The Changing Role Of Women In Bengal 1849 1905:

The Changing Role of Women in Bengal, 1849-1905 Meredith Borthwick, 1984-01-01 *The Changing Role of Women in Bengal, 1849-1905* Meredith Borthwick, 2015-12-08 Basing her work on Bengali language sources such as women's journals, private papers, biographies and autobiographies, Meredith Borthwick approaches the lives of women in nineteenth century Bengal from a new standpoint. She moves beyond the record of the heated debates held by men of this period over matters such as widow burning, child marriage and female education to explore the effects of changes in society on the lives of women and to question assumptions about advances prompted by British rule. Focusing on the wives, mothers and daughters of the English educated Bengali professional class, Dr Borthwick contends that many reforms merely substituted a restrictive British definition of womanhood for traditional Hindu norms. The positive gains for women increased physical freedom, the acquisition of literacy and limited entry to non-domestic work, often brought unforeseen negative consequences such as a reduction in autonomy and power in the household. Originally published in 1984, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. *The World of Muslim Women in Colonial Bengal, 1876-1939* S N Amin, 1996 This highly interesting book studies the cultural context of modernisation of middle class Muslim women in late 19th and 20th century Bengal. Its frames of reference are the Bengal Awakening, the Reform Movements, Brahmo, Hindu and Muslim, and the Women's Question as articulated in material and ideological terms throughout the period. Tracing the emergence of the modern Muslim gentlewomen, the bhadramahila, starting in 1876 when Nawab Faizunnesa Chaudhurani published her first book and ending with the foundation in 1939 of The Lady Brabourne College, the book gives an excellent analysis of the rise of a Muslim woman's public sphere and broadens our knowledge of Bengali social history in the colonial period. **Shadow Or Substance** Meredith Borthwick, 1980 The Rays before Satyajit Chandak Sengoopta, 2016-05-04 In the history of Indian cinema, the name of Satyajit Ray needs no introduction. However, what remains unvoiced is the contribution of his forebears and their trust with Indian modernity. Be it in art, advertising and printing technology or in nationalism, feminism and cultural reform, the earlier Rays attempted to create forms of the modern that were uniquely Indian and cosmopolitan at the same time. Some of the Rays, especially Upendrakishore and his son Sukumar, are iconic figures in Bengal. But even Bengali historiography is almost exclusively concerned with the family's contributions to children's literature. However, as this study highlights, the family also played an important role in engaging with new forms of cultural modernity. Apart from producing literary works of enduring significance, they engaged in diverse reformist endeavours. The first comprehensive work in English on the pre-Satyajit

generations The Rays before Satyajit is more than a collective biography of an extraordinary family It interweaves the Ray saga with the larger history of Indian modernity

Colonial masculinity Mrinalini Sinha,2017-03-01 This book is about the processes and practices through which two differently positioned elites among the colonisers and the colonised were constituted respectively as the manly Englishman and the effeminate Bengali It argues that the emerging dynamics between colonial and nationalist politics in the 1880s and 1890s in India is best captured in the logic of colonial masculinity The figures of the manly Englishman and the effeminate Bengali were thus constituted in relation to colonial Indian society as well as to some aspects of late nineteenth century British society These aspects of late nineteenth century British society are the emergence of the New Woman the remaking of the working class the legacy of internal colonialism and the anti feminist backlash of the 1880s and 1890s A sustained focus on the imperial constitution of colonial masculinity therefore serves also to refine the standard historical scholarship on nineteenth century British masculinity The book traces the impact of colonial masculinity in four specific controversies the white mutiny against the Ilbert Bill in 1883 the official government response to the Native Volunteer movement in 1885 the recommendations of the Public Service Commission of 1886 and the Indian opposition to the Age of Consent Bill in 1891 In this book the author situates the analysis very specifically in the context of an imperial social formation In doing so the author examines colonial masculinity not only in the context of social forces within India but also as framed by and framing political economic and ideological shifts in Britain

Domesticity in Colonial India Judith E. Walsh, 2004-05-05 By the 1880s Hindu domestic life and its most intimate relationships had become contested ground For urban middle class Indians the Hindu woman was at the center of a debate over colonial modernity and traditional home and family life This book sets this debate within the context of a nineteenth century world where bourgeois European ideas on the home had become part of a transnational hegemonic domestic discourse a global domesticity But Walsh s interest is more in hybridity than hegemony as she explores what women themselves learned when men sought to teach them through the Indian advice literature of the time As a younger generation of Indian nationalists and reformers attempted to undercut the authority of family elders and create a new patriarchy of more nuclear and exclusive relations with their wives elderly women in extended Hindu families learned that their authority in family life however contingent was coming to an end **A Comparison Between Women and Men** Rosalind
