## **The Idea Of America A Reassessment Of The American Experiment:**

**The Idea of America** Elie Maynard Adams,1977      *The Cambridge History of Jewish American Literature* Hana Wirth-Nesher,2015-12-09 This History offers an unparalleled examination of all aspects of Jewish American literature Jewish writing has played a central role in the formation of the national literature of the United States from the Hebraic sources of the Puritan imagination to narratives of immigration and acculturation This body of writing has also enriched global Jewish literature in its engagement with Jewish history and Jewish multilingual culture Written by a host of leading scholars The Cambridge History of Jewish American Literature offers an array of approaches that contribute to current debates about ethnic writing minority discourse transnational literature gender studies and multilingualism This History takes a fresh look at celebrated authors introduces new voices locates Jewish American literature on the map of American ethnicity as well as the spaces of exile and diaspora and stretches the boundaries of American literature beyond the Americas and the West

**American Credo** Michael Foley,2007-09-13 If America has a claim to exceptionalism American Credo locates it in a little understood ability to engage in deep conflicts over political ideas while at the same time reducing adversarial positions to legitimate derivatives of American history and development      [The Routledge History of American Science](#) Timothy W. Kneeland,2022-12-01 The Routledge History of American Science provides an essential companion to the most significant themes within the subject area The field of the history of science continues to grow and expand into new areas and to adopt new theories to explain the role of science and its connections to politics economics religion social structures intellectual history and art This book takes North America as its focus and explores the history of science in the region both nationally and internationally with 27 chapters from a range of disciplines Part I takes a chronological look at the history of science in America from its origins in the Atlantic World through to the American Revolution the Civil War the World Wars and ending in the postmodern era Part II discusses American science in practice from scientists as practitioners laboratories and field experiences to science and religion Part III examines the relationship between science and power The chapters touch on the intersection of science and imperialism environmental science in U S politics as well as capitalism and science Finally Part IV explores how science is embedded in the culture of the United States with topics such as the growing importance of climate science the role of scientific racism the construction of gender and how science and disability studies converge The final chapter reviews the way in which society has embraced or rejected science with reflections on the recent pandemic and what it may mean for the future of American science This book fills a much needed gap in the history and historiography of American science studies and will be an invaluable guide for any student or researcher in the history of science in America

*The American Experiment and the Idea of Democracy in British Culture, 1776-1914* Ruth Livesey,2016-04-01 In nineteenth century Britain the effects of democracy in America were seen to spread from Congress all the way down to the personal habits of its citizens Bringing together political theorists historians and literary scholars this volume explores the

idea of American democracy in nineteenth century Britain The essays span the period from Independence to the First World War and trace an intellectual history of Anglo American relations during that period Leading scholars trace the hopes and fears inspired by the American model of democracy in the works of commentators including Thomas Paine Mary Wollstonecraft Alexis de Tocqueville Charles Dickens John Stuart Mill Richard Cobden Charles Dilke Matthew Arnold Henry James and W T Stead By examining the context of debates about American democracy and notions of culture citizenship and race the collection sheds fresh light on well documented moments of British political history such as the Reform Acts the Abolition of Slavery Act and the Anti Corn Law agitation The volume also explores the ways in which British Liberalism was shaped by the American example and draws attention to the importance of print culture in furthering radical political dialogue between the two nations As the comprehensive introduction makes clear this collection makes an important contribution to transatlantic studies and our growing sense of a nineteenth century modernity shaped by an Atlantic exchange It is an essential reference point for all interested in the history of the idea of democracy its political evolution and its perceived cultural consequences

**Market and Community** Mark Irving Lichbach, Adam B. Seligman, 2010-11 Social order results from a complex interaction of individual actions institutional structures and cultural norms But just how do they relate to one another and is any one factor predominant The answers that social science has provided reflect the competing paradigms of the rationalist structuralist and culturalist approaches In this innovative book two prominent social scientists coming from competing research traditions attempt to chart a course between them drawing on their respective strengths to present a new model based on a classificatory scheme of market community contract hierarchy The discussion which includes a closing dialogue between the authors covers both methodological and empirical issues with a review of classic theories of revolution and an analysis of the process of relegitimation following the French Revolution and the Dutch Revolt against the Hapsburgs

**Ruthless Hedonism** John O'Brian, 1999-07 Acknowledgments Prologue Matisse and the Culture Generally 1 Journalists Recasting the Image of the Modern Artist 2 Dealers Paul Rosenberg and Matisse 3 Private Collectors Museum Going Millionaires with a Taste for France 4 Museums I Public Relations and the Semiprivate Museum 5 Museums II Private Relations and the Semipublic Museum 6 Artists Contending with the European Modernist Canon 7 Critics Clement Greenberg's Defense of Material Pleasure Epilogue Merchandising Optimism Notes Bibliography Index Copyright Libri GmbH All rights reserved

*Enlightenment, Passion, Modernity* Mark S. Micale, Robert L. Dietle, Peter Gay, 2000 Enriched by the methods and insights of social history the history of mentalities linguistics anthropology literary theory and art history intellectual and cultural history are experiencing a renewed vitality The far ranging essays in this volume by an internationally distinguished group of scholars represent a generous sampling of these new studies

**The Washington Monthly**, 1977 **The Publishers Weekly**, 1977

## Whispering the Techniques of Language: An Emotional Quest through **The Idea Of America A Reassessment Of The American Experiment**

In a digitally-driven earth wherever displays reign supreme and quick communication drowns out the subtleties of language, the profound techniques and psychological nuances concealed within words usually move unheard. Yet, situated within the pages of **The Idea Of America A Reassessment Of The American Experiment** a charming fictional treasure blinking with fresh feelings, lies an exceptional journey waiting to be undertaken. Penned by an experienced wordsmith, this wonderful opus attracts viewers on an introspective journey, delicately unraveling the veiled truths and profound impact resonating within the fabric of each word. Within the psychological depths with this touching review, we will embark upon a genuine exploration of the book's core styles, dissect their captivating publishing design, and yield to the powerful resonance it evokes serious within the recesses of readers' hearts.
