Lamore, 2012-11-30 The Interesting Narrative of the Life of Olaudah Equiano or Gustavus Vassa the African Written by Himself 1789 is one of the most frequently and heatedly discussed texts in the canon of eighteenth century transatlantic literature written in English Equiano's Narrative contains an engrossing account of the author's experiences in Africa the Americas and Europe as he sought freedom from bondage and became a leading figure in the abolitionist movement While scholars have approached this sophisticated work from diverse critical and historical biographical perspectives there has been until now little written about the ways in which it can be successfully taught in the twenty first century classroom In this collection of essays most of them never before published sixteen teacher scholars focus explicitly on the various classroom contexts in which the Narrative can be assigned and various pedagogical strategies that can be used to help students understand the text and its complex cultural intellectual literary and historical implications The contributors explore topics ranging from the religious dimensions of Equiano's rhetoric and controversies about his origins specifically whether he was actually born in Africa and endured the Middle Passage to considerations of the Narrative's place in American Literature survey courses and how it can be productively compared to other texts including captivity narratives and modern works of fiction They not only suggest an array of innovative teaching models but also offer new readings of the work that have been overlooked in Equiano studies and Slavery studies With these two dimensions this volume will help ensure that conversations over Equiano's eighteenth century autobiography remain relevant and engaging to today's students ERIC D LAMORE is an assistant professor of English at the University of Puerto Rico at Mayaguez A contributor to The Greenwood Encyclopedia of American Poets and Poetry he is also the coeditor with John C Shields of New Essays on Phillis Wheatley *Encyclopedia of the African Diaspora* Carole Boyce Davies, 2008-07-29 The authoritative source for information on the people places and events of the African Diaspora spanning five continents and five centuries The field of African Diaspora studies is rapidly growing Until now there was no single authoritative source for information on this broad complex discipline Drawing on the work of over 300 scholars this encyclopedia fills that void Now the researcher from high school level up can go to a single reference for information on the historical political economic and cultural relations between people of African descent and the rest of the world community Five hundred years of relocation and dislocation of assimilation and separation have produced a rich tapestry of history and
