The Importances Of The Past A Meditation On The Authority Of Tradition

James Jasinski

The Importances Of The Past A Meditation On The Authority Of Tradition:

The Importance of the Past George Allan, 1985 *The Importances of the Past* George Allan, 1986-01-01 This book examines tradition the authority of the past by tracing the process through which emotion and imagination transform everyday experience into an awareness of one's dependence on the work of predecessors The King Arthur legend serves as a case study outlining how this authority of tradition creates and sustains meaningful structures of social order **The American Discovery of Tradition, 1865-1942** , *The Puritan Smile* Robert Cummings Neville, 1987-09-30 This book develops a contemporary metaphysics of morals Currently the liberal tradition defines the field of moral and political theory It contains the popular utilitarian the deontological and the virtue ethics approaches to normative theory and by a broad dialectical negation it also defines the historical materialism of Marx The Puritan Smile circumvents the Liberalism Marxism dialectic with the Puritan emphasis on responsibility and their social definition of individuality To this core of classical puritanism is added the deeply rooted sense of culture and the vast historical experience of Confucianism with which it resonates strongly The need for tolerance and the celebration of liberty is asserted by Neville in order to offset the tendencies toward dogmatism and totalitarianism inherent within the Puritan and Confucian views The book integrates a Puritan sense of participation with a Confucian sense of moral obligation and a liberal appreciation of freedom and tolerance

The Church in the Wilderness Carla Swafford Works, 2014 Much attention has been devoted to Paul's quotations from the Old Testament but little attention has been given to Paul's use of biblical narratives The most extensive use of scripture in 1 Corinthians involves an allusion to Israel's exodus 10 1 22 which contains only one quotation 1 Cor 10 7 Since there is much debate on how to identify scriptural allusions Carla Works examines two passages where there is overwhelming scholarly consensus regarding the presence of exodus imagery 1 Corinthians 5 6 8 and 10 1 22 These passages therefore provide an ideal place to consider how Paul is using Israel's exodus traditions to instruct a predominantly non Jewish congregation The author argues that the exodus tradition a tradition used to bolster Israel's identity and to teach Israel about the identity of God is reinterpreted by Paul in light of Christ and is employed to foster the identity formation of the Corinthians as the church of one God and one Lord 1 Cor 8 6 *A Philosophy of Struggle* Leonard Harris, 2020-04-30 Collating for the first time the key writings of Leonard Harris this volume introduces readers to a leading figure in African American and liberatory thought Harris writings on honor insurrectionist ethics tradition and his work on Alain Locke have established him as a leading figure in critical philosophy His timely and urgent responses to structural racism and structural violence mark him out as a bold cultural commentator and a deft theoretician The wealth and depth of Harris writings are brought to the fore in this collection and the incisive introduction by Lee McBride serves to orient contextualize and frame an oeuvre that spans four decades In his prolegomenon Harris eschews the classical meaning of philosophy supplanting it with an idiosyncratic conception of philosophy philosophia nata ex conatu that features an avowedly value laden dimension As well

as serving as an introduction to Harris philosophy A Philosophy of Struggle provides new insights into how we ought conceptualize philosophy race tradition and insurrection in the 21st century **Sourcebook on Rhetoric** James Jasinski, 2001-07-19 This book is designed to introduce readers to the language of contemporary rhetorical studies The book format is an alphabetized glossary with appropriate cross listings of key terms and concepts in contemporary rhetorical studies An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself The primary emphasis is on the contemporary tradition of rhetorical studies as it has emerged in the discipline of speech communication Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages Where appropriate examples are provided to further illustrate the term or concept Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest American Philosophy: An Encyclopedia John Lachs, 2008-03-31 The Encyclopedia of American Philosophy provides coverage of the major figures concepts historical periods and traditions in American philosophical thought Containing over 600 entries written by scholars who are experts in the field this Encyclopedia is the first of its kind It is a scholarly reference work that is accessible to the ordinary reader by explaining complex ideas in simple terms and providing ample cross references to facilitate further study The Encyclopedia of American Philosophy contains a thorough analytical index and will serve as a standard comprehensive reference work for universities and colleges Topics covered include Great philosophers Emerson Dewey James Royce Peirce Santayana Subjects Pragmatism Progress the Future Knowledge Democracy Growth Truth Influences on American Philosophy Hegel Aristotle Plato British Enlightenment Reformation Self Assessments Joe Margolis Donald Davidson Susan Haack Peter Hare John McDermott Stanley Cavell Ethics Value Pleasure Happiness Duty Judgment Growth Political Philosophy Declaration of Independence Democracy Freedom Liberalism Community Identity *Shadowed Ground* Kenneth E. Foote, 2013-12-06 Winner John Brinckerhoff Jackson Prize Association of American Geographers 1997 *Shadowed Ground* explores how and why Americans have memorialized or not the sites of tragic and violent events spanning three centuries of history and every region of the country For this revised edition Kenneth Foote has written a new concluding chapter that looks at the evolving responses to recent acts of violence and terror including the destruction of the Branch Davidian compound at Waco Texas the Oklahoma City bombing the Columbine High School massacre and the terrorist attacks of 9 11 *Earth Crammed with Heaven* Elizabeth Dreyer, 1994 For too long says Elizabeth Dreyer the kind of spirituality taught to Christian lay people has been clerical and monastic It has not been grounded in the ways of living actually experienced by lay people incorporating sexuality childraising work the marketplace and the earth A major effort is being made in our day to reformulate spirituality in a way that makes sense to ordinary Christians More than anything else this new attitude proclaims that God is best discovered not in the withdrawal from everyday life but in the act of living it *Earth Crammed with Heaven* is a pioneering attempt to articulate the paradigm shift in attitudes toward lay spirituality It is written for persons who are on an intentional

spiritual journey that has everyday existence and the entire world as its focal points It maintains that baptized Christians do not have to change their daily activities in order to become saints The potential for sainthood is located in the depth and intentionality of ordinary living BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
