The Hungry Angel:

The Hungry Angel Roger Vadim, 1983 *The Hunger Angel* Herta Müller, 2012-04-24 A masterful new novel from the winner of the 2009 Nobel Prize hailed for depicting the landscape of the dispossessed with the concentration of poetry and the frankness of prose Nobel Prize Committee It was an icy morning in January 1945 when the patrol came for seventeen year old Leo Auberg to deport him to a camp in the Soviet Union Leo would spend the next five years in a coke processing plant shoveling coal lugging bricks mixing mortar and battling the relentless calculus of hunger that governed the labor colony one shovel load of coal is worth one gram of bread In her new novel Nobel laureate Herta Müller calls upon her unique combination of poetic intensity and dispassionate precision to conjure the distorted world of the labor camp in all its physical and moral absurdity She has given Leo the language to express the inexpressible as hunger sharpens his senses into an acuity that is both hallucinatory and profound In scene after disorienting scene the most ordinary objects accrue tender poignancy as they acquire new purpose a gramophone box serves as a suitcase a handkerchief becomes a talisman an enormous piece of casing pipe functions as a lovers trysting place The heart is reduced to a pump the breath mechanized to the rhythm of a swinging shovel and coal sand and snow have a will of their own Hunger becomes an insatiable angel who haunts the camp but also a bare knuckled sparring partner delivering blows that keep Leo feeling the rawest connection to life Müller has distilled Leo's struggle into words of breathtaking intensity that take us on a journey far beyond the Gulag and into the depths of one man's soul **Rage in the Belly** Luzia Sutter Rehmann, 2021-02-03 How is rage related to hunger Hunger is a liminal experience connected to powerlessness shame and violence Hunger does not issue into speech It cannot therefore be easily found in the biblical texts written by and about people who knew hunger It hides behind the words in these texts Rage conversely finds expression and in the texts it can alert readers to hidden experiences of hunger But rage is not just a response to the lack of food It is also a transformative force reaching towards a justice that is not yet real The experience of hunger and the fear of famine often go hand in hand with anger a rage that can bring whole populations to their feet Luzia Sutter Rehmann develops a biblical hermeneutic that centers on the fire in the belly of the hungry their rage that leads to protests and uprisings Her reading shows the poor or the many as those with whom Jesus cooperates and as subjects acting on their own initiative The book also highlights key socio historical information on the food situation of ancient Rome and Palestine on poverty political dependence and unrest droughts and famines **Holy Extermination** Emmanuel Calderon, 2004-06 And so the god said Let there be darkness The government has found a way to engineer a god The only problem is that a fanatic has released this ultimate force Emmanuel Anderson is a hit man for the Mafia Wean strange creatures appear in San Diego California slaughtering what ever moves he finds his adopted daughter dead Some how he believes another creature is responsible In his quest for revenge he must team up with a group of Marines and an unlikely group of civilians which must face seven plagues which Project Genesis has created around the world *Gracias*

Freedom, Responsibility and Economics of the Person Jérôme Ballet,Damien

Bazin,Jean-Luc Dubois,François-Régis Mahieu,2013-07-31 The capability approach has developed significantly since Amartya Sen was awarded the Nobel Prize in Economics in 1998 It is now recognised as being highly beneficial in the analysis of poverty and inequality but also in the redefinition of policies aimed at improving the well being of individuals The approach has been applied within numerous sectors from health and education to sustainable development but beyond the obvious interest that it represents for the classical economics tradition it has also encountered certain limitations While acknowledging the undeniable progress that the approach has made in renewing the thinking on the development and well being of a population this book takes a critical stance It focuses particularly on the approach s inadequacy vis vis the continental phenomenological tradition and draws conclusions about the economic analysis of development In a more specific sense it highlights the fact that the approach is too bound by standard economic logic which has prevented it from taking account of a key person dimension namely the ability of an individual to assume responsibility As a result this book advocates the notion that if the approach is used carelessly in relation to development policies it can cause a number of pernicious effects some of which may lead to disastrous consequences Due to its multidisciplinary nature this book will be of interest to those working in the fields of economics philosophy development studies and sociology

Hell and the Hunger Mike Reynolds, 2014-06-30 When a vampire loses his love of the hunt he is left with nothing but his hunger That is precisely where Joe finds himself at the beginning of Hell and the Hunger He simply doesn't want to be alive any longer but it hurts too much not to feed Spiraling slowly into a deep pit of melancholy the once proud hunter has been reduced to combing bars for drunken women to feed on Then he finds her Evelyn is a wonderful enigma She lacks the emptiness that normally sits behind the eyes of the humans Joe hunts and awakens longings in him that he hasn't felt in so long they feel foreign He follows her on a journey that leaves him burned battered and nearly dead By the time Joe realizes that there was a reason he and Evelyn were brought together she has been taken With the aid of an old priest in an abandoned cathedral Joe begins to regain his former glory He needs to remember who he was before he became a nightmare lurking in the shadows He will have to fight to the center of Hell and back if he wants to save his one reason in the Universe to live

Eliot's Angels Bernadette Waterman Ward, 2022-06-15 Ren Girard's mimetic theory opens up ways to make sense of the tension between the progressive politics of George Eliot and the conservative moralism of her narratives In this innovative study Bernadette Waterman Ward offers an original rereading of George Eliot's work through the lens of Ren Girard's theories of mimetic desire violence and the sacred It is a fruitful mapping of a twentieth century theorist onto a nineteenth century novelist revealing Eliot's understanding of imitative desire rivalry idol making and sacrificial victimization as critical elements of the social mechanism While the unresolved tensions between Eliot's realism and her desire to believe in gradual social amelioration have often been studied Ward is especially adept at articulating the details of such conflict in Eliot's early novels In particular Ward emphasizes the clash between the ruthless mechanisms of mimetic desire and the idea of progress or as Eliot stated growing good Eliot's Christian sympathy for sacrificial victims against her general rejection of Christianity and her resort to Nemesis to evade the systemic injustice of the social sphere The angels in the title are characters who appear to offer a humanist way forward in the absence of religious belief They are represented in Girardian terms as figures who try to rise above the snares of the mimetic machine to imitate Christ's self sacrifice but are finally rendered ineffectual Very few studies have tackled Eliot's short fiction and narrative poetry Eliot's Angels gives the short fiction its due and it will appeal to scholars of mimetic and literary theory Victorianists and students of the novel
