The Innocents Peter J. Neufeld, Barry Scheck, 2003 Photographer Taryn Simon brings us face to face with individuals falsely accused and convicted While mugshots and photo arrays are used to condemn and imprison these innocents Simon has turned the camera around to document these victims of mistaken identity and perverted justice Through Simon's interviews with each the men and women in this book confront the paradox of innocence and imprisonment the inability to recover the years stolen from them and the states unconscionable refusal to compensate them or ease their traumatic transition to civilian life BOOK JACKET Covert Investigation 6e Clive Harfield, Karen Harfield, 2023 The leading practical guide for anyone working in covert investigation presenting clear and concise guidance to ensure that applications for covert investigations are made only in appropriate circumstances and are then undertaken with the utmost integrity The Massacre of the Innocents Warren Carter, 2023-01-30 In *The Massacre of the Innocents* Studies in the Cultural Afterlife of a Gospel Scene Warren Carter examines some fifty instances of the interpretation of the Matthean Massacre of the Innocents Matt 2 16 18 He emphasizes the agency of interpreters who in their particular contexts and media think with the shocking Matthean scene to address the often tragic circumstances of their audiences He argues throughout that the structure of the Gospel scene facilitates this thinking with The scene is structured as a triad of power relations with a tyrant Herod victims infants and parents and violent means of tyranny the massacre Interpreters use this triad of power relations to identify tyrant's victims and means of tyranny in their own situations Carter illustrates the use of this triad of power relations across two millennia in numerous socio political contexts and media as diverse as sermons images poems and hymns dramas and festivals films novels Christmas carols and Children's Bibles **Moral Pluralism and the Complexity of Punishment**

Nicolas Nayfeld, 2023-05-05 This book advances a new interpretation of Hart's penal philosophy. Positioning itself in opposition to current interpretations, the book argues that Hart does not defend a mixed theory of punishment nor a rule utilitarian theory of punishment nor a liberal form of utilitarianism nor a goal constraint approach. Rather, it is argued, his penal philosophy is based on his moral pluralism, which comprises two aspects: value pluralism and pluralism with respect to forms of moral reason. It is held that this means, on the one hand, that criminal law has an irreducible complexity due to the compromises it makes to accommodate competing values, and on the other hand, that there need not be one single justification of punishment. This original interpretation is not based only on Hart's key volume on the subject, *Punishment and Responsibility*, but on a careful reading of his complete works. The book will be a valuable resource for academics and researchers interested in Hart's philosophy, the philosophy of law, and criminal law.

A handbook on the new law of the sea. 2 (1991) René Jean Dupuy, Daniel Vignes, 1991-10-16 The fact that the Montego Bay Convention has been only ratified by 37 States at present and that it will be some time before the 60 ratifications required by Article 308 are achieved has not prevented states from acting in accordance with the rules drawn up by the Conference. Close on one hundred states have established either exclusive economic zones broadly modelled on Part V or 200 nautical mile fishery zones and drawn on the principles laid down for exploiting living resources. Although these laws have been formulated unilaterally by states, international custom since the judgement by the International Court of Justice in the Fisheries Case of 18 December 1951 is derived from concordant national rules. This shift began even before the Conference ended and has been consolidated since then. Moreover, the regime governing the sea bed beyond the limits of national jurisdiction defined by Part XI, which was the stumbling block of the Conference, is subject to transitional arrangements on the basis of two resolutions adopted in the Conference's Final Act: one providing for the establishment of a Preparatory Commission and the other on the preliminary activities of pioneer investors. This two-volume work, an earlier edition of which appeared in French, has been written by a team of experts of international renown. It presents an analysis of the Convention with an additional Chapter on the legal regime governing underwater archaeological and historical objects.
