The Initiation of the Second Macedonian War Valerie M. Warrior, 1996 A study into accounts of Rome's foreign policy surrounding an offensive against Philip V and Greece. South Africa, Greece, Rome Grant Parker, 2017-08-31 How have ancient Greece and Rome intersected with South African histories? This book canvasses architecture, literature, visual arts, and historical memory. Some of the most telling manifestations of classical reception in South Africa have been indirect: for example, neo-classical architecture or retellings of mythical stories. Far from being the mere handmaiden of colonialism, and later apartheid, classical antiquity has enabled challenges to the South African establishment and provided a template for making sense of cross-cultural encounters. Though access to classical education has been limited, many South Africans, black and white, have used classical frames of reference and drawn inspiration from the ancient Greeks and Romans. While classical antiquity may seem antithetical to post-apartheid notions of heritage, it deserves to be seen in this light. Museums, historical sites, and artworks up to the present day reveal juxtapositions in which classical themes are integrated into South African pasts.

Global Leadership Initiatives for Conflict Resolution and Peacebuilding Campbell, Andrew H., 2018-03-23 One global leadership challenge is managing the complexity of the political and economic climate of a society. As the global environment changes, it is essential for global leaders to adapt and develop flexible strategies for resolving conflicts and achieving peace. Global Leadership Initiatives for Conflict Resolution and Peacebuilding provides emerging research on a leader's role in the international, national, and nongovernmental organization within post-conflict resolution and peaceful leadership. While highlighting topics such as civil society organizations, leadership education, and social reconstruction, this book explores leadership theories and practice models to conceptualize the intersection of leadership within conflict management and resolution. This book is an important resource for leaders, scholars, practitioners, educators, and researchers seeking current research on the strategic and diplomatic methods of a peaceful global organization.

Initiation in Ancient Greek Rituals and Narratives David Dodd, Christopher A. Faraone, 2013-09-05 Scholars of classical history and literature have for more than a century accepted initiation as a tool for understanding a variety of obscure rituals and myths ranging from the ancient Greek wedding and adolescent haircutting rituals to initiatory motifs or structures in Greek myth, comedy, and tragedy. In this book, an international group of experts including Gloria Ferrari, Fritz Graf, and Bruce Lincoln critique many of these past studies and challenge strongly the tradition of privileging the concept of initiation as a tool for studying social performances and literary texts in which changes in status or group membership occur in unusual ways. These new modes of research mark an important turning point in the modern study of the religion and myths of ancient Greece and Rome, making this a valuable collection across a number of classical subjects.

Becoming a Man in Ancient Greece and Rome Jan N.

Bremmer,2021-08-06 In this work Jan N Bremmer brings together articles on Greek and Roman myths and rituals of male initiation which have all been updated and where necessary revised and translated into English The preface sketches the rise of the initiatory paradigm within a wider anthropological and Indo European perspective and discusses the problem of noting ritual elements in mythical reflections The first of two following sections concentrates on initiatory motifs in a series of famous myths such as education by shepherds and wild men Heracles Centaurs travesty Dionysos and Kaineus the defeat of a monster Odysseus vs the Cyclops Oedipus and the Sphinx and warring and wandering groups of young men the Trojan War Meleager Orpheus Theseus and Peirithoos The second section focuses on historical rituals beginning with pederasty and the symposium The author then moves on to the importance of the maternal family and fosterage in the initiatory process before ending with an archaic Latin inscription that reveals the contours of a group of young men in action in the full light of history

Storlie,2001-04-24 Significant new spiritual impulses come into our world through the strivings and invocations of unique men and women who have achieved a close attunement with the invisible guides of humanity known in Hermetic terms as Spiritual Hierarchy The Temple of the Holy Grail is a new spiritual impulse given in the latter quarter of the twentieth century It is a mystery school designed to empower spiritually mature women and men with Hierarchical attunement for esoteric world service Thus Hierarchy has created an initiatic mystery school based not upon secrecy but accessibility and not upon hidden geographical centers but a worldwide virtual platform T H G is not dependent upon secret adepts but upon self empowerment It is focused not merely upon the spiritual achievements of the past but upon the coming generation of spiritually gifted individuals who are attuning themselves to Divine Will and Hierarchy T H G exists to facilitate the empowerment of those spiritually talented individuals who have the potential to contribute wonderful new achievements of soul and spirit for the sake of the New Humanity It is a tool to be used by such people

Mystery Cults in the Ancient World Hugh Bowden,2023-09-19 A landmark study of ancient Greek and Roman cults from the nocturnal mysteries at Eleusis to the cults of Dionysus and Mithras Mystery cults are one of the most intriguing areas of Greek and Roman religion In the nocturnal mysteries at Eleusis participants dramatically reenacted the story of Demeter s loss and recovery of her daughter Persephone in the Bacchic cult bands of women ran wild in the Greek countryside to honor Dionysus in the mysteries of Mithras men came to understand the nature of the universe and their place within it through frightening initiation ceremonies and astrological teachings These cults were an important part of life in the ancient Mediterranean world but their actual practices were shrouded in secrecy Mystery Cults in the Ancient World makes plentiful use of artistic and archaeological evidence as well as ancient literature and epigraphy to reconstruct the sacred rituals and explore their origins Greek painted pottery Roman frescoes inscribed gold tablets from Greek and Southern Italian tombs and the excavated sites of religious sanctuaries all contribute to our understanding of ancient mystery cults Not only is this clearly written book a significant contribution to the study of these cults it is also accessible to a general

readership More than any other book on ancient religion it allows the reader to understand what it was like to participate in these life altering religious events *Tarot and the Path of Initiation* Henry Ho,2013-11 This book came into being from the author s exasperation at the ignorance of many users of the Thoth tarot deck They prefer to go by their intuition rather than study Crowley s companion book to the deck The Book of Thoth It s too dense they cry I m not interested in these philosophies I just want to read Tarot The above sentence is the greatest insult to Aleister Crowley the creator of the Thoth deck For the deck s purpose was to convey the higher mysteries to the diviner Crowley intended for the deck never to be sold separately from the Book of Thoth And so heart full of elitist snobbery and sense of obligation to Crowley the author of this book set out to spoon feed this dense material to the masses without watering down its contents In the spirit of Crowley who sought to enlighten the world the author has added his own contribution to Crowley s legacy out of duty It was due to Crowley s belief in freedom of information during an era of politics and secrecy that the author was able to get his own hands on the gem of all spiritual writing the Book of Thoth *Jesus, the Last Great Initiate* Edouard Schuré,1907 **With the World's People: Greece. Rome. Southern Italy** John Clark Ridpath,1913
