The Impact of Strikes Neil W. Chamberlain, Jane Metzger Schilling, 1973-12-04 *The Impact of Strikes* Neil Wolverton Chamberlain, Jane Metzger Schilling, 1945 **Principles of Disaster Mitigation in Health Facilities**, 2000 This book focuses on problems encountered in areas of high risk for seismic events It introduces the essential aspects of carrying out vulnerability assessments and applying practical measures to mitigate damage in hospitals addressing structural and nonstructural aspects as well as administrative and internal organization In a period of only 15 years between 1981 and 1996 93 hospitals and 538 health care centers in Latin America and the Caribbean were damaged as a consequence of natural disasters The direct cost of these disasters has been enormous just as devastating has been the social impact of the loss of these critical facilities at a time when they were most needed For these reasons special consideration must be given to disaster planning for these facilities Assessing and reducing their vulnerability to natural hazards is indispensable *Principles of Disaster Mitigation in Health Facilities* is an updated compilation of various documents on the topic already published by PAHO WHO Sections of previous publications have been revised to address the needs of professionals from a variety of disciplines particularly those involved in health facility planning operation and maintenance Figures and photographs illustrate situations that can increase disaster vulnerability in health facilities Examples are given of how countries in Latin America have conducted vulnerability assessments and applied specific disaster mitigation measures in their hospitals and health centers *The Impact of Strikes* Neil W. Chamberlain, Jane Metzger Schilling, 1972 **Bulletin of the Bureau of Labor Statistics**, 1976 *Monthly Labor Review*, 1954-07 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **The Great Industrial War** Troy Rondinone, 2009-11-12 *The Great Industrial War* a comprehensive assessment of how class has been interpreted by the media in American history documents the rise and fall of a frightening concept industrial war Moving beyond the standard account of labor conflict as struggles between workers and management Troy Rondinone asks why Americans viewed big strikes as battles in irrepressible conflict between the armies of capital and labor a terrifying clash between workers strikebreakers police and soldiers Examining how the mainstream press along with the writings of a select group of influential reformers and politicians framed strike news Rondinone argues that the Civil War coming on the cusp of a revolution in industrial productivity offered a gruesome indelible model for national conflict He follows the heated discourse on class war through the nineteenth century until its general dissipation in the mid twentieth century Incorporating labor history cultural studies linguistic anthropology and sociology *The Great Industrial War* explores the influence of historical experience on popular perceptions of social order and class conflict and provides a reinterpretation of the origins and meaning of the Taft Hartley Act and the industrial relations regime it supported *Nonviolent Action* Ronald M. McCarthy, Gene Sharp, Brad Bennett, 2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of

struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters Although violence and its causes have received a great deal of attention nonviolent action has not received its due as an international phenomenon with a long history An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language sources The first part of the book covers case study materials divided by region and subdivided by country Within each country materials are arranged chronologically and topically The second major part examines the methods and theory of nonviolent action principled nonviolence and several closely related areas in social science such as conflict analysis and social movements The book is indexed by author and subject
