

THE HUNTING GROUND

The Hunting Ground

Brenda Cossman

The Hunting Ground:

The Hunting Ground Kirby Dick, Amy Ziering, 2016-05-17 The debate over sexual violence on campus is reaching fever pitch from headlines about out of control fraternities to the mattress protests by female students at Columbia University and other colleges The Hunting Ground the new documentary by award winning filmmakers Kirby Dick and Amy Ziering has taken this debate to a new level becoming a galvanizing catalyst for discussion at the hundreds of campuses where the documentary is being screened each month The film has sparked calls for legislation by Governor Andrew M Cuomo of New York and other prominent public figures and sparked a backlash from university administrators fraternities and conservative groups Now in a new companion volume to the film all those concerned about the rape culture on campus will be offered an inside perspective on the controversy as well as reactions to the film from a range of leading writers and guidance on how to learn more and get active As in the film it is the gripping personal stories told by female students and the obstinate refusal of college administrators and law enforcement authorities to recognize the severity of the problem that will rivet readers

The Hunting Ground, 2015 **Beyond Blurred Lines** Nickie D. Phillips, 2016-10-19 From its origins in academic discourse in the 1970s to our collective imagination today the concept of rape culture has resonated in a variety of spheres including television gaming comic book culture and college campuses Beyond Blurred Lines traces ways that sexual violence is collectively processed mediated negotiated and contested by exploring public reactions to high profile incidents and rape narratives in popular culture The concept of rape culture was initially embraced in popular media mass media social media and popular culture and contributed to a social understanding of sexual violence that mirrored feminist concerns about the persistence of rape myths and victim blaming However it was later challenged by skeptics who framed the concept as a moral panic Nickie D Phillips documents how the conversation shifted from substantiating claims of a rape culture toward growing scrutiny of the prevalence of sexual assault on college campuses This in turn renewed attention toward false allegations and away from how college enforcement policies fail victims to how they endanger accused young men Ultimately she successfully lends insight into how the debates around rape culture including microaggressions gendered harassment and so called political correctness inform our collective imaginations and shape our attitudes toward criminal justice and policy responses to sexual violence

The New Sex Wars Brenda Cossman, 2024-12-03 Revisits the sex wars of the 1970s and 80s and examines their influence on how we think about sexual harm in the MeToo era MeToo's stunning explosion on social media in October 2017 radically changed and amplified conversations about sexual violence as it revealed how widespread the issue is and toppled prominent celebrities and politicians But as the movement spread a conflict emerged among feminist supporters and detractors about how punishment should be doled out and how justice should be served The New Sex Wars reveals that these clashes are nothing new Delving into the contentious debates from the 70s and 80s Brenda Cossman traces the striking echoes in the feminist divisions of this earlier period In exploring the history of past conflicts the

resistance to finding common ground the media s pleasure in portraying the debates as polarized cat fights the simplification of viewpoints as pro and anti sex she shows how they have come to shape the MeToo era From the 70s to today Cossman examines tensions between the need for recognition and protection under the law and the colossal and ongoing failure of that law to redress historic injustice By circumventing law altogether MeToo has led us to question whether justice can be served outside of the courtroom Cossman argues for a different way forward one based on reparative models that focus on shared desired outcomes and the willingness to understand the other side Thoughtful and compelling The New Sex Wars explores what can be learned from these stories what traps we repeatedly fall into how we have been denied our anger and where to begin to make law work Comment la Chasse Et la Pêche Peuvent Contribuer À la Conservation de la Nature Et Au Développement Rural Council of Europe,1996-01-01 **The PDMA ToolBook 1 for New Product Development** Paul Belliveau,Abbie Griffin,Stephen Somermeyer,2004-01-16 Alle Stadien der Produktentwicklung von der Idee ber Konzept Design und Produktion bis hin zur Vermarktung und Wartung werden in diesem Band zusammenfassend abgehandelt Sie finden auch Hinweise zum Benchmarking des Entwicklungsprozesses und zum Management des Produktportfolios Die Autoren sind Mitglieder der Product Development and Management Association PDMA und kommen von Unternehmen wie 3M AT T oder KPMG Peat Marwick The Danube River and The Western Black Sea Coast Jürg Bloesch,Bernd Cyffka,Thomas Hein,Cristina Sandu,Nike Sommerwerk,2025-06-27 The Danube River and The Western Black Sea Coast Complex Transboundary Management is a brand new volume in the Elsevier Ecohydrology from Catchment to Coast series The book focuses on the second largest river in Europe and the most transboundary river basin that encompasses 19 countries Chapters focus on changes to the area in the past decade and a way forward Made up of three parts the book starts with an overview covers The Danube River and its recipient the Black Sea including sediment balance water quality hydromorphology and aquatic biodiversity Section two covers the key pressures and implementation of transboundary water management such as aquatic resources invasive species climate change and stakeholder participation Section three assess visions for a sustainable future in the Danube River Basin with a look to applicable sustainability ecosystems human interaction and improving biodiversity through floodplains The book concludes with a summary and outlook Presents spatial maps tables and easy to follow figures in each chapter aiding in a foundational understanding of the topic Provides a fully comprehensive overview including biogeochemistry ecology productivity livelihood socio economic aspects and governance of the river and seacoast Includes specific cases of ecohydrology in the river basin and seacoast **30th Scientific-Experts Conference of Agriculture and Food Industry** Muhamed Brka,Enisa Omanović-Miklićanin,Lutvija Karić,Vedad Falan,Almir Toroman,2020-02-03 This book gathers the proceedings of the 30th Scientific Experts Conference of Agriculture and Food Industry held on September 26 27 2019 in Sarajevo Bosnia and Herzegovina It reports on the application of innovative technologies in food sciences and agriculture and covers research in plant and animal production agricultural
