

Willa Cather ~ 1873-1947

The Humanization Of Willa Cather

Erik Ingvar Thurin

The Humanization Of Willa Cather:

The Humanization of Willa Cather Erik Ingvar Thurin,1990 The Humanization of Willa Cather Erik Ingvar Thurin,1990 **Willa Cather's Ecological Imagination** Susan J. Rosowski,2003-01-01 The wide ranging essays collected in this volume of Cather Studies examine Willa Cather's unique artistic relationship to the environment Under the theoretical rubric of ecocriticism these essays focus on Cather's close observations of the natural world and how the environment proves for most of these contributors to be more than simply a setting for her characters While it is certain that Cather's novels and short stories are deeply grounded in place literary critics are only now considering how place functions within her narratives and addressing environmental issues through her writing These essays reintroduce us to a Cather who is profoundly identified with the places that shaped her and that she wrote about Glen A Love offers an interdisciplinary reading of The Professor's House that is scientifically oriented Joseph Urgo argues that My Antonia models a preservationist aesthetic in which landscape and memory are inextricably entangled Thomas J Lyon posits that Cather had a living sense of the biotic community and used nature as the standard of excellence for human endeavors and Jan Goggans considers the ways that My Antonia shifts from nativism toward a flexible notion of place based community **Willa Cather's Canadian and Old World Connections** Robert Thacker,Michael A. Peterman,1999-01-01 Cather Studies 4 contains eighteen essays and elaborates a theme Willa Cather's Canadian and Old World Connections Such connections are central to Cather's art and artistry She transported much from the Old World to the New shaping her antecedents to tell in new ways the stories of Nebraska of the American Southwest and especially of Quebec in Shadows on the Rock David Stouck details Cather's numerous Canadian connections Richard Millington treats her anthropological re-creation of the cultural moment of seventeenth century Quebec and Francois Palteau Papin finds The Hidden French in Cather's English A volume of lively and informed criticism Cather Studies 4 vividly demonstrates Cather's artistry and her work's deep connections to the present cultural and critical moment

Willa Cather and E. M. Forster Alan Blackstock,2020-04-01 Though both Willa Cather and E M Forster have been alternately praised as progressives and criticized as conservatives the novels of both writers embody the tenets of liberal humanism while at the same time reflecting the tensions associated with modernism though both of these terms have come under intense critical scrutiny in recent years And while a few critics have offered brief comparisons of individual works or particular tendencies of Cather and Forster none has provided the systematic comparative analysis of the relationship between liberal humanist modernist tensions and the search for transcendence in their work that this book offers The principal aims of the present study are to locate the imagined alternatives to the lamentable present embodied in the novels of both writers and to explore how literature and the arts might assist in transcending the deficiencies and disunities of life in the modern era **Willa Cather** Janis P. Stout,2000-12-29 Previous biographies of Willa Cather have either recycled the traditional view of a writer detached from social issues whose work supported a wholesome view of a vanished America or

they have focused solely on revelations about her private life Challenging these narrow interpretations Janis P Stout presents a Cather whose life and quietly modernist work fully reflected the artistic and cultural tensions of her day A product of the South she was born in Virginia Cather went west with her family at an early age a participant in the aspirations of Manifest Destiny Known for her celebrations of immigrants on the prairie she in fact shared many of the ethnic suspicions of her contemporaries Loved by a popular audience for her pieties of family and religion she was in her youth a freethinker who resisted traditional patterns for women s lives cutting her hair like a boy s and dressing in men s clothing Seen by critics since the 1930s as a practitioner of an escapist formalism she was in Stout s view profoundly ambivalent about most of the important questions she faced Cather structured her writing to control her uncertainty and project a serenity she did not in fact feel Cather has at times been viewed as a writer preoccupied with the past whose literary project had little to do with the intellectual currents of her time On the contrary Stout argues Cather was a full participant in the doubts and conflicts of twentieth century modernity Only in recoil from her distress at these conflicts did she turn to overt celebrations of the past and construct a retiring crotchety persona The Cather that emerges from Stout s treatment is a modernist conservative in the mold of T S Eliot though more responsive to her time and simultaneously less assured in her pronouncements Cather s sexuality too is more complicated in Stout s version than previous biographers have allowed Willa Cather The Writer and Her World presents a woman and an artist who fully exemplifies the ambivalence the foreboding and above all the complexity that we associate with the twentieth century mind

