Atonement Steven M. Studebaker,2021-01-14 Steven M Studebaker proposes a Pentecostal approach to a major Christian doctrine the atonement The book moves Pentecostal theology of the atonement from a primarily Christocentric and crucicentric register to one that articulates the pneumatological and holistic nature of Pentecostal praxis Studebaker examines the irony of Classical Pentecostalism relying on the Christocentrism of Protestantism evangelical atonement theology to articulate its experience of the Holy Spirit as well as the Pneumatological nature of Pentecostal praxis He then develops a Pentecostal theology of atonement based on the biblical narrative of the Spirit of Pentecost and returns to re imagine an expanded vision of Pentecostal praxis based on the theological formation of the biblical narrative The result is a Pentecostal atonement theology that shows the integrated nature of pneumatology creation and Christology in the biblical narrative of redemption It gives theological expression to not only the pneumatological nature of Pentecostal praxis but also the fundamental role of the Holy Spirit in the biblical narrative of redemption The book challenges popular western atonement theologies to re think their Christocentrism and crucicentrism as well as their atomistic tendency to separate soteriology into objective Christological and subjective pneumatological categories **A Reading of Hegel's**

The Trinitarian Theology of Jonathan Edwards Steven M. Studebaker,Robert W. Caldwell Iii,2016-02-24 While Jonathan Edwards scholars have increasingly recognized the central role that the Trinity played in his thought no work brings together Edwards central texts on the Trinity and interprets and applies them to contemporary theological issues This book reveals how the doctrine of the Trinity transformed Edwards ministry and how the Trinity can inform current evangelical thought life and ministry Key primary texts interpretation and application of Edwards trinitarian theology are all presented here Part one features Edwards chief trinitarian writings and provides an in depth analysis on his doctrine Part two sets Edwards trinitarianism in historical context Part three demonstrates how Edwards employed the Trinity in his sermons in spiritual formation and in other areas of doctrine The Spirits' Book Allan Kardec,2006-10-01 When two grave and serious spirits began speaking to a French academic through two young mediums and completely revolutionized his ideas and convictions Allan Kardec decided to set down these spiritualistic revelations The result electrified the high society of the mid 19th century which was already fascinated by spirit tapping and other paranormalities and earned Kardec a pseudonym his spirits commanded him to use a place in this history of the paranormal as the father of spiritism Kardec interviews the spirits asking

more than 1000 questions about morality the nature of the soul the history of humanity and more including Is the soul reincarnated immediately after its separation from the body Does the spirit remember his corporeal existence Could two beings who have already known and loved each other meet again and recognise one another in another corporeal existence What is to be thought of the signification attributed to dreams Are good and evil absolute for all men What is the aim of God in visiting mankind with destructive calamities Is it possible for man to enjoy perfect happiness upon the earth Promising nothing less than the secret of the destiny of the human race this extraordinary book first published in 1856 is as curious today as it was a century and a half ago French scholar HIPPOLYTE LEON DENIZARD RIVAIL 1804 1869 aka Allan Kardec was a longtime teacher of mathematics astronomy and other scientific disciplines before turning to the paranormal **The Christ and the Spirit** James D. G. Dunn, 1998 Berdyaev's Philosophy of History David Bonner Richardson, 2012-12-06 BERDYAEV AS A PHILOSOPHER How shall a non Russian above all a North American assimilate the extraordinary assemblage of ideas which is Berdyaev's philosophy Dr Richardson does not exaggerate the difficulties And he introduces us with great care and what a formidable task it must have been precisely to what is most strange in this writer his fusion of historical eschatological metaphysical mystical Christian conceptions By some standards Berdyaev is a theologian rather than a philosopher for he takes the truth of the Christian revelation for granted and his work can readily be viewed as an elaborate apologetic for one religion against all others and against irreligion Yet I incline to sympathize with him in his claim to be a philosopher What an eccentric one however There are indeed some partial analogies in the general European tradition Certainly this Russian is a disciple of Kant and strong traces of Kantianism survive in him He also moved away from Kant somewhat as did Fichte Hegel and above all Schelling in his last period His sympathetic response to Heracleitos and Boehme recalls Hegel The interest in Boehme and Schelling is found also in Tillich Like the late German American Berdyaev rejects conceptual in favor of symbolic speech about God Like Bergson he stresses intuition and makes a radical distinction between scientific logical analytic thought and the mode of apprehension by which he believes metaphysical truth is to be appropriated Here one thinks also of Heidegger **American Spiritual Magazine**, 1877
