and in English between 1885 and 1891 is a critical presentation of Jewish history, institutions and literature from 175 B.C. to A.D. 135. It has rendered invaluable services to scholars for nearly a century. The present work offers a fresh translation and a revision of the entire subject matter. The bibliographies have been rejuvenated and supplemented; the sources are presented according to the latest scholarly editions and all the new archaeological, epigraphical, numismatic and literary evidence, including the Dead Sea Scrolls and the Bar Kokhba documents, has been introduced into the survey. Account has also been taken of the progress in historical research both in the classical and Jewish fields. This work reminds students of the profound debt owed to nineteenth century learning, setting it within a wider framework of contemporary knowledge and provides a foundation on which future historians of Judaism in the age of Jesus may build.