Willa Cather's Sexual Aesthetics and the Male Homosexual Literary Tradition John P. Anders,1999-01-01 In this first full length study of male homosexuality in Cather s short stories and novels John P Anders examines patterns of male friendship ranging on a continuum from the social to the sexual He reveals how Cather s work assumes an unexpected depth and complexity by drawing on both the familiar tradition of friendship literature inspired by classical and Christian texts and a homosexual legacy that is part of yet distinct from established literary traditions Anders argues that Cather s artistic achievement is distinguished by her sexual aesthetics an elusive literary style inextricably associated with homosexuality His analysis demonstrates how a homosexual ethos and eros helped Cather develop a sensitivity to human variation and a style to accommodate it and thus became the objective correlative of her art dramatizing the diversity of human nature as it deepens the mystery of her work

Cather Studies Susan J. Rosowski,1996-12-01 Volume 3 of Cather Studies demonstrates the range of topics and approaches in contemporary discussions of Willa Cather s work for the informed reader or the specialized student In fourteen essays critics and scholars examine Cather s Catholic Progressivism her literary relations with William Faulkner and her place in the multicultural canon of American literature

Cather Studies, Volume 10 Cather Cather Studies,2015-08-01 Willa Cather and the Nineteenth Century explores with textual specificity and historical alertness the question of how the cultures of the nineteenth century the cultures that shaped Willa Cather s childhood animated her education supplied her artistic models generated her

inordinate ambitions and gave embodiment to many of her deeply held values are addressed in her fiction In two related sets of essays seven contributors track within Cather's life or writing the particular cultural formations emotions and conflicts of value she absorbed from the atmosphere of her distinct historical moment their ten colleagues offer a compelling set of case studies that articulate the manifold ways that Cather learned from built upon or resisted models provided by particular nineteenth century writers works or artistic genres Taken together with its Cather Studies predecessor Willa Cather and Modern Cultures this volume reveals Cather as explorer and interpreter sufferer and master of the transition from a Victorian to a Modernist America

Willa Cather's Transforming Vision Gary Brienzo, 1994 Willa Cather's Transforming Vision New France and the American Northeast explores Cather's search for meaning and a domestic center in particular as her search was influenced by her feelings for New France and the American Northeast Including biography critical overview and primary research into both Cather's writing and some of her most unusual historical sources this study focuses on *Shadows on the Rock* while incorporating this pivotal novel into the larger pattern of Cather's growing need for belonging and order *Shadows on the Rock* set in the city of Quebec Kebec at the end of the seventeenth century is Cather's fullest expression of love for French culture and its adaptation to New World soil But more than a mere extolling of what Mme Auclair in *Shadows* proudly calls our way a skill with all things domestic that she boasts renders the French the most civilized people in Europe this novel is a statement of faith in the ability of both individuals and larger societal orders to work together for the creation of an all encompassing whole Writing at mid life after the recent illnesses and deaths of her parents Cather could posit in her story of New France a familial order much larger than the domestic heart of her earlier masterpiece *My Antonia* In all of Quebec as in the incomplete but fruitful home of the widowed apothecary Euclide Auclair and his daughter Cecile life is sustained by a merging of gender and social roles as a bishop can become the symbolic head of an entire church as well as of a troubled family and a bellicose count can play as warm and nurturing a role as the gentlest of parents

Yeah, reviewing a ebook **The Humanization Of Willa Cather** could add your near associates listings. This is just one of the solutions for you to be successful. As understood, deed does not suggest that you have fantastic points.

Comprehending as with ease as pact even more than new will come up with the money for each success. next-door to, the statement as with ease as acuteness of this The Humanization Of Willa Cather can be taken as competently as picked to act.
